EVERYTHING YOU NEED TO KNOW

SCOOTERS

The Scooter is fast becoming one of the most popular modes of transportation on the road. With gas prices soaring, technology improving, and style trends favoring the attractive lines of both classic and modern scooters, it's more and more common to see scooters sharing the road with their four-wheeled counterparts.

If you're considering a scooter for commuting to work or putt-putting around the city on a Sunday afternoon, Eric Dregni's *Scooters: Everything You Need to Know* has all the information you'll need to enter the two-wheeled world of scooters.

Whether you're drawn to the classic Vespas, Stellas, and Lambrettas, small modern Zumas and Metros, or highway-ready maxi-scooters like the Silver Wing and Burgman, this book will help you choose a ride and learn how to maximize your enjoyment. From tips on buying, riding, and maintaining your scooter, to participating in clubs and events, *Scooters: Everything You Need to Know* is the perfect start to a lifetime of scootering.

A life-long scooter rider, collector, and writer, Eric Dregni answers all the questions a beginning scooterist could have, with humor and years of travel and experience.

Parliament. House of Commons. Transport Committee, 2010 In the light of anecdotal accounts of accidents involving the vehicles but little hard evidence MPs urge the Government to collect better data on the use of scooters as well as incidents and injuries where they are involved To develop sound policy we need a comprehensive evidence base detailing the number and nature of incidents involving mobility scooters on the UK's pavements and roads Only by doing so will issues such as the legal status of mobility scooters the appropriateness of proficiency tests and the rights of users to take the vehicles on public transport be adequately addressed The Committee's report notes that the Department for Transport has launched a consultation on many of these issues but is concerned that after a similar review in 2005 Ministers failed to act on many of its findings With a growing number of mobility scooter users on the UK's pavements and roads the MPs call on the Government to take decisive action where necessary
