Gordon Brown

Scottish Home:

Scottish Home Rule Ben Thomson, 2020-11-11 A proponent of Scottish Home Rule offers a clear and concise introduction to the merits of the policy and the history of the movement Every debate about the Scottish constitution should include the topic of Scottish Home Rule and if there is to be another referendum in Scotland then Home Rule should be one of the options on the ballot paper Yet for all its importance Home Rule is not widely understood The proposal is seen by many Unionists as the slippery slope to Independence Meanwhile Independence supporters regard it as a Unionist proposal to retain sovereignty over Scotland It is however a strong proposal in its own right with a separate history from Independence and a more likely steppingstone to Federalism This book lays out the merits of Scottish Home Rule as the best solution for Scotland It covers the history of support for the Home Rule option since 1860s a clear outline of how it works and a discussion about how it could both improve Scotland and act as a framework for constitutional reform across the UK The National Movement in Scotland Jack Brand, 2021-10-12 Originally published in 1978 but now re issued with a new Preface by James Mitchell this volume traces the rise of the SNP with special emphasis on explaining the increase of the National Party vote in Scotland from the early 1960s to the late 1970s The book draws much of its information from interviews with members and ex members of the SNP including some who helped to found the party in 1928 In describing the movement and giving an account of its main features the author begins with a discussion of various aspects of Scottish society which have contributed to the growth of nationalism These include the political developments of the Labour movement the economic history of 20th Century Scotland the development of youth culture and in particular the interest in folk music as well as developments in the Church the army and the press The Scottish Question James Mitchell, 2014 Sets the Scottish independence referendum in context exploring the questions of national identity everyday public policy structures of government and constitutional politics drawing on a range of sources to illustrate why the Scottish Question can never be answered definitively **Modern Scottish History: 1707 to the Present** Anthony Cooke, Ian Donnachie, Ann MacSween, Christopher A. Whatley, 2008-01-28 This is the second volume of a distance learning history of Scotland course This book covers 1850 to the present The 26 major topics are covered in five books designed for self study and written to accompany the course These volumes are two tutorial volumes two volumes of reprinted articles and essays and a volume of documents The first half of the course covers the period 1707 to 1850 Beginning with the Union of 1707 and Jacobitism the course considers topics including industrialization politics religion the environment class demography and culture as well as looking at the differences between Highland and Lowland society and economy The project team for this part of the course includes C G Brown G Carruthers A J Cooke I Donnachie W H Fraser M T G Fry B Harris A I Macinnes I Maver T C Smout N L Tranter C A Whatley I D Whyte and D J Withrington The period 1850 to the present is covered in the second half of the course Again a wide range of topics is studied and some topics such as industrialization demography urbanization religion

class education culture and Highland and Lowland society is continued The project team for this second part of the course includes R D Anderson R Anthony C G Brown E A Cameron R J Finlay J O Foster C Harvie W Kenefick R A Lambert I Levitt A J MacIvor R J Morris and P L Payne *Scottish Modernism and its Contexts 1918-1959* Margery Palmer

McCulloch,2009-05-15 This innovative book proposes the expansion of the existing idea of an interwar Scottish Renaissance movement to include its international significance as a Scottish literary modernism interacting with the intellectual and artistic ideas of European modernism as well as responding to the challenges of the Scottish cultural and political context Topics range from the revitalisation of the Scots vernacular as an avant garde literary language in the 1920s and the interaction of literature and politics in the 1930s to the fictional re imagining of the Highlands the response of women writers to a changing modern world and the manifestations of a late modernism in the 1940s and 1950s Writers featured include Hugh MacDiarmid Lewis Grassie Gibbon Neil M Gunn Edwin and Willa Muir Catherine Carswell Sydney Goodsir Smith and Sorley MacLean Constituting Scotland W. Elliot Bulmer,2016-07-08 Before the independence referendum in 2014 the First Minister of Scotland Alex Salmond promised a written constitution for Scotland in the event of a Yes vote The UK is almost unique in having never adopted a written constitution or other fundamental law Why did this commitment arise in Scotland *Scotland Decides* Hugh Bochel,David Denver,James Mitchell,Charles Pattie,2013-01-11 Scotland has a parliament for the first time in almost 300 years and this book is an account of how this came about The authors trace the origins and history of the demand for home rule in Scotland focusing particularly on developments following the failure of the first referendum on the issue in 1979 which culminated in a second referendum in September 1997 This major political event attracted national and international interest and its decisive result was a milestone in Scottish history This work presents an analysis of the referendum campaign at both national and local levels including media coverage of the event and the outcome The reactions of voters are explored on the basis of a large survey of the electorate and lessons to be learnt about referendums in the UK and elsewhere are discussed *Liberal Nationalisms* James Kennedy,2012-10-01 The early twentieth century witnessed the emergence of Scottish and Quebec nationalisms that were closely intertwined with liberal philosophies The Young Scots Society and the Ligue nationaliste canadienne carried these liberal nationalist ideas This book offers a comparative and historical examination of their ideas and politics exploring the Young Scots as a movement as well as the ideas of key Nationalistes James Kennedy argues that the growth of the Young Scots Society and the Ligue nationaliste canadienne was largely in response to changes within empire state and civil society He suggests that the actions of the British Empire and the Canadian state not only prompted nationalist responses in Scotland and Quebec respectively but also shaped their liberal character His comparative analysis provides insights that would not arise from a single case study of either movement while detailing the important roles that geopolitics consociation and federation and organized religion played in the creation of nationalist philosophies The first ever comparative history of nationalism in Scotland and Quebec

Liberal Nationalisms is an insightful study of nascent political nationalisms and a major contribution to the scholarship of nationalist movements in the early twentieth century *The Battle for Scotland* Andrew Marr,2013-08-01 We may be about to see a new country indeed two new countries emerging on these islands Half a lifetime ago I sat down to write this book as a work of history As it s aged it s become current affairs Just twenty years ago it seemed impossible that Scotland would ever get home rule let alone full independence And even following a vote that did not result in Scottish independence there are still talks of a second referendum In *The Battle for Scotland* first published in 1992 Andrew Marr provides the historical backdrop to these extraordinary events He attempts to explain the deep sources of Scottish national feeling and the political will which brought us to this deeply uncertain time In a substantial introduction written before 2014 s referendum Marr considers the questions every voting Scot and every non voting UK citizen were asking themselves at the time *Region and State in Nineteenth-Century Europe* J. Augusteijn,H. Storm,2012-10-24 In reaction to the centralizing nation building efforts of states in nineteenth century Europe many regions began to define their own identity In thirteen stimulating essays specialists analyze why regional identities became widely celebrated towards the end of that century and why some considered themselves part of the new national self image *Scotland and the British Empire* John M. MacKenzie,T. M. Devine,2017-02-24 The extraordinary influence of Scots in the British Empire has long been recognized As administrators settlers temporary residents professionals plantation owners and as military personnel they were strikingly prominent in North America the Caribbean Australasia South Africa India and colonies in South East Asia and Africa Throughout these regions they brought to bear distinctive Scottish experience as well as particular educational economic cultural and religious influences Moreover the relationship between Scots and the British Empire had a profound effect upon many aspects of Scottish society This volume of essays written by notable scholars in the field examines the key roles of Scots in central aspects of the Atlantic and imperial economies from the eighteenth to the twentieth centuries in East India Company rule in India migration and the preservation of ethnic identities the environment the army missionary and other religious activities the dispersal of intellectual endeavours and in the production of a distinctive literature rooted in colonial experience Making use of recent innovative research the chapters demonstrate that an understanding of the profoundly interactive relationship between Scotland and the British Empire is vital both for the understanding of the histories of that country and of many territories of the British Empire All scholars and general readers interested in the dispersal of intellectual ideas key professions Protestantism environmental practices and colonial literature as well as more traditional approaches to politics economics and military recruitment will find it an essential addition to the historical literature *My Scotland, Our Britain* Gordon Brown,2014-06-19 *My Scotland Our Britain* A Future Worth Sharing is a highly personal account of Gordon Brown s Scotland the nation he was born in and our Britain the multinational state that the Scots English Welsh and Northern Irish have created and share Laying bare his family s ancestry over 300 years of the Union and explaining how it shaped his

background Brown charts what it was like growing up in Scotland in the 1950s and 1960s and explains the influence of religion education and Scotland's unique industrial structure on the shaping of his and Scotland's identity He sets out the dramatic economic social and cultural changes of the past fifty years and the vastly different prospects his children will face demonstrating that a sense of Scottish national identity has always remained strong and how Scottish institutions have always fiercely guarded their independence The referendum should not be seen as a battle between Scotland and Britain he argues but one between two visions of Scotland's future one that sees Scotland prosper with a strong Scottish Parliament that is part of the UK and one that severs all the political links Scots have with the UK Brown puts forward his proposal for a constitutional settlement that could unite the country and argues that in tune with Scotland's history of deep engagement with the wider world as inventors explorers traders missionaries business leaders and aid workers the best future for Scots is not to leave Britain but to continue to shape it

History of Everyday Life in Twentieth-Century Scotland Lynn Abrams, 2010-02-28 Over the twentieth century Scots lives changed in fast dramatic and culturally significant ways By examining their bodies homes working lives rituals beliefs and consumption this volume exposes how the very substance of everyday life was composed tracing both the intimate and the mass changes that the people endured Using novel perspectives and methods chapters range across the experiences of work art and death the way Scots conceived of themselves and their homes and the way the old Scotland of oppressive community rules broke down from mid century as the country reinvented its everyday life and culture This volume brings together leading cultural historians of twentieth century Scotland to study the apparently mundane activities of people's lives traversing the key spaces where daily experience is composed to expose the controversial personal and national politics that ritual and practice can generate Key features Contains an overview of the material changes experienced by Scots in their everyday lives during the course of the century Focuses on some of the key areas of change in everyday experience from the way Scots spent their Sundays to the homes in which they lived from the work they undertook to the culture they consumed and eventually the way they died Pays particular attention to identity as well as experience

Land Values, 1913 *Scotland and the Easter Rising* Willy Maley, 2016-02-12 The story of the Rising is still being told and in these pages the reader will find much to ponder much to discuss and much to disagree with From the Introduction by Kirsty Lusk and Willy Maley On Easter Monday 1916 leaders of a rebellion against British rule over Ireland proclaimed the establishment of an Irish Republic Lasting only six days before surrender to the British this landmark event nevertheless laid the foundations for Ireland's violent path to Independence It is little known that James Connolly one of the rebellion's leaders was born in Edinburgh's Cowgate at the time nicknamed Little Ireland or that another key figure in the events of Easter 1916 was a young woman from Coatbridge Margaret Skinnider These and other surprising Scottish connections are explored in *Scotland and the Easter Rising* as Kirsty Lusk and Willy Maley gather together a rich grouping of writers journalists and academics to examine for the first time the Scottish dimension to the events of 1916 and its continued

resonance in Scotland today ALLAN ARMSTRONG RICHARD BARLOW IAN BELL ALAN BISSETT JOSEPH M BRADLEY RAY BURNETT STUART CHRISTIE HELEN CLARK MARIA DANIELLA DICK DES DILLON PETER GEOGHEGAN PEARSE HUTCHINSON SHAUN KAVANAGH BILLY KAY PHIL KELLY AARON KELLY JAMES KELMAN KIRSTY LUSK KEVIN MCKENNA WILLY MALEY NIAL O GALLAGHER ALISON O MALLEY YOUNGER ALAN RIACH KEVIN ROONEY MICHAEL SHAW IRVINE WELSH OWEN DUDLEY EDWARDS Featuring a mix of memoir essays poetry and fiction this book provides a thought provoking and necessary negotiation of historical and contemporary Irish Scottish relations and explores the Easter Rising s intersections with other movements from Women s Suffrage to the 2014 Scottish Independence Referendum

History of Everyday Life in Scotland, 1800 to 1900 Graeme Morton,2010-08-31 This volume explores the experience of everyday life in Scotland over two centuries characterised by political religious and intellectual change and ferment It shows how the extraordinary impinged on the ordinary and reveals people s anxieties joys comforts passions hopes and fears It also aims to provide a measure of how the impact of change varied from place to place The authors draw on a wide range of primary and secondary sources including the material survivals of daily life in town and country and on the history of government religion ideas painting literature and architecture As B S Gregory has put it everyday history is an endeavour that seeks to identify and integrate everything all relevant material social political and cultural data that permits the fullest possible reconstruction of ordinary life experiences in all their varied complexity as they are formed and transformed

Policing Scotland Daniel Donnelly,Kenneth Scott,2013-05-13 This is the first modern book on policing in Scotland and aims to provide an up to date and authoritative account of recent developments taking full account of the impact of devolution and the work of the Scottish assembly A concern throughout is to look at Scottish policing within a broader UK and comparative context assessing both differences and similarities with policing south of the border Contributors to the book are drawn from both academics and practitioners and include chapters on the history and development of policing in Scotland its structure and organisation Scottish devolution and policing the role of policing within the wider Scottish criminal justice system crime and policing community policing in Scotland policing drugs policing and youth justice human rights legislation and Scottish policing and the management of Scottish policing Governing Scotland James Mitchell,2003-11-25 Governing Scotland explores the origins and development of the Scottish Office in an attempt to understand Scotland s position within the UK union state in the twentieth century Two competing views were encapsulated in debates on how Scotland should be governed in the early twentieth century a Whitehall view that emphasised a professional bureaucracy with power centred on London and a Scottish view that emphasised the importance of Scottish national sentiment These views were ultimately reconciled in administrative devolution *Impaled Upon a Thistle: Scotland since 1880* Ewen Cameron,2010-03-30 Ewen Cameron explores the political debate between unionism liberalism socialism and nationalism and the changing political relationship between Scotland and the United Kingdom He sets Scottish experience alongside the Irish

Welsh and European and considers British dimensions of historical change involvement in two world wars imperial growth and decline for example from a Scottish perspective He relates political events to trends and movements in the economy culture and society of the nation s regions borders lowlands highlands and islands Underlying the history and sometimes impelling its ambitions are the evolution and growth of national self confidence and identity which fundamentally affected Scotland s destiny in the last century Dr Cameron ends by considering how such forces may transform it in this one Like the period it describes this book has politics at its heart The recent upsurge of scholarship and publication backed by the author s extensive primary research underpin its vivid and well paced narrative

Scotland, empire and decolonisation in the twentieth century Bryan Glass, John M. MacKenzie, 2017-03-01 This volume represents one of the first attempts to examine the connection between Scotland and the British empire throughout the entire twentieth century As the century dawned the Scottish economy was still strongly connected with imperial infrastructures like railways engineering construction and shipping and colonial trade and investment By the end of the century however the Scottish economy its politics and its society had been through major upheavals which many connected with decolonisation The end of empire played a defining role in shaping modern day Scotland and the identity of its people Written by scholars of distinction these chapters represent ground breaking research in the field of Scotland s complex and often changing relationship with the British empire in the period The introduction that opens the collection will be viewed for years to come as the single most important historiographical statement on Scotland and empire during the tumultuous years of the twentieth century A final chapter from Stuart Ward and Jimmi stergaard Nielsen covers the 2014 referendum
