the Mystery of God's Eternal Oath is that message If you are searching for more meaning in your Christian walk you will be

Married a Virgin Rutendo Samantha Nazitwere,2016-02-29 At a young age the Lord told me that I would write books and that my first book would be a testimony of how the Lord helped me to get married a virgin he said it was going to be my duty to tell other ladies to walk in purity because that is what he desires for them all At that age I did not even know I would get married a virgin but anything the Lord says comes to pass Married a Virgin hopefully will help young women understand why the Lord desires us to walk in purity and resist the lusts of the flesh 1 John 2:16 A lot of young people today have multiple sexual partners and they do not understand that they are sinning against their own bodies and in the process forming ungodly soul ties Children as young as 10 are sexually active because society does not dispute immorality Engaging in sexual activity is actually viewed as a norm As a counselor I have spoken to a lot of young children and this is their view The social media movies and music portray sex in various forms thereby creating curiosity to explore sex at a premature age Guidance counsel and advice are therefore important in a young person's life Corinthians 6:18 says Keep on running away from sexual immorality Any other sin that a person commits is outside his body but the person who sins sexually sins against his own body There are many Christian women who are struggling with sex outside marriage but the Lord Jehovah is willing to forgive those who truly repent and change their lifestyles God showed me a vision that made me understand the dangers of having sex outside of marriage in this generation A lot of immorality is taking place in the world today I do not think I am better than anyone else but my goal is to help people understand the importance of abiding by God's commandments **The Globalization of Addiction** Bruce K. Alexander,2008-07-03 The Globalization of Addiction presents a radical rethink about the nature of addiction Scientific medicine has failed when it comes to addiction There are no reliable methods to cure it prevent it or take the pain out of it There is no durable consensus on what addiction is what causes it or what should be done about it Meanwhile it continues to increase around the world This book argues that the cause of this failure to control addiction is that the conventional wisdom of the 19th and 20th centuries focused too single mindedly on the afflicted individual addict Although addiction obviously manifests itself in individual cases its prevalence differs dramatically between societies For example it can be quite rare in a society for centuries and then become common when a tribal culture is destroyed or a highly developed civilization collapses When addiction becomes commonplace in a society people become addicted not only to alcohol and drugs but to a thousand other destructive pursuits money power dysfunctional relationships or video games A social perspective on addiction does not deny individual differences in vulnerability to addiction but it removes them from the foreground of attention because social determinants are more powerful This book shows that the social circumstances that spread addiction in a conquered tribe or a falling civilisation are also built into today's globalizing free market society A free market society is magnificently productive but it subjects people to irresistible pressures towards individualism and competition tearing rich and poor alike from the close social and spiritual ties that normally constitute

human life People adapt to their dislocation by finding the best substitutes for a sustaining social and spiritual life that they can and addiction serves this function all too well The book argues that the most effective response to a growing addiction problem is a social and political one rather than an individual one Such a solution would not put the doctors psychologists social workers policemen and priests out of work but it would incorporate their practices in a larger social project The project is to reshape society with enough force and imagination to enable people to find social integration and meaning in everyday life Then great numbers of them would not need to fill their inner void with addictions **The Scientific**

American Book of Love, Sex and the Brain Judith Horstman, Scientific American, 2011-11-15 Who do we love Who loves us And why Is love really a mystery or can neuroscience offer some answers to these age old questions In her third enthralling book about the brain Judith Horstman takes us on a lively tour of our most important sex and love organ and the whole smorgasbord of our many kinds of love from the bonding of parent and child to the passion of erotic love the affectionate love of companionship the role of animals in our lives and the love of God Drawing on the latest neuroscience she explores why and how we are born to love how we are hardwired to crave the companionship of others and how very badly things can go without love Among the findings parental love makes our brain bigger sex and orgasm make it healthier social isolation makes it miserable and although the craving for romantic love can be described as an addiction friendship may actually be the most important loving relationship of your life Based on recent studies and articles culled from the prestigious Scientific American and Scientific American Mind magazines The Scientific American Book of Love Sex and the Brain offers a fascinating look at how the brain controls our loving relationships most intimate moments and our deep and basic need for connection **The Practical Answer** Richard Hewitt, 2001-07 An interesting exciting route to wisdom *Hermetalepticon*

Greg Castle, 2014-08-11 THE HERMETALEPTICON A Mythological Journey in the Epic Poetry Tradition through the width and breadth of world culture and Archaeological Proto Civilization Establishing a connective narrative arc to the Atlantean Flood Destruction Cycle and the mysterious origins of Mythological Antediluvian Legends that have subsequently come down to us throughout the ages In an often fascinating similarity among disparate geographically isolated societies yet consistent in their oral and written traditions Recounting these tales now from that Universal Ontological Perspective of the Surviving Tales of the Biblical Flood The Hermetalepticon is also complimented with a compendium of Illustrations making it a unique literary and artistic modern statement Thus drawing upon the most ancient collected Mythic Tales ever recorded at the dawn of human history at the tumultuous conception of the earliest rise and inspired expression of World Civilization *Five Books of Spirituality* Benny Tucker, 2015-10-09 For the First Time ever all five books written by Benny Tucker are now available in one volume Very popular Christian Letters is book one Book two Let the World Prepare this is based on Revelations and the end times Book three God Man Death and then the Judgment this book reveals the story of the bible in a simple and easy to understand method Book four Sin and Man explains the penalty of sin and that all of mankind are sinners

but God rescued us through Jesus Christ Book five Standing against Satan is the newest book and it is based on Ephesians 6 and the armor of God In this study we see that we are no match for Satan s power but with the armor of God as our defense and the Sword of the Spirit God s word we are ready to go on the offense against him the devil Now you can have all five books for simple easy price Individual books are also still available **The Globalization of Addiction** Bruce Alexander, 2010-03-04 Addiction is increasing all around the world and the conventional remedies don t work The Globalization of Addiction argues that the cause of this failure to control addiction is that past treatments have focused too single mindedly on the afflicted individual addict This book presents a radical rethink about the nature of addiction
