Williams, 2011-03-15 In *Rich Man's War* historian David Williams focuses on the Civil War experience of people in the Chattahoochee River Valley of Georgia and Alabama to illustrate how the exploitation of enslaved blacks and poor whites by a planter oligarchy generated overwhelming class conflict across the South eventually leading to Confederate defeat This conflict was so clearly highlighted by the perception that the Civil War was a rich man s war and a poor man s fight that growing numbers of oppressed whites and blacks openly rebelled against Confederate authority undermining the fight for independence After the war however the upper classes encouraged enmity between freedpeople and poor whites to prevent a class revolution Trapped by racism and poverty the poor remained in virtual economic slavery still dominated by an almost

**Love and Grief During the Riots and War** C. M. Hope, 2010-03-04 This novel Love and Grief narrates the effect which the harsh and oppressive social and economic conditions of the 1920s and 1930s had on the working class in Barbados. It details the events which led the workers to riot to show how aggrieved they had become by the conditions they had to endure. The novel emphasizes how the conditions strained relationships in a fictional family i.e. The Wards. Mr Ward made a remark which indiscretely questioned the dispensing of justice to a rioter. Because of his indiscretion he had to leave the island to find employment on one of the Lady Boats which carried cargo and passengers between Canada and the British West Indian islands. The outbreak of the Second World War found him on the high seas in one of the boats which the German U Boats eventually torpedoed and in which he perished.
