The Advocate ,1995-10-03 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States **The Reluctant Metropolis** William Fulton,2001-12-04 A Los Angeles Times Bestseller William Fulton is the Raymond Chandler of Los Angeles real estate Kevin Starr California State Librarian and author of Material Dreams Los Angeles through the 1920s A Los Angeles Times Bestseller William Fulton is the Raymond Chandler of Los Angeles real estate Kevin Starr California State Librarian and author of Material Dreams Los Angeles through the 1920s In twelve engaging essays William Fulton chronicles the history of urban planning in the Los Angeles metropolitan area tracing the legacy of short sighted political and financial gains that has resulted in a vast urban region on the brink of disaster Looking at such diverse topics as shady real estate speculations the construction of the Los Angeles subway the battle over the future of South Central L A after the 1992 riots and the emergence of Las Vegas as the new Los Angeles Fulton offers a fresh perspective on the city s epic sprawl The only way to reverse the historical trends that have made Los Angeles increasingly unliveable Fulton concludes is to confront the prevailing cocoon citizenship the mind set that prevents the city s inhabitants and leaders from recognizing Los Angeles s patchwork of communities as a single metropolis **The City at Stake** Raphael J. Sonenshein,2013-10-31 The City at Stake tells the dramatic story of how the nation s second largest city completed a major reform of its government in the face of a deeply threatening movement for secession by the San Fernando Valley How did Los Angeles a diverse city with an image of unstructured politics and fragmented government find a way to unify itself around a controversial set of reforms Los Angeles government nearly collapsed in political bickering over charter reform which generated the remarkable phenomenon of two competing charter reform commissions Out of this nearly impossible tangle reformers managed to knit a new city charter that greatly expanded institutions for citizen participation and addressed long standing weaknesses in the role of the mayor The new charter pursued by a Republican mayor won its greatest support from liberal whites who had long favored reform measures Written by an urban scholar who played a key role in the charter reform process the book offers both a theoretical perspective on the process of institutional reform in an age of diversity and a firsthand inside the box look at how major reform works The new afterword by the author analyzes the 2005 election of Los Angeles s first modern Latino mayor Antonio Villaraigosa a milestone in the development of urban reform coalitions in an age of immigration and ethnic diversity **Management** ,1985 **Blue** Joe Domanick,2016-08-23 American policing is in crisis Here award winning investigative journalist Joe Domanick reveals the troubled history of American policing over the past quarter century He begins in the early 1990s with the beating of Rodney King and the L A riots when the Los Angeles Police Department was caught between a corrupt and racist past and the demands of a rapidly changing urban population Across the country American cities faced similar challenges to law and order In New York William J Bratton was spearheading the reorganization of the New York City

Transit Police and later the 35 000 strong New York Police Department His efforts resulted in a dramatic decrease in crime yet introduced highly controversial policing strategies In 2002 when Bratton was named the LAPD s new chief he implemented the lessons learned in New York to change a department that previously had been impervious to reform Blue ends in 2015 with the LAPD on its unfinished road to reform as events in Los Angeles New York Baltimore and Ferguson Missouri raise alarms about the very strategies Bratton pioneered and about aggressive racial profiling and the militarization of police departments throughout the United States Domanick tells his story through the lives of the people who lived it Along with Bratton he introduces William Parker the legendary LAPD police chief Tom Bradley the first black mayor of Los Angeles and Charlie Beck the hard nosed ex gang cop who replaced Bratton as LAPD chief The result is both intimate and expansive a gripping narrative that asks big questions about what constitutes good and bad policing and how best to prevent crime control police abuse and ease tensions between the police and the powerless Blue is not only a page turning read but an essential addition to our scholarship Adapted from book jacket

The War Against Hope Rod Paige, 2009-02-16 A former US Secretary of Education addresses the crisis in public schooling and the role teachers unions have played in its decline Something is terribly wrong with America s public school system For decades we have seen test scores slide or stagnate today fewer than twenty percent of our nation s twelfth graders are proficient in math and our students rank near the bottom in science and math among the industrialized nations of the world and achievement gaps persist or widen So who s responsible for the ongoing failure of our education system In *The War Against Hope* former Secretary of Education Rod Paige pulls no punches in his critical analysis of America s crisis in the classroom Without question the greatest impediment to meaningful school reform is the enormous self aggrandizing power wielded by the teachers unions In this vital well documented book Paige takes an unflinching look at the power hungry union leaders who have consistently placed their ambitions ahead of the needs of the teachers and the students whom they claim to serve He also traces the history of the National Education Association NEA from its humble beginnings as an advocate of education excellence to its early radicalization by left wing ideology *The War Against Hope* is a disturbing account of the corruption greed and skewed values that have assaulted our schools betrayed our teachers and forsaken our children for far too long
