B and C characters are covered concisely All of the prescribed vocabulary for Levels A C of the Hanyu Shuiping Kaoshi is included among the example compounds Knowledge of the 2 200 characters and 5 253 vocabulary items covered will equip students to take the test at either the Basic or the Elementary Intermediate standard Success in the top band of the Basic standard is sufficient to enter college in China Completely revised with simplified characters it draws on the lessons learned from the use of the book in classrooms to provide a convenient and up to date introduction to the Chinese writing system materials are organized in units of progressive difficulty and complexity with clear definitions of the individual characters presented in a logical and systematical sequence The student s ability to read Chinese and write Chinese are reinforced throughout

A systematic introduction to reading and writing Chinese. Keith Robinson,2012-11-13 This book sets out a clear learning progression that will help students make faster progress in acquiring the language skills needed to read and write Mandarin Chinese It concentrates on the 25 most commonly used radicals giving a clear explanation of their meanings and how to recognise them in their distorted forms It introduces other characters that include these radicals helping to build a vocabulary that is relevant to beginners For the first time it draws the students attention to those characters that carry the phonic and this enables the students to look at a new word have some idea of how it might be pronounced Understanding the radicals their meaning their distorted forms and learning which characters carry the phonic is the fastest way to achieve a basic literacy in Chinese

Reading and Writing Chinese William McNaughton,Li Ying,1999 Reading and Writing Chinese has been the standard text for foreign students and self teachers of the Chinese Writing System since Tuttle first published it over 20 years ago This new completely revised edition offers students a more convenient efficient and up to date introduction to the writing system

A New Method to Achieve Fluency in Reading and Writing Chinese. Wang Lingli,Keith Robinson,2015 This book offers a completely new sequence for learning Chinese writing If foreign students start learning to write Chinese by first inputting Radicals on the computer they will make faster progress in being able to remember the vocabulary and their transition to writing Chinese by hand will be more successful At every stage in this carefully thought out sequence the student should be encouraged to also practice what they have learnt on computer by writing the characters out by hand The biggest problem that students have with learning Mandarin Chinese is being able to write Chinese It is a daunting task because of the sheer number of different characters involved and also because until now each character has been treated as a unique and separate entity The time needed to commit all this vocabulary to memory and gain fluency and facility in writing Chinese is immense but using this method it will make learning faster
