*Love and Politics* Fiona Mackay, 2001-08-02 This volume is the first to use insights from recent feminist theory on the ethic of care to study the slow progress women have made toward political equality Using empirical case study materials including her own interviews with female politicians Mackay examines care as both a political practice and a political idea using it to explain the current situation with regard to women's representation and to offer a prescription and resource for change

**Love and Politics** Jeffery L. Nicholas, 2021-06-07 In *Love and Politics* Jeffery L. Nicholas argues that Eros is the final rejection of an alienated life in which humans are prevented from developing their human powers Eros in contrast is an overflowing of acting into new realities and new beauties a world in which human beings extend their powers and senses Nicholas uniquely interprets Alasdair MacIntyre's Revolutionary Aristotelianism as a response to alienation defined as the divorce of fact from value However this account cannot address alienation in the form of the oppression of women or people of color Importantly it fails to acknowledge the domination of nature that blackens the heart of alienated life Alienation must be seen as a separation of the human from nature Nicholas turns to Aristotle first to uncover the way his philosophy embodies a divorce of human from nature then to reconstruct the essential elements of Aristotle's metaphysics to defend a philosophical anthropology based on Eros *Love and Politics* Persistent Human Desires as a Foundation for Liberation presents a critical theory that synthesizes MacIntyre's Revolutionary Aristotelianism Frankfurt School Critical Theory and Social Reproduction Theory It will be of great interest to political theorists and philosophers

Of Love and Politics Tuhin A. Sinha, 2012-03-12 What happens when the political drama that unfolds in the country's corridors of power spills over to a complicated personal bond between three young people Aditya like the Congress party he belongs to tends to be elitist and aristocratic Brajesh Ranjan like his party the BJP swears by an overtly nationalist agenda and Chaitali Sen like the CPI M she represents swears by the underpowered In this page turning book set in the thick of political party manoeuvring and against the backdrop of India's nuclear deal the author writes a riveting story about love and relationships that are made and broken by the ideologies of the political parties that each of these three protagonists represent It takes a horrific incident like 26/11 to make each of them realize the shortcomings of the parties they swear by and to look at the larger picture

Ethics Politics Protrepticus Magna Moralia

**Everyday Ethics and Social Change** Anna Lisa Peterson, 2009 Americans increasingly cite moral values as a factor in how they vote but when we define morality simply in terms of a voter s position on gay marriage and abortion we lose sight of the ethical decisions that guide our everyday lives In our encounters with friends family members nature and nonhuman creatures we practice a nonutilitarian morality that makes sacrifice a rational and reasonable choice Recognizing these everyday ethics Anna L Peterson argues helps us move past the seemingly irreconcilable conflicts of culture and refocus on issues that affect real social change Peterson begins by divining a second language for personal and political values a vocabulary derived from the loving and mutually beneficial relationships of daily life Even if our interactions with others are fleeting and fragmentary they provide a viable alternative to the contractual and atomistic attitudes of mainstream culture Everyday ethics point toward a more just humane and sustainable society and to

acknowledge moments of grace in our daily encounters is to realize a different way of relating to people and nonhuman nature an alternative ethic to cynicism and rank consumerism In redefining the parameters of morality Peterson enables us to make fundamental problems such as the distribution of wealth the use of public land and natural resources labor and employment policy and the character of political institutions the preferred focus of debate and action **Dream Lovers**

Alfie Bown,2022-05-20 We are in the middle of a desirevolution a fundamental and political transformation of the way we desire as human beings Perhaps as always new technologies with their associated and inherited political biases are organising and mapping the future What we don t seem to notice is that the primary way in which our lives are being transformed is through the manipulation and control of desire itself Our very impulses drives and urges are gamified to suit particular economic and political agendas changing the way we relate to everything from lovers and friends to food and politicians Digital technologies are transforming the subject at the deepest level of desire re mapping its libidinal economy in ways never before imagined possible From sexbots to smart condoms fitbits to VR simulators and AI to dating algorithms the love industries are at the heart of the future smart city and the social fabric of everyday life This book considers these emergent technologies and what they mean for the future of love desire work and capitalism Narrating Love and Violence

Himika Bhattacharya,2017-12-28 Narrating Love and Violence is an ethnographic exploration of women s stories from the Himalayan valley of Lahaul in the region of Himachal Pradesh India focusing on how both love and violence emerge or function at the intersection of gender tribe caste and the state in India Himika Bhattacharya privileges the everyday lives of women marginalized by caste and tribe to show how state and community discourses about gendered violence serve as proxy for caste in India thus not only upholding these social hierarchies but also enabling violence The women in this book tell their stories through love articulated as rejection redefinition and reproduction of notions of violence and solidarity Himika Bhattacharya centers the women s narratives as a site of knowledge beyond love and beyond violence This book shows how women on the margins of tribe and caste know both love and violence as agents wishing to re shape discourses of caste tribe and community *Love and Poetry in the Middle East* Atef Alshaer,2021-12-30 Love has been an important trope in the

**Greatness (Routledge Revivals)** Roslyn Wallach Bologh, 2009-12-15 This work first published in 1990 reissues the first thorough examination of the essentially masculine nature of Max Weber's social and political thinking Through a detailed examination of his central texts the author demonstrates Weber's masculine reading of social life and shows how his work advocates a masculine form of life that poses a challenge to contemporary women and to feminism In particular she addresses the patriarchal implications of Weber's belief in the need to relegate the ethic of brotherly love to a private sphere in order to make possible rational action and the achievement of greatness in the public sphere *Love and Justice* Reinhold Niebuhr, 1992-01-01 Niebuhr is renowned for his unflinching honesty concerning issues of social ethics specifically love and justice His influence is great both inside and outside the Christian church Now 64 of Niebuhr's important pieces about the problems of humanity and society are compiled in this single volume **Shakespeare's Roman Trilogy** Paul A. Cantor, 2017-06-28 Paul A Cantor first probed Shakespeare's Roman plays Coriolanus Julius Caesar and Antony and Cleopatra in his landmark Shakespeare's Rome 1976 With Shakespeare's Roman Trilogy he now argues that these plays form an integrated trilogy that portrays the tragedy not simply of their protagonists but of an entire political community Cantor analyzes the way Shakespeare chronicles the rise and fall of the Roman Republic and the emergence of the Roman Empire The transformation of the ancient city into a cosmopolitan empire marks the end of the era of civic virtue in antiquity but it also opens up new spiritual possibilities that Shakespeare correlates with the rise of Christianity and thus the first stirrings of the medieval and the modern worlds More broadly Cantor places Shakespeare's plays in a long tradition of philosophical speculation about Rome with special emphasis on Machiavelli and Nietzsche two thinkers who provide important clues on how to read Shakespeare's works In a pathbreaking chapter he undertakes the first systematic comparison of Shakespeare and Nietzsche on Rome exploring their central point of contention Did Christianity corrupt the Roman Empire or was the corruption of the Empire the precondition of the rise of Christianity Bringing Shakespeare into dialogue with other major thinkers about Rome Shakespeare's Roman Trilogy reveals the true profundity of the Roman Plays **Social Love and the Critical Potential of People** Silvia Cataldi, Gennaro Iorio, 2022-09-23 This book unveils the concept of social love as a kind of Karst River that flows through the history of sociology reassessing it as a form criticism by people in everyday life Adopting an interdisciplinary perspective this book offers both theoretical and empirical reflections on social love It shows that love is not only central to the human experience but that it can also help to interpret and intervene in social problems such as climate change poverty xenophobia and the post Covid crisis recognizing people as actors in social change It explores the idea of love as a key element in the promotion of solidarity and recognition in today's plural and unequal societies Based on empirical research on social love conducted through both qualitative and quantitative methods especially in Europe and Latin America this book explores the social dimension of love Providing overviews on key questions and studies on current issues the book is essential reference and resource for researchers students social workers and professionals in social
