Louis Armstrong Ambassador Satchmo:

Louis Armstrong Jean Gay Cornell,1972 A biography of the famous jazz trumpeter who began his musical career singing songs on New Orleans street corners **Satchmo Blows Up the World** Penny M. Von Eschen,2006-09-30 At the height of the Cold War the U S State Department unleashed an unexpected tool in its battle against Communism jazz From 1956 through the late 1970s America dispatched its finest jazz musicians to win the hearts and minds of the Third World and to counter perceptions of American racism Von Eschen tells this fascinating story Louis Armstrong Terry Lee Collins,2013 Describes the life of Louis Armstrong focusing on his rise as a pop culture icon Provided by publisher The Real Ambassadors Keith Hatschek,2022-02-04 Winner of the 2023 ASCAP Foundation Deems Taylor Virgil Thomson Book Award Recipient of a 2023 Certificate of Merit for Best Historical Research in Recorded Jazz from the Association for Recorded Sound Collections Keith Hatschek tells the story of three determined artists Louis Armstrong Dave Brubeck and Iola Brubeck and the stand they took against segregation by writing and performing a jazz musical titled The Real Ambassadors First conceived by the Brubecks in 1956 the musical s journey to the stage for its 1962 premiere tracks extraordinary twists and turns across the backdrop of the civil rights movement A variety of colorful characters from Broadway impresarios to gang connected managers surface in the compelling storyline During the Cold War the US State Department enlisted some of America s greatest musicians to serve as jazz ambassadors touring the world to trumpet a so called free society Honored as celebrities abroad the jazz ambassadors who were overwhelmingly African Americans returned home to racial discrimination and deferred dreams The Brubecks used this double standard as the central message for the musical deploying humor and pathos to share perspectives on American values On September 23 1962 The Real Ambassadors s stunning debut moved a packed arena at the Monterey Jazz Festival to laughter joy and tears Although critics unanimously hailed the performance it sadly became a footnote in cast members bios The enormous cost of reassembling the star studded cast made the creation impossible to stage and tour However The Real Ambassadors Dave and Iola Brubeck and Louis Armstrong Challenge Segregation caps this jazz story by detailing how the show was triumphantly revived in 2013 by the Detroit Jazz Festival and in 2014 by Jazz at Lincoln Center This reaffirmed the musical s place as an integral part of America s jazz history and served as an important reminder of how artists voices are a powerful force for social change Louis Armstrong Scott Allen Nollen,2004-01-01 Louis Armstrong was not only a virtuoso musician singer composer and actor but also a dedicated writer who typed hundreds of letters and reminiscences carrying a typewriter with him on his constant travels around the globe The man never stopped creating and constantly communicated with friends and acquaintances His unique verbal musical and visual content and style permeated everything he touched Included in this extensive career biography are the major events of his life his artistic innovations and cultural achievements a detailed survey of his recordings and live performances and in depth discussions of his screen performances not only his Hollywood feature film appearances but his performances in short

Old,2014-07-01 Music has been in my blood from the day I was born said Louis Armstrong Author Wendie C Old weaves a rich colorful tapestry of the life of this beloved and brilliant musician known to his fans as Satchmo Louis Armstrong rose from poverty and a troubled childhood to set the music world on fire with his lively trumpet playing and trademark raspy singing voice With a natural talent for showmanship Armstrong won fame while touring around the world and proved to be one of the most extraordinary performers of the Jazz Age and beyond *Satchmo* Louis Armstrong,1986 In all my whole career the Brick House was one of the toughest joints I ever played in It was the honky tonk where levee workers would congregate every Saturday night and trade with the gals who d stroll up and down the floor and the bar Those guys would drink and fight one another like circle saws Bottles would come flying over the bandstand like crazy and there was lots of just plain common shooting and cutting But somehow all that jive didn t faze me at all I was so happy to have some place to blow my horn So says Louis Armstrong a tough kid who just happened to be a musical genius about one of the places where he performed and grew up This raucous rich tale of his early days in New Orleans concludes with his departure to Chicago at twenty one to play with his boyhood idol King Oliver and tells the story of a life that began mythically on July 4 1900 in the city that sowed the seeds of jazz **Music Is My Life** Daniel Stein,2012-05-03 Music Is My Life is the first comprehensive analysis of Louis Armstrong s autobiographical writings including his books essays and letters and their relation to his musical and visual performances Combining approaches from autobiography theory literary criticism intermedia studies cultural history and musicology Daniel Stein reconstructs Armstrong s performances of his life story across various media and for different audiences complicating the monolithic and hagiographic views of the musician The book will appeal to academic readers with an interest in African American studies jazz studies musicology and popular culture as well as general readers interested in Armstrong s life and music jazz and twentieth century entertainment While not a biography it provides a key to understanding Armstrong s oeuvre as well as his complicated place in American history and twentieth century media culture Ella Fitzgerald J. of political strength and purpose The charismatic Kwame Nkrumah who had just won Ghana's independence led a determined appeal for Pan Africanism Young idealistic leaders across the continent as well as African Americans seeking civil rights at home heeded his call Yet a moment that signified a new era of African freedom simultaneously marked a new era of foreign intervention and control In *White Malice* Susan Williams unearths the CIA's covert operations from Ghana to the Congo to the UN which frustrated the attempts of Africa's new generation of nationalist leaders to establish democratic governance These revelations dramatically upend the conventional wisdom that African nations failed to establish effective democratic states on their own accord As the old European powers moved out the US moved in Drawing on original research and recently declassified documents Williams introduces readers to idealistic African leaders and to the secret agents ambassadors and even presidents who deliberately worked against them forever altering the future of a continent

Semi-annual Report President's Special International Program (U.S.), *The State of the American Mind: Stupor and Pathetic Docility* Amechi Okolo PhD, 2010-06-10 This book *The State of the American Mind Stupor and Pathetic Docility* Volume One begins to unravel some of the most obvious perplexing embarrassing and enduring problems and contradictions of American history and sociology viz how could the American revolution that started with the most ringing and most inspiring Declarations of human equality in world history end up establishing the most vicious exploitative society the world ever knew Black chattel slavery and only ten percent white enfranchisement etc Further how could men of such great wisdom and intellect like George Washington James Madison Thomas Jefferson and others who were Enlightenment scholars and clearly knew that slavery was despicable and evil because they had variously experienced white servitude and slavery themselves collude to establish and institutionalize the horrible system of Negro chattel slavery in America and also disenfranchised over 90 percent of people of their own race actions that racism could not explain The structural institutional slavery system they established and the resultant consequent racism hobbles America today as it did in the past and forced Eric Holder the Attorney General to declare that America is a nation of cowards when it comes to race discussions Thus this book starts with serious critical discussions of race in America and reveals what no textbook has ever done viz that most early American whites and Blacks were slaves an uncomfortable fact that would shock most Americans because it contradicts the orthodoxy or the dominant narrative that only Blacks were brought here in chains Further the book also shows the year Black slavery started something almost all textbooks got wrong It also shows who was the first Black slave in America something no textbook ever mentions It also shows when and how racism started in America and many other very sensitive and embarrassing but necessary issues that America avoids but must be frankly discussed for America to move forward This book therefore shatters the two dominant themes of America's history and sociology that Blacks were brought into America in chains as slaves while whites came to America in search of freedom as Obama famously told us in his race speech Thus the crowning lesson of this book in addition to discussing some critical policy issues like education health care etc is that it

discovers the centripetal force of the American society that eluded contemporary Americans because American bosses have laboriously concealed the facts from the public the scary but clearly healthy uniting fact that most Americans are united by their common ancestry their universal history and experience of servitude bond indentures and slavery Nothing is more universal more common and more shared in American history and sociology than the fact that most of our ancestors black and white were servants bond indentures and slaves who were dominated and super exploited by few overlords Colonial America was the preferred dumping ground for British outcasts rejects criminals masterless class vagabonds bond indentures slaves etc until 1776 when Australia replaced America as the British dump for its rejects and surplus citizens Thus that America was a nation founded by British rejects and losers is inherently more rational than the prevailing orthodoxy or the Obama theory of Americas founders that they were great honorable men who journeyed across the ocean for freedom because of the obvious reason that good powerful achieving citizens do not normally emigrate to new uncharted lands

Nixon's Secrets Roger Stone, 2014-08-11 Learn the inside scoop on Watergate the Ford Pardon and the 18 minute Gap Roger Stone The New York Times bestselling author of *The Man Who Killed Kennedy* the Case Against LBJ gives the inside scoop on Nixon's rise and fall in Watergate in his new book *Nixon's Secrets* Stone charts Nixon's rise from election to Congress in 1946 to the White House in 1968 after his razor thin loss to John Kennedy in 1960 his disastrous campaign for Governor of California in 1962 and the greatest comeback in American Presidential history Just as the assassination of JFK prevents a balanced analysis of Kennedy and his times the myth of Watergate prevents a reappraisal of our 37th President said Stone who's book on LBJ was the second biggest selling book during the 50th anniversary of Kennedy's murder Stone reveals how the Kennedy's wiretapped Nixon's hotel room the night before the Nixon Kennedy debate and stole Nixon's medical records from his psychiatrist's office Stone lays out how Kennedy running mate Lyndon Johnson stole Texas from JFK through vote fraud while Mayor Richard Daley stole Illinois and how JFK actually lost the popular vote Stone looks at the Nixon Presidency the desegregation of the public schools the progressive social programs Nixon's struggle to end the war in Vietnam the historic SALT arms reduction agreement with Russia the saving of Israel in the Six Days War the opening to China and the disastrous decision to take America off the Gold standard The mainstream media's interpretation of the facts surrounding the Watergate episode are a fantastic and grotesque distortion of historical truth said Stone cursory examination of the facts in Watergate will reveal that the actions which caused the fall of Nixon cannot be reduced to the simplistic account summarized by Bob Woodward and Carl Bernstein of the Washington Post The author outlines how White House Counsel John Dean planned pushed and covered up the Watergate break in then sought to avoid responsibility for it Stone examines the bungled Watergate break in to determine what exactly Nixon's agents were looking for and how the CIA infiltrated the burglar team and sabotaged the break in to gain leverage over Nixon Find out why Nixon demanded the CIA turn over the records of the Bay of Pigs and Kennedy Assassination Learn how a cabal of military and intelligence hard liners

spied on and undermined Nixon to stop his pro peace détente foreign policy his withdrawal of troops from Vietnam his arms limitation agreement with the Soviets and his opening to Red China Discover how Vice President Spiro Agnew was setup to move him out of the line of presidential succession Stone makes the compelling case that General Alexander Haig orchestrated Nixon's removal from office in a coup d'état and brokered the deal for his pardon Finally the public will learn what is on the 18 minute gap in the White House Tapes Stone a Washington Insider for forty years outlines why FBI Man Mark Felt is not deep throat why there is no deep throat and why Bob Woodward and Carl Bernstein lie about it even today Stone reveals how Nixon used the dark secrets he knew to avoid prosecution by blackmailing Gerald Ford for a full free and unconditional pardon Nixon's secret would not only destroy his presidency it would save him from prison and allow him to launch his final comeback advising President Bill Clinton on Foreign Affairs despite Hillary's attempts to block him and her being fired from the 1974 House Impeachment Committee for lying and violating Nixon's rights Louis Armstrong Ilse Storb,1999 This biography of Louis Armstrong gives a vivid and informative description of his personality encompasses jazz history along with his life and traces his musical development by way of numerous easy to grasp analyses and insights into his music **The Encyclopedia of Popular Music** Colin Larkin,2011-05-27 This text presents a comprehensive and up to date reference work on popular music from the early 20th century to the present day
