Love in Relief (L'amour en Relief) Guy Hocquenghem, 1986 *Love in Relief (L'amour en Relief)* Guy Hocquenghem, 1986 **Between Men and Feminism (RLE Feminist Theory)** David Porter, 2013-05-20 Between Men and Feminism had its origins in a lively colloquium at St John's College Cambridge in 1990. It discusses how two decades of feminism have affected the ways men define their own masculinities and how they have responded in their own social, sexual and political lives to the challenges posed by the evolving feminist critiques of patriarchy and maleness itself. The collection contains a great diversity of approaches from Britain and North America. It includes viewpoints from academics, a poet, an educational researcher and the members of an active men's group. Gay issues feature prominently as do psychoanalytical views and a number of the pieces provide a refreshingly personal and practical outlook. Between Men and Feminism shows men finding their own way within the spaces feminism has opened to them, rediscovering their own gendered voices and participating in the transformation of controlling ideologies in their daily lives. These very readable accounts will appeal not only to students in the social sciences and gender studies but to all men who find themselves responding to the feminist challenge.

Written by some of the most famous names in the field as well as new researchers, this is intended as a reference for students and scholars in all areas of study as well as the general public.

Love-“L'Amour” ... Translated ... by J. W. Palmer Jules Michelet,1860 *Ancient Marbles in Naples in the Eighteenth Century* Eloisa Dodero,2019-09-16 In *Ancient Marbles in Naples in the Eighteenth Century* Eloisa Dodero aims at documenting the history of numerous private collections formed in Naples during the 18th century with particular concern for the Neapolitan marbles and the circumstances of their dispersal Research has thus made it possible to formulate a synthesis of the collecting dynamics of Naples in the 18th century to define the interest of the great European collectors especially British in the antiquities of the city and its territory and to draw up a catalogue which for the first time brings together the nucleus of sculptures reported in the Neapolitan collections or coming from irregular excavations most of which shared the destiny of dispersal in some cases here traced in definitive fashion *Re-Viewing Thomas Holcroft, 1745-1809* A.A. Markley,2016-04-08 Thomas Holcroft was a central figure of the 1790s whose texts played an important role in the transition toward Romanticism In this the first essay collection devoted to his life and work the contributors reassess Holcroft s contributions to a remarkable range of literary genres drama poetry fiction autobiography political philosophy and to the project of revolutionary reform in the late eighteenth century The self educated son of a cobbler Holcroft transformed himself into a popular playwright influential reformist novelist and controversial political radical But his work is not important merely because he himself was a remarkable character but rather because he was a hinge figure between laboring Britons and the dissenting intelligentsia between Enlightenment traditions and developing Romantic concerns and between the world of self made hack writers and that of established critics Enhanced by an updated and corrected chronology of Holcroft s life and work key images and a full bibliography of published scholarship this volume makes way for more concerted and focused scholarship and teaching on Holcroft Taken together the essays in this collection situate Holcroft s self fashioning as a member of London s literati his central role among the London radical reformers and intelligentsia and his theatrical innovations within ongoing explorations of the late eighteenth century public sphere of letters and debate **The Atheneum** ,1827 **Spirit of the English Magazines** ,1827
