Prayers for Affirmation Revd Elijah Turner, 2024-12-05

Prayer has long been an essential part of many spiritual practices For centuries people have turned to prayer as a way to connect with a higher power seek guidance and express gratitude However one form of prayer that has grown increasingly popular in recent years is affirmative prayer This type of prayer is not about asking for something outside ourselves but rather about affirming our connection with the Divine and recognizing the abundance and blessings that are already present in our lives Affirmative prayer is about speaking words of truth and power over ourselves our circumstances and our relationships It is a prayer of affirmation which means that we state what we know to be true about ourselves and the world trusting that by affirming these truths we invite more of them into our experience It is based on the belief that words have power Words when spoken with intention and faith can create new realities heal wounds and transform our lives in profound

ways In this eBook we will explore how prayer and affirmations can work together to create a life filled with peace abundance love and purpose Affirmations are more than just positive thinking they are a form of prayer that acknowledges the presence of divine power within and around us The chapters ahead will guide you through different areas of life where affirmative prayer can be used for transformation Whether you are seeking peace of mind healing for your body financial prosperity or harmonious relationships this eBook will provide you with prayers and affirmations that you can use every day to create the life you desire You will learn how to use the power of your words to affirm your worth to manifest your dreams and to align yourself with the Divine s infinite possibilities This collection of prayers for affirmation will not only offer you words to speak but will also guide you in understanding how these words can shape your reality By incorporating these prayers into your life you will experience a shift in your consciousness leading to greater joy fulfillment and empowerment Before diving into the specific areas where affirmations can be applied it is important to understand the concept of affirmative prayer itself Affirmative prayer is rooted in the idea that God or whatever higher power you believe in is always present and that the power of this presence is always available to you You do not need to beg for help or seek approval Instead you affirm that you are already a part of this divine energy and through your words you align yourself with this truth As you embark on this journey of prayer and affirmation remember that you are not alone The Divine is with you always ready to guide and support you The words you speak are powerful and when used with faith and conviction they can help you transform your life Let each prayer be a reminder of your strength your worth and the infinite possibilities that lie before you

Inner and Outer Meanings of New Testament Singh M Parashar, 2018-11-07 The God Christ is different from the historical Christ Without a ban on celibacy and asceticism Christianity will die and disappear from the earth Most of the teachings given by Christ are meant for sages and saints living in the monasteries and they are not meant for the common man living in the street The employers say No work no pay but God says No work no grace According to inner meanings the dead body of Christ was shifted from the old tomb to a new tomb by one of his followers A belief in resurrection of Christ is false God and nature are two different and independent realities in the world Our libido is created by all the instinct found in human race and in our animal ancestors The major part of conscience is

acquired from society However a minority of conscience is innate and transmitted into us from our animal ancestors The altruist apes preferred to face the tiger and protect their females and offspring The egoistic ape preferred to run away from the tiger The interbreeding of altruistic apes and egoistic apes created in man a conflict between good and evil We can know the difference between right and wrong by the rule of substitution The sense of space is created by the inverse square law There is only a phenomenal aestheticism and there is no transcendental aestheticism The world is eternal It is claimed that a woman with six or more breasts can descend on earth either by scientific means or by confining the marriages between those families that give birth to two or more children at one time This work has been dedicated to martyr Nathuram Vinayak Godse
