Premodern Scotland Literature and Governance 1420 1587 brings together original essays by a group of international scholars to offer fresh and ground breaking research into the advice to princes tradition and related themes of good self and public governance in Older Scots literature and in Latin literature composed in Scotland in the fifteenth sixteenth and early seventeenth centuries The volume brings to the fore texts both from and about the royal court in a variety of genres including satire tragedy complaint dream vision chronicle epic romance and devotional and didactic treatise and considers texts composed for noble readers and for a wider readership able to access printed material The writers and texts studied include Bower s Scotichronicon Henryson s Testament of Cresseid and Gavin Douglas s Eneados Lesser known authors and texts also receive much needed critical attention and include Richard Holland s The Buke of the Howlat chronicles by Andrew of Wyntoun Hector Boece and John Bellenden and poetry by sixteenth century writers such as Robert Sempill John Rolland of Dalkeith and William Lauder Non literary texts such as the Parliamentary Aberdeen Articles further deepen the discussion of the volume s theme Writing from south of the Border which provoked creative responses in Scots authors and which were themselves inflected by the idea of Scotland and its literature are also considered and include the Troy Book by John Lydgate and Malory s Le Morte Darthur With a focus on historical and material context contributors explore the ways in which these texts engage with notions of the self and with advisory subjects both specific to particular Stewart monarchs and of more general political applicability in Scotland in the late medieval and early modern periods The Gaelic Vision in Scottish Culture Malcolm Chapman, 2021-10-12 Originally published in 1978 this book explores the relationship between the Gaelic and English spheres of life from the life of the bilingual Gael in the confrontation of Highland and Lowland Scotland and the literary expressions of these It is argued that the picture of Gaelic society that is popularly accepted does not owe its form to any simple observation but to symbolic and metaphorical requirements imposed by the larger society Beginning with the birth of the Romantic movement and moving on to modern Gaelic literature and anthropological studies aspects of the relationship of a dominant to a minority culture are raised The racial stereotypes of Celt and Anglo Saxon that were widely accepted in the 19th Century are also discussed and the understanding of how a dominant intellectual world has used Gaelic society in the process of seeking its own definition is pursued through a study of the concepts of folklore and the folk **The vision, a poem addressed to J. Boucher [ed. by B. Boucher].** sir Frederick Morton Eden (2nd bart.), 1828 The Vision Sir Frederick Morton Eden, Jonathan Boucher, 1828 **Visions for Racial Equality** Harri Englund, 2022-02-17 Focusing on David Clement Scott the head of the Church of Scotland mission in Malawi who came to see Europeans as learners in Africa this innovative book narrates the rise and demise of a unique vision for racial equality in nineteenth century Africa By immersing himself in the vernacular language and institutions Scott developed a theology of reversals to pursue justice in

race relations It set him on a collision course with the Church colonial government and the White commercial interests spearheaded by Cecil Rhodes Harri Englund shows how Scott's struggle for justice was as much epistemic as political and spiritual a vision for the future in which White and Black would thrive in their mutual recognition as co-knowers From linguistic translation to conflicts over land and taxation from slave trade to personal intimacies *Visions for Racial Equality* weaves a rich tapestry of themes in the life and times of a little known visionary

Catalonia, Scotland and the EU: Niklas Bremberg, Richard Gillespie, 2022-03-10 The electoral success of secessionist parties in Catalonia and Scotland over the last decade together with Brexit and the support for Eurosceptic parties in many EU member states have prompted a rethink of many taken for granted notions about politics in Spain the UK and the EU Secessionist parties in Catalonia and Scotland often combine calls for independence with support for the EU but independence for Catalonia might entail the loss of EU membership In the UK Scotland voted for the UK to remain in the EU yet it was forced to leave the Union along with the rest of the country what effect has Brexit had on Scottish independence claims Through comparing Catalonia and Scotland this short volume aims to contribute to debates on and advance knowledge of visions of independence and integration how they interrelate in Europe's emergent political order and what they entail for European integration and democracy in the EU

To get to the heart of the unionist position he asks how they see the last twenty five years what they want from the future what they think they will get what they will accept and what they will fight to oppose Professor Bruce describes the Troubles as a deeply entrenched ethnic conflict He argues that a failure to appreciate the strength of the loyalist identity has prevented a proper understanding of the Troubles and that continued neglect of the majority makes strategies for peace pointless or counter productive On Steve Bruce s previous book *God Save Ulster* his interpretation of the Northern Ireland problem can be considered amongst the most satisfying in the literature Times Higher Education Supplement an intelligent and at times brilliant attempt to understand a particular religious outlook New Statesman Publishing on Orange Day 12 July
