The Chotchky Challenge Barry Dennis, 2012-04-30 Barry Dennis is one of the most authentic creative geniuses I know Immense wisdom humor and love pour through his mind heart and pen This book is packed with inspiring expansive insights Put these principles into action and your life will fast forward to amazing places Alan Cohen the best selling author of *Enough Already* and *A Daily Dose of Sanity* Chotchky is a variation of a Yiddish word typically referring to something of little value but it can also mean something much more profound It's the excess stuff that we've accumulated in our homes and hearts the meaningless possessions negative beliefs self doubts and toxic relationships that drain our time energy and money The challenge is to identify our chotchkies and understand how they've infiltrated our lives and lulled us to sleep Our soul tries to get our attention through our subtle thoughts and feelings that seem to whisper There is more to life than this But our chotchkies keep coming filling us with a false sense of purpose In this deeply insightful and often humorous work spiritual teacher Barry Dennis shows you how to attain complete and total freedom from all of your chotchkies When you're free you will come face to face with the true nature of your soul and finally be able to focus on what really matters This won't be easy but just because something isn't easy doesn't mean it can't also be fun Your soul awaits Become part of a new paradigm that is leading the way to a more balanced and peaceful world It's time to take the chotchky challenge

Mobile Design Pattern Gallery Theresa Neil, 2012-03-06 When you're under pressure to produce a well designed easy to navigate mobile app there's no time to reinvent the wheel This concise book provides a handy reference to 70 mobile app design patterns illustrated by more than 400 screenshots from current iOS Android BlackBerry WebOS Windows Mobile and Symbian apps User experience professional Theresa Neil *Designing Web Interfaces* walks you through design patterns in 10 separate categories including anti patterns Whether you're designing a simple iPhone application or one that's meant to work for every popular mobile OS on the market these patterns provide solutions to common design challenges This print edition is in full color Pattern categories include Navigation get patterns for primary and secondary navigation Forms break the industry wide habits of bad form design Tables and lists display only the most important information Search sort and filter make these functions easy to use Tools create the illusion of direct interaction Charts learn best practices for basic chart design Invitations invite users to get started and discover features Help integrate help pages into a smaller form factor It's a super handy catalog that I can flip to for ideas Bill Scott Senior Director of Web Development at PayPal Looks fantastic Erin Malone Partner at Tangible UX Just a quick thanks to express my sheer gratitude for this pub it has been a guide for me reworking a design for an app already in production Agatha June UX designer
