**It's All About Love** Fran Wellgood, 2019-04-25 What if we loved ourselves more than we

could imagine We are told to love ourselves but we don't know how or even why What if we learned actual techniques that helped us love ourselves and align our energy with our Higher Self and the Universe for a more joyous life It's possible and it just takes willingness and practice When we learn and use real tools we are better able to surf the waves of life and meet life with grace When we learn how we are resisting loving ourselves and learn how to allow the love we are to flow through us we utilize the buoyant loving energy of the Universe to flow more smoothly and joyously through life Everything is energy including us When our energy is in balance and flows smoothly we feel harmonious peaceful and aligned with our true nature our Higher Self part of the Universe This is our natural state Daily life often seems to interrupt our connection with our true state of being By working with our energy and metaphysical principles we can remember who we really are we realign with our true self which is pure Love and experience the ease peace and joy that results Metaphysics is about using the energy we are beyond our body in a practical way while we are in this body By understanding that we are both human and Divine and having compassion for how challenging it is to live in this world we begin to understand Love the most powerful force in the Universe This is not mysterious this is very real and very available to each of us The keys to healing are Love and Willingness The keys are yours for the taking *Love and a bottle.
