encompass bloggers who have not undertaken journalistic education And how can a legal distinction be drawn between investigative journalism on the one hand and reporting on purely private matters on the other To answer these questions Jan Oster combines doctrinal and conceptual comparative analysis with descriptive and normative theory and argues in favour of a media freedom principle based on the significance of the media for public discourse *Media and Politics in the Southern Mediterranean* Roxane Farmanfarmaian, 2020-10-20 This edited volume presents ground breaking empirical research on the media in political transition in Tunisia Turkey and Morocco Focusing on developments in the wake of the region's upheavals in 2011 it offers a new theoretical framework for understanding mediascapes in the confessional and hybrid authoritarian systems of the Middle East In this book media scholars focus on three themes the media's structure as an expression of governance the media's function as a reflection of the market and the media's agency in communicating between power and the public The result is a unique addition to the literature on two counts Firstly analysis of similar players issues and processes in each country produces a thematically consistent comparative assessment of the media's role across the southern Mediterranean region The first cross country comparison of specific media practices in the Middle East it covers issues such as women in talk shows media's relationship with surveillance and comparative practices of media regulation Secondly actualising the idea that media reflects the society that produces it the studies here draw on field data to lay the foundations for a new theory of media Values and Status Negotiation VSN which evolved from the region's unique characteristics and practices and offers an alternative to prevailing Western centric approaches to media analysis *Media and Politics in the Southern Mediterranean* will appeal to students and scholars of politics sociology Media Studies Cultural Studies and Middle Eastern Studies **The SAGE Handbook of Media Studies** John D.
