Slataper Biagio Marin,1991 *Italian Modernism* Mario Moroni, Luca Somigli,2004-01-01 Italian Modernism was written in response to the need for an historiographic and theoretical reconsideration of the concepts of Decadentismo and the avant garde within the Italian critical tradition Focussing on the confrontation between these concepts and the broader notion of international modernism the essays in this important collection seek to understand this complex phase of literary and artistic practices as a response to the epistemes of philosophical and scientific modernity at the end of the nineteenth century and in the first three decades of the twentieth Intellectually provocative this collection is the first attempt in the field of Italian Studies at a comprehensive account of Italian literary modernism Each contributor documents how previous critical categories employed to account for the literary artistic and cultural experiences of the period have provided only partial and inadequate descriptions preventing a fuller understanding of the complexities and the interrelations among the cultural phenomena of the time

Italy and the Military Mattia Roveri,2020-12-22 This book sheds new light on the role of the military in Italian society and culture during war and peacetime by bringing together a whole host of contributors across the interdisciplinary spectrum of Italian Studies Divided into five thematic units this volume examines the continuous and multifaceted impact of the military on modern and contemporary Italy The Italian context offers a particularly fertile ground for studying the cultural impact of the military because the institution was used not only for

defensive offensive purposes but also to unify the country and to spread ideas of socio cultural and technological development across its diverse population The Modern Italian Novel Domenico Vittorini, 2016-11-11 This volume offers a complete survey and bibliography of Italian literature from 1827 to 1930 giving its three stages of development historical naturalistic reflective **Literary Capitals in the Long Nineteenth Century** Arunima Bhattacharya, Richard Hibbitt, Laura Scuriatti, 2022-12-13 This book develops our understanding of the global literary field in the long nineteenth century by discussing nine different places outside the established metropolises It shows how different economic geographical and political factors combined to give each place its own distinctive literary culture and symbolic capital Taking a geocritical approach the book shows how its different case studies can be seen as literary capitals in terms of their role within the wider nation region or empire The volume is divided into three parts Part One discusses Kolkata Hong Kong and Buenos Aires Part Two considers semi peripheral European cities Pest Buda Budapest Helsinki and Dublin Part Three focuses on cities within Italy Trieste Florence and Rome Drawing on a wide range of literary texts and different genres the book reads the nineteenth century literary field as a constellation where different connections can be plotted across various points on the map at different times *A Ghost in Trieste* Joseph Cary, 1993-11-15 Gem of the Adriatic Trieste sparkled and beckoned through the pages of poets and novelists Drawn there in search of literary ghosts of the poet Umberto Saba and the novelists Italo Svevo and James Joyce Joseph Cary found instead a city with an imaginative life of its own the one that rises tantalizing from the pages of this book The story of Cary's travels *A Ghost in Trieste* is also a tale of discovery and transformation as the bustling world of port and airplane baggage and trams and trains becomes the landscape of history and literature language and art psychoanalysis and the self Here is the crossroads of East and West A port held in turn by the Romans the Venetians the Austrians the Germans the Slavs and finally the Italians Trieste is the capital of nowhere fertile source of a unique literary florescence before the First World War At times an exile home and an exiled city I cannot claim to have walked across it all wrote Saba the poet of Trieste in 1910 of the city Cary crosses and recrosses seeking the poetry of the place that inspired its literary giants Trieste's cultural and historical riches its geographical splendor of hills and sea and mysterious presence unfold in a series of stories monologues and literary juxtapositions that reveal the city's charms as well as its seductive hold on the writer's imagination Throughout literary and immediate impressions alike are elaborated in paintings and maps and in handsome line drawings by Nicholas Read This clownish and adolescent Parsifal this Trieste of the prickly grace this place impaled in my heart like a permanent point this symbol of the Adriatic this city made of books here the book remakes the city The Trieste of allusions magically becomes a city of palpable allure of warmth and trying contradictions and gritty beauty Part travel diary part guide book part literary history *A Ghost in Trieste* is a brilliant introduction to an extraordinary time and place In Joseph Cary Trieste has found a new poet and readers a remarkably captivating companion and guide
