Friends John M. Najemy,2019-01-15 *Between Friends* offers the first extended close reading of the most famous epistolary dialogue of the Renaissance the letters exchanged from 1513 to 1515 by Niccolo Machiavelli and Francesco Vettori John Najemy reveals the literary richness and theoretical tensions of the correspondence the crucial importance of the dialogue with Vettori in Machiavelli s emergence as a writer and political theorist and the close but complex relationship between the letters and Machiavelli s major works on politics Unlike previous and mostly fragmentary treatments of the correspondence this book reads the letters as a continuously developing collaborative text in which problems of language and interpretation gradually emerge as the critical issues Najemy argues that Vettori s skeptical reaction to Machiavelli s first letters on politics and provoked Machiavelli into a defense of language s power to represent the world a notion that soon become the underlying assumption of *The Prince* Later and largely through an apparently whimsical exchange of letters on love and the foibles of eros Vettori led Machiavelli to confront the power of desire in language which opened the way for a different essentially poetic approach to writing about politics that surfaces for the first time in the pages of the *Discourses on Livy* John M Najemy is Professor of History at Cornell University He is the author of *Corporatism and Consensus in Florentine Electoral Politics 1280-1400* North Carolina Originally published in 1993 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Inspiration* *Between Friends* S L Atkins,2012-01-09 This journey began as daily inspirations that we wrote to encourage each other as we went through our individual trials It is our hope that you will also be encouraged that you will find peace and strength in God s love knowing with absolute certainty that no matter what difficulty you are experiencing God is with you He is in control and you can place your absolute trust in Him God has promised to never leave us nor forsake us Nothing and no one can separate us from His love He is the One and only true God the First and the Last the Beginning and the End the Alpha and the Omega Without Him we can do nothing but with Him all things are possible because He who is in us is greater than he who is in the world God s grace and mercy towards us is infinite sufficient and totally undeserved We will never be perfect and there will be times when we fall but we will also get up We are accountable for our actions We can talk with God at any time day or night He is never too busy and even though He carries the weight of the world on His shoulders He is still willing to add our burdens to that weight No matter how the rest of the world chooses to view our Heavenly Father we will worship the Lord **Between Friends** Debbie Macomber,2008-11-01 *Friendship's Bonds* Richard Dellamora,2004-08-31

Masculinity and Queer Desire in Spanish Enlightenment Literature Mehl Allan Penrose,2016-05-06 In *Masculinity and Queer Desire in Spanish Enlightenment Literature* Mehl Allan Penrose examines three distinct male figures each of which was represented as the Other in eighteenth and early nineteenth century Spanish literature The most common configuration of non normative men was the petimetre an effeminate Francophile male who figured a failed masculinity a dubious sexuality and an invasive French cultural presence Also inscribed within cultural discourse were the bujarr n or sodomite who participates in sexual relations with men and the

Arcadian shepherd who expresses his desire for other males and who takes on agency as the voice of homoerotica Analyzing journalistic essays poetry and drama Penrose shows that Spanish authors employed queer images of men to engage debates about how males should appear speak and behave and whom they should love in order to be considered real Spaniards Penrose interrogates works by a wide range of writers including Luis Ca uelo Ram n de la Cruz and F lix Mar a de Samaniego arguing that the tropes created by these authors solidified the gender and sexual binary and defined and described what a queer man was in the Spanish collective imaginary Masculinity and Queer Desire engages with current cultural historical and theoretical scholarship to propose the notion that the idea of queerness in gender and sexuality based on identifiable criteria started in Spain long before the medical concept of the homosexual was created around 1870 **Friendship and**

In God's Image Peter A. Comensoli,2018-04-24 In God s Image Recognizing the Profoundly Impaired as Persons is a bold Catholic argument in defense of the profoundly impaired While a range of theological voices can now be heard speaking up on behalf of those who live their lives at the extremes of the human condition few voices have been explicitly Catholic Comensoli draws on the irreplaceable contribution of St Thomas Aquinas to forge an engagement with one of the leading thinkers in the theology of the disabled Professor Hans Reinders While recognizing the crucial contribution that Reinders has made Comensoli situates our perception of the cognitively impaired within the horizon of God s own image refusing a reduction of the substantialist position the Catholic tradition has always valued This is linked to the fresh and countercultural community life pioneered by Jean Vanier founder of the L Arche communities For Comensoli the profoundly impaired are persons whose personhood cannot be recognized outside of the condition of their impairment and through which God s Image is perceived in all its paradoxical implications
