Sacred Fire: An Anthology of African American Sermons, 1750 to the Present Martha Simmons, Frank A.

Thomas, 2010-08-16 One hundred sermons that display the victorious although sometimes painful historical and spiritual pilgrimage of black people in America A groundbreaking anthology Preaching with Sacred Fire is a unique and powerful work It captures the stunning diversity of the cultural and historical legacy of African American preaching more than three hundred years in the making Each sermon as editors Martha Simmons and Frank A Thomas reveal is a work of art and a lesson in unmatched rhetoric The journey through this anthology which includes selections from Jarena Lee Frederick Douglass Malcolm X Martin Luther King Jr Gardner C Taylor Vashti McKenzie and many others offers a rare view of the unheralded role of the African American preacher in American history The collection provides new insights into the underpinnings of the black fight for emancipation and the rise and growth of the Civil Rights and Black Power movements Sermons from the first decade of the twenty first century point toward the future of African American preaching Biographies of the preachers put their work in the cultural and homiletic context of their periods The preachers of these sermons are men and women from a range of faiths ancestries and educational backgrounds They draw on a vast and luminous landscape of poetic language using metaphor rhythm and imagery to communicate with their congregations What they all have in common is hope resilience and sacred fire Even during the most difficult and oppressive times Simmons and Thomas write in the preface the delivery creativity charisma expressivity fervor forcefulness passion persuasiveness poise power rhetoric spirit style and vision of black preaching gave and gives hope to a community under siege This magnificent work beautifully renders the complexity spiritual richness and strength of African American life Preaching to Second Generation Korean Americans Matthew D. Kim, 2007 This in depth study on preaching to second generation Korean Americans the first of its

kind is based on empirical and ethnographic fieldwork Matthew D Kim conducted surveys and semi structured qualitative interviews with Korean American pastors and second generation young adult respondents in three geographic regions of the United States the Midwest the West Coast and the East Coast His primary conceptual framework employs social psychologists Hazel Markus and Paula Nurius theory of possible selves to facilitate the process of congregational exegesis in the second generation Korean American church context This book offers a new contextual homiletic model that enables Korean American preachers to engage in deeper levels of ethnic and cultural analysis in their sermonic preparation Simultaneously the author reconstructs conventional preaching roles of Korean American preachers and second generation listeners so that they may co creatively imagine new possible selves that radically advance Christian mission and practice in the world This book will serve as a primary or secondary source for upper level undergraduate graduate and postgraduate courses on preaching communication studies ethnic and racial studies cross cultural ministry or social psychology

Preaching on Social Suffering Jeremy Kangsan Kim, 2023-03-01 In this book Jeremy Kim criticizes current Korean and Asian American homiletical strategies for their lack of a theological point of view on social suffering He argues that preachers must develop an alternative theological homiletical viewpoint on social suffering one that has pastoral and prophetic approaches These two approaches offer people a refuge and a voice not only in the church community but also in the larger social community Thus the author suggests that preachers adopt the biblical lament highlighting its dual tasks of compassion the pastoral dimension and resistance the prophetic dimension The author who is a non Western Asian American preacher also incorporates East Asian philosophical and hermeneutical research on ren a positive element of Confucianism into his argument He applies this core concept of Confucianism to the preacher's homiletical strategy toward social suffering Thus the author proposes that Korean preachers should recover ren which contains sincere compassion for others as well as a voice of resistance that reveals unjust social structures as the cause of social suffering and expresses both within Uri we the community

Practicing the Preaching Life David B. Ward, 2019-03-19 Preaching is a way of life that can be beautiful and good however It can also be anxious self focused and destructive Preachers and teachers of preaching need a holistic view of preaching that not only paints the way to good preaching but also to good living They need a comprehensive practical theology of preaching that combines the why and the what with the how and whom of preaching Practicing the Preaching Life unites Christian practices contextual virtues and the best of homiletical pedagogy to pave the way to a beautiful preaching life Preaching is best learned as a formative Christian practice embedded within a web of other Christian practices that form a way of life from which great sermons emerge Therefore preaching requires not only a way of speaking well but also a way of living well This embedded nature of preaching requires the enrollment of Christian practices in the formation of the preacher and the pursuit of contextual virtues for preaching that avoid cultural relativism on the one hand and cultural imperialism on the other These requirements lead to a new vision for the preaching classroom the rhythms of the preaching

life and the definition of what it means to be a good preacher **Introduction to Preaching** Leah D. Schade, Jerry L. Sumney, Emily Askew, 2023-02-03 Coauthored by a homiletician a theologian and a biblical scholar this book is a preaching primer that provides tools for crafting effective engaging and inspiring sermons Using a unique workbook style format Introduction to Preaching equips seminarians and preachers to use appropriate theological claims informed by solid biblical interpretation while providing several sample sermons from the authors Readers will learn how to use a three part schema the Central Question the Central Claim and the Central Purpose to provide the drive direction and destination for the sermon Offering guidelines for using appropriate sermon forms imagery metaphors and creativity together with advice on how to deliver contextually relevant sermons using our bodies presence and voice make this a staple for both new and experienced preachers Introduction to Preaching includes a chapter on exploring the space of preaching including onsite and online sermons In addition it features charts and worksheets to help organize the sermon writing process as well as exercises for the preacher s voice and body and tips for advice for guest preachers and supply preachers A glossary of terms and an extensive bibliography make this a handy reference guide for students and all preachers Preaching the Headlines Lisa L. Thompson, 2021-08-31 Preachers often feel stuck when met with quickly shifting and dense media topics that flood the headlines If and when they determine it is appropriate to address issues that arise in the news cycle they are often at a loss for how to speak about them from the pulpit When preachers understand that a responsibility to sustain life is embedded in the purposes of preaching they discover greater fluidity between the everyday world the biblical text and preaching itself Preaching the Headlines reframes preaching as an ongoing conversation between the modern world and the world of the Bible exploring where the divides between the two may be less rigid than we often acknowledge The preacher uses what they know about life as a bridge to the text while life in the text provides the bridge back to faith in the contemporary world The goal of the book is to help preachers do theological reflection on the everyday world as an integral part of sermon development The process offered in this book is not a substitute for basic methods of sermon development nor a model of exegesis for preaching Preachers will use this process as a supplement alongside their current method of sermon preparation Before the preacher can ever translate the meaning embedded in the headlines they have to learn more about the topics they seek to preach about They do this by digging behind the headlines and expanding their own resources beyond theological traditions alone This work is done in order to think earnestly about how faith might spur transformative action in our world for more just ways of living together The Six Deadly Sins of Preaching Robert Stephen Reid, Lucy Lind Hogan, 2012-05-01 This ethics of preaching text identifies vices of irresponsible preaching practices Preachers who fail to develop deep respect for their listeners or drift into a lack faithfulness to the Gospel can end up becoming The Pretender The Problem of Inauthenticity The Egoist The Problem of Self absorption The Manipulator The Problem of Greediness The Panderer The Problem of Trendiness The Crusader The Problem of Exploitation The Demagogue The Problem of Self righteousness Just as

the church historically derived its Seven Holy Virtues chastity temperance charity diligence patience kindness humility by naming Seven Deadly Sins lust gluttony greed sloth wrath envy pride Reid and Hogan call preachers to turn away from pulpit vices and strive to realize the homiletic virtues of becoming Authentic The Call to Be Genuine Altruistic The Call to Be Selfless Careful The Call to Exercise Self Control Passionate The Call to Be Honest to God Courteous The Call to Woo a Reasoned Reception A Namer of God The Call to Reveal an Ineffable God The Six Deadly Sins of Preaching explores the difference between the irresponsible practices unfortunate missteps and mere unthinking mistakes in preaching A chapter is devoted to Preaching Missteps problems that do not rise to the level of being irresponsible that includes Short Changing the Process Waving a Red Flag Thou Shall Not Bore the Congregation Through the Looking Glass Darkly The Mumbler TMI Too Much Information Your Cup Do Runneth Over Where s This Sermon Going Anyway **One Gospel Many Ears** Ronald J. Allen, Joseph R. Jeter, Every time a congregation gathers for worship many different people from different points in life with different needs and perspectives come together each refracting messages through their own lenses Each person processes communication in ways that are influenced by age gender race personality type ethnicity education and social and economic background Jeter and Allen explore how these factors affect the ways in which members of the congregation receive and process sermons and how the preacher can optimize the opportunity for each to hear and understand the gospel and one another *Care-full Preaching* G. Lee Ramsey, 2012-03-15 In Care full Preaching G Lee Ramsey Jr offers a new vision for how sermons can energize all members of a congregation to care for one another Using fresh images and sermons from Fred Craddock James Forbes Gina Stewart Barbara Brown Taylor and himself Ramsey demonstrates in practical ways how sermons can create a caring community **Ethical Approaches to Preaching** John S. McClure, 2021-02-23 Different ethical situations require different homiletical responses John McClure organizes recent literature on ethics and preaching into four ethical approaches Does your situation require public moral leadership Then a communicative ethic is best Does your situation require the development of countercultural moral character Then a witness ethic is best Does your situation require ethical consciousness raising and organizing for social justice Then a liberationist ethic is best Does your situation require genuine moral conversation and the discernment of shared commitments in spite of our differences Then a hospitality ethic is best Each ethical approach is briefly and carefully explored correlated with appropriate contexts and situations and demonstrated with model sermons The result is a useful handbook for quickly discerning what ethical approach is needed how to preach that approach and what to expect as a result **Queering the Pulpit** Karyn L. Wiseman, 2024-11-07 Queering the Pulpit addresses the huge gap between the Queer community and the church by looking at the historical cultural theological and biblical issues that too often marginalize the Queer community After setting that contextual foundation the book addresses the clobber passages in the Hebrew Bible and the New Testament which are the texts that have been used to bash Queer folx Looking at these texts through new eyes is essential Using a Queer affirming process the

book turns to creating a new process for establishing a foundation and understanding the diverse context into which sermons are delivered and heard Using a new exegetical approach to crafting Queer affirming sermons the preacher will be better able to preach sermons that invite Queer folk inspire other listeners to welcome all and bring the listener to a deeper relationship with the Divine and hopefully their Queer siblings If this book helps save one gay kid one trans woman of color or one couple exploring their faith and their Queer lives it will be worth everything it took to bring this book to reality

Youthful Preaching Richard Voelz, 2016-01-21 What if adolescents aren't bored with preaching What if they have and are interacting with preaching in complex various ways that have escaped the attention of adult listeners and preachers What if their own preaching informed the ways adults think about Christian faith and theories practices of preaching While much recent discussion in preaching revolves around underrepresented groups the relationship between adolescent youth and preaching remains largely unexplored Youthful Preaching brings youth into contemporary conversations about preaching by listening to their voices and by advocating for communities of faith and practice to seek ways to reimagine renew and strengthen the relationships between youth adults and preaching Preaching After God Phil Snider, 2012-08-01 Even though the postmodern return of religion is dramatically shaping the future of twenty first century theology its riches for preaching are rarely mined Preaching After God highlights the trajectories of the postmodern return of religion by introducing readers to the positive theological themes stirring in the work of influential philosophers like Jacques Derrida John Caputo and Slavoj Žižek Phil Snider shows how engaging their thought provides possibilities for preaching that highly resonate with postmodern listeners Preachers familiar with the postmodern return of religion will appreciate its homiletical appropriation while those introduced to it for the first time will discover just how much it is helpful for the preaching task Six lectionary based sermons are included as examples **Postcolonial Preaching** HyeRan Kim-Cragg, 2021-02-11 In

Postcolonial Preaching HyeRan Kim Cragg argues that preaching is the act of dropping the stone of the Gospel into a lake making waves to move hearts and transform the world wounded by colonial violence The ripple effect serves as a metaphor and acronym to guide to preaching that takes postcolonial concerns seriously Rehearsal Imagination Place Pattern Language and Exegesis RIPPLE Kim Cragg explains each ripple in this approach and exercise of creating and delivering sermons The author delivers fresh insights while drawing on some traditional homiletical perspectives in the service of a homiletic that takes the reality of racism migration and environmental degradation seriously Moreover Kim Cragg demonstrates the postcolonial sermon in action by including annotated homilies This book contributes to the very first wave of the application of postcolonial scholarship in preaching Given the continuing extent and influence of colonial worldviews and legacies this approach should become a staple in preaching over the next generation Contemporary African American preaching P3040 , L Susan Bond reveals the full range and diversity of African American preaching in this exploration of African American homiletical theories Portraying the many approaches that are empowering preaching in African American churches today

Bond shows how different theological perspectives produce different methods of sermon preparation and delivery different strategies for selecting illustrative material and even different ways of beginning and ending sermons Her goal is not to lift up the right way to preach in the African American tradition but to show the richness and nuance contained within this powerful cultural expression
