encourages us to look again at the nature around us to discover its wildness for ourselves and to respect and protect it A delight Country Life This is a quiet but rousing call to action for anyone who loves the natural world and wants to help preserve it Sunday Telegraph I'd put it in the hands of anyone who ever enjoyed a day out in the fresh air even those who don't think they like the countryside they've got to be seduced by this prose BBC Radio Scotland Beautifully observed and rich in description the book sounds too with an urgent voice warning of what will be lost to us should we continue to take too little action to protect the natural world Esther Woolfson author of *Field Notes from a Hidden City* A thoughtful analyst of the evolutionary interplay between human being and animal The Times     Hobgoblin John Coyne, 2015-09-01 Ancient magic and contemporary horror combine in this tale of a lonely boy's increasing immersion into a sword and sorcery fantasy game Hobgoblin as the line between nightmare and reality erodes     *George Mackay Brown* Maggie Fergusson, 2012-06-21 George Mackay Brown was one of Scotland's greatest twentieth century writers but in person a bundle of paradoxes He had a wide international reputation but hardly left his native Orkney A prolific poet admired by such fellow poets as Seamus Heaney Ted Hughes and Charles Causley and hailed by the composer Peter Maxwell Davies as the most positive and benign influence ever on my own efforts at creation he was also an accomplished novelist shortlisted for the 1994 Booker Prize for *Beside the Ocean of Time* and a master of the short story When he died in 1996 he left behind an autobiography as deft as it is ultimately uninformative The lives of artists are as boring and also as uniquely fascinating as any or every other life he claimed Never a recluse he appeared open to his friends but probably revealed more of himself in his voluminous correspondence with strangers He never married indeed he once wrote I have never been in love in my life But some of his most poignant letters and poems were written to Stella Cartwright the Muse of Rose Street the gifted but tragic figure to whom he was once engaged and with whom he kept in touch until the end of her short life Maggie Fergusson interviewed George Mackay Brown several times and is the only biographer to whom he a reluctant subject gave his blessing Through his letters and through conversations with his wide acquaintance she discovers that this particular artist's life was not only fascinating but vivid courageous and surprising     The Oxford Dictionary of Music Michael Kennedy, Joyce Kennedy, 2013-08-15 Now available in paperback and with over 10 000 entries the Oxford Dictionary of Music previously the Concise Oxford Dictionary of Music offers broad coverage of a wide range of musical categories spanning many eras including composers librettists singers orchestras important ballets and operas and musical instruments and their history The Oxford Dictionary of Music is the most up to date and accessible dictionary of musical terms available and an essential point of reference for music students teachers lecturers professional musicians as well as music enthusiasts     *A Companion to Britain in the Later Middle Ages* S. **Cultural Ecologies of the Land** Patrick J. Dillon, 2015-04-15 Cultural Ecologies of the Land is a radical and challenging reassessment of the way we relate to the land and to infrastructure There was a time when the land defined us Now with each passing year we are increasingly detached from it It was once the centre stage of humanity now it is the setting for a technological drama What has happened and why does it matter This book is a multi-layered account of people and environment shaping each other through cumulative moment to moment day to day change and a template for thinking about place locality belonging and identity Cultural Ecologies of the Land presents the existential crisis that many believe we now face as a systemic problem arising from social institutions and forms of behaviour that have been marginalised with our dependency on modern infrastructure It explains the part people have played in contributing to the crisis and how regenerating relationships with the land offers a route towards alleviating it This is not only about acknowledging our impact on Earth but also about understanding ourselves in relation to it how we engage with our surroundings make sense of them live and work in them and create narratives that connect and sustain us *Arts Review Yearbook*, 1990

**The Literary Culture of Early Modern Scotland** Sebastiaan Verweij, 2016-03-24 This study presents a history of the literary culture of early modern Scotland 1560-1625 based on extensive study of the literary manuscript It argues for the importance of three key places of production of such manuscripts the royal court burghs and towns and regional houses stately homes but also minor lairdly and non-aristocratic households This attention to place facilitates a discussion of respectively courtly urban or civic and regional literary cultures Sebastiaan Verweij's methodology stems from bibliographical scholarship and the study of the History of the Book and more specifically from a school of manuscript research that has invigorated early modern English literary criticism over the last few decades The Literary

Culture of Early Modern Scotland will also intersect with a programme of reassessment of early modern Scottish culture that is currently underway in Scottish studies. Traditional narratives of literary history have often regarded the Reformation of 1560 as heralding a terminal cultural decline and the Union of Crowns of 1603 with the departure of king and court was thought to have brought the briefest of renaissances in the 1580s and 1590s to an early end. This book purposefully straddles the Union in order to make possible the rediscovery of Scotland's refined and sophisticated renaissance culture.
