Scottish Rhetoric And Its Influences Readings In Clabical Rhetoric S:

Scottish Rhetoric and Its Influences Lyne, Lewis Gaillet, 2016-07-22 An outgrowth of the recent meeting of the International Society of the History of Rhetoric this collection challenges the reader to reexamine the broad influence of 18th and 19th century Scottish rhetoric often credited for shaping present day studies in psychology philosophy literary criticism oral communication English literature and composition The contributors examine its influence and call for a new appraisal of its importance in light of recent scholarship and archival research Many of the essays in the first section discuss the contributions of recognized influential figures including Adam Smith and Hugh Blair Other essays focus on the importance of 18th century Scottish sermons in relation to public discourse audience analysis peer evaluation and professional rhetoric Essays in the second section address 19th century rhetorical theory and its influence on North American composition practice

The SAGE Handbook of Rhetorical Studies Andrea A. Lunsford, Kirt H. Wilson, Rosa A. Eberly, 2008-10-29 The SAGE Handbook of Rhetorical Studies surveys the latest advances in rhetorical scholarship synthesizing theories and practices across major areas of study in the field and pointing the way for future studies Edited by Andrea A Lunsford and Associate Editors Kirt H Wilson and Rosa A Eberly the Handbook aims to introduce a new generation of students to rhetorical study and provide a deeply informed and ready resource for scholars currently working in the field Key Features Brings together scholars from across the disciplines of Speech Communication English and Writing Studies While rhetoric is by definition interdisciplinary self identified scholars in the field are most often institutionally separated from one another This Handbook bridges this divide by providing a refreshing range of transdisciplinary views on the nature status definition and scope of rhetoric today Offers a thorough going overview of rhetorical studies today Organized in four sections Historical Studies in Rhetoric Rhetoric Across the Disciplines Rhetoric and Pedagogy and Rhetoric and Public Discourse the volume provides a single resource for engaging rhetorical studies Underscores the importance of rhetoric to education across a wide range of disciplines as well as to effective participation in public arenas Thus the volume connects rhetoric's long teaching tradition to an activist agenda for informed civic engagement Addresses methodological and theoretical difficulties and offers means of negotiating them Provides one of the first introductions to rhetorical studies across cultures and to the related debates concerning comparative and contrastive rhetorics

Rhetoric, History, and Women's Oratorical Education

David Gold, Catherine L. Hobbs, 2013-05-02 Historians of rhetoric have long worked to recover women's education in reading and writing but have only recently begun to explore women's speaking practices from the parlor to the platform to the varied types of institutions where women learned elocutionary and oratorical skills in preparation for professional and public life This book fills an important gap in the history of rhetoric and suggests new paths for the way histories may be told in the future tracing the shifting arc of women's oratorical training as it develops from forms of eighteenth century rhetoric into institutional and extrainstitutional settings at the end of the nineteenth century and diverges into several distinct streams of

community embodied theory and practice in the twentieth century. Treating key rhetorical genres, settings, and movements from the early republic to the present, these essays collectively challenge and complicate many previous claims made about the stability and development of gendered public and private spheres, the decline of oratorical culture, and the limits of women's oratorical forms such as elocution and parlor rhetorics, and women's responses to rhetorical constraints on their public speaking. Enriching our understanding of women's oratorical education and practice, this cutting-edge work makes an important contribution to scholarship in rhetoric and communication.

Fracking and the Rhetoric of Place Justin Mando, 2021-10-19 Fracking and the Rhetoric of Place investigates the rhetorical strategies of speakers at public hearings on hydraulic fracturing (fracking) in order to understand how places shape and are shaped by citizens as they engage in their democracy. As an important argumentative resource in environmental controversy, the rhetoric of place helps citizens situate themselves within local contexts and raise their voices in times of social conflict. Justin Mando uses rhetorical analysis, discourse analysis, and corpus analysis to offer scholars of place-based rhetoric and environmental communication a heuristic approach to studying their own sites. This approach reveals that place-based arguments are a ubiquitous rhetorical resource in the dispute over hydraulic fracturing that shapes how the issue is perceived. Pro-frackers and anti-frackers use rhetoric of place in striking ways that reveal their values, motivations, strengths, and weaknesses. Place functions as an interface of potential common ground that connects the local to the global: what is here to what is there. Scholars and students of rhetoric, communication, and environmental studies will find this book particularly interesting.

Scottish Philosophy of Rhetoric Rosaleen Keefe, 2014-03-25 The popular and successful rhetorical textbooks produced by the 18th-century Scottish philosophical tradition, such as George Campbell's *The Philosophy of Rhetoric* (1776), Hugh Blair's *Lectures on Rhetoric and Belles Lettres* (1783), and Alexander Bain's *English Composition and Rhetoric* (1877), have been widely accorded a role in the trajectories of 19th- and 20th-century literary theory. Scholars have generally overlooked them, however, as philosophical works. The selected writings chosen for this volume show how these rhetorical textbooks were a practical extension of the philosophy of language developed by 18th-century Scottish philosophers Francis Hutcheson, Adam Smith, Thomas Reid, Adam Ferguson, Alexander Gerard, and Henry Home, Lord Kames, advanced a radically new paradigm of language as an inherently mediated practice directed simultaneously to personal and social, moral and aesthetic uses. This Scottish philosophy of rhetoric powerfully influenced the teaching of language and literacy as tools for social and educational innovation. This volume, the first of its kind, offers a wide variety of writings on rhetoric and rhetorical theory selected in a way that reveals their intimate connection with the Scottish philosophical tradition.

Encyclopedia of Language and Linguistics , 2005-11-24 The first edition of ELL (1993), Ron Asher, Editor, was hailed as the field's standard reference work for a generation. Now the all-new second edition matches ELL's comprehensiveness and high quality, expanded for a new generation while being the first encyclopedia to really exploit the multimedia potential of linguistics. The most authoritative up-to-date

comprehensive and international reference source in its field An entirely new work with new editors new authors new topics and newly commissioned articles with a handful of classic articles The first Encyclopedia to exploit the multimedia potential of linguistics through the online edition Ground breaking and International in scope and approach Alphabetically arranged with extensive cross referencing Available in print and online priced separately The online version will include updates as subjects develop ELL2 includes c 7 500 000 words c 11 000 pages c 3 000 articles c 1 500 figures 130 halftones and 150 colour Supplementary audio video and text files online c 3 500 glossary definitions c 39 000 references Extensive list of commonly used abbreviations List of languages of the world including information on no of speakers language family etc Approximately 700 biographical entries now includes contemporary linguists 200 language maps in print and online Also available online via ScienceDirect featuring extensive browsing searching and internal cross referencing between articles in the work plus dynamic linking to journal articles and abstract databases making navigation flexible and easy For more information pricing options and availability visit www.info.sciencedirect.com The first Encyclopedia to exploit the multimedia potential of linguistics Ground breaking in scope wider than any predecessor An invaluable resource for researchers academics students and professionals in the fields of linguistics anthropology education psychology language acquisition language pathology cognitive science sociology the law the media medicine computer science The most authoritative up to date comprehensive and international reference source in its field

Democratic Vernaculars J Michael

Sproule, 2020-02-13 Democratic Vernaculars is a comprehensive culturally inclusive and thematically unified history of the communicative audience centered rhetorical vernacular that occupies the middle range of English bounded on the one side by expressive structure grammar and linguistics and on the other by aesthetics literature Broadening the history of rhetoric by considering a vast collection of vernacular resources such as elementary grammars and readers popular guidebooks textbooks and rhetorical treatises this book advances the history of the rhetorical theory and pedagogy since the 17th century by examining ways in which diverse vectors of the rhetorical vernacular coalesced to produce an English language sufficiently idiomatic for practical social exchange while being at the same time suitable for higher literary scholarly and cultural pursuits Democratic Vernaculars is essential reading for scholars in rhetoric and the histories of language and education and can serve as a text for upper division undergraduate and graduate courses in rhetoric

Contemporary

Composition Studies Edith Babin, Kimberly Harrison, 1999-12-30 Composition studies is a rapidly growing and constantly changing field At present however graduate students new to the field and writing teachers who want to make new connections between theory and practice have little choice of current reference works that define key terms in composition studies and provide information about the scholars and researchers who have shaped and are shaping the discipline This book supplies this information in an easily accessible format and places both scholars and terms in the context of the field's development Included are alphabetically arranged entries for 108 individuals who have developed the field and 128 terms

central to the discipline The first part of the book provides entries for leaders in composition studies Each entry identifies the areas in which the scholar has contributed most influentially to the field and provides both a chronological overview of the person's contributions and a bibliography of representative works The second part includes entries for terms that are problematic both for newcomers and for those already familiar with the discipline The entries for the terms show how the disciplinary context has shaped the ways in which they have been used The entries also indicate how established thinkers in composition studies and other disciplines have explained or defined the terms provide examples of the terms in context and list scholars often associated with them An appendix includes entries for scholars from other disciplines who have contributed to the field

Lectures on Rhetoric and Belles Lettres, 2005 This new edition of Hugh Blair's *Lectures on Rhetoric and Belles Lettres* edited by Linda Ferreira Buckley and S Michael Halloran answers the need for a complete reliable text The book seeks to generate a renewed interest in Blair by provoking new inquiries into the tradition of belletristic rhetoric and by serving as both aid and incentive to others who may join in the project of improving understanding of this landmark rhetorical scholarship This edition contains forty seven lectures and remains faithful to the text of the 1785 London edition The editors contextualize Hugh Blair's motivations and thinking by providing in their introduction an extended account of Blair's life and era The bibliography of works by and about Blair is an invaluable aid surpassing previous research on Blair Although the extent of its influence cannot be measured fully Blair's *Lectures on Rhetoric and Belles Lettres* was undoubtedly a primary vehicle for introducing many eighteenth and nineteenth century scholars to classical rhetoric and French belletristic rhetoric its success due in part to the ease with which the lectures combine neoclassical and Enlightenment thought accommodating emerging social concerns Ferreira Buckley and Halloran's extensive treatment revives the tradition of belletristic rhetoric improving the understanding of Blair's place in the study of eighteenth and nineteenth century discourse while finding him relevant in the twenty first century

Ramus, Pedagogy and the Liberal Arts Emma Annette Wilson, 2016-04-08 Most early modern scholars know that Petrus Ramus 1515 1572 is important but may be rather vague as to where his importance lies This new collection of essays analyses the impact of the logician rhetorician and pedagogical innovator across a variety of countries and intellectual disciplines reappraising Ramus in the light of scholarly developments in the fifty years since the publication of Walter Ong's seminal work *Ramus Method and the Decay of Dialogue* Chapters reflect the broad impact of Ramus and the Ramist method of teaching across many subjects including logic and rhetoric pedagogy mathematics philosophy and new scientific and taxonomic developments in the sixteenth and seventeenth centuries There is no current work that offers such a broad survey of Ramus and Ramism or that looks at him in such an interdisciplinary fashion Ramus influence extended across many disciplines and this book skillfully weaves together studies in intellectual history pedagogy literature philosophy and the history of science It will prove a useful starting point for those interested in Ramus and his impact as well as serving to redefine the field of Ramist studies

for future scholars *Eighteenth-Century British and American Rhetorics and Rhetoricians* Michael G. Moran, 1994-06-20 This reference provides critical overviews and bibliographic information for all major and many minor British and American rhetoricians of the eighteenth century **Rhetorical Traditions and British Romantic Literature** Don H. Bialostosky, Lawrence D. Needham, 1995 The contributors are Stephen C Behrendt Don H Bialostosky Jerome Christensen Richard W Clancey Klaus Dockhorn James Engell David Ginsberg Bruce E Graver Scott Harshbarger Theresa M Kelley J Douglas Kneale John R Nabholz Lawrence D Needham Marie Secor Nancy S Struever Leslie Tannenbaum and Susan J Wolfson **Encyclopedia of Language & Linguistics** E. K. Brown, 2006 *Adam Smith* Stephen J. McKenna, 2006-01-01

Advances in the History of Rhetoric Richard Leo Enos, David Beard, 2007-12-15 *Advances in the History of Rhetoric The First Six Years* is a comprehensive collection of 29 scholarly essays published during the first phase of the journal's history Research from prominent and developing scholars that was once difficult to acquire is now offered in a coherent and comprehensive collection that is complemented by a detailed index and unified bibliography This collection covers a range of periods and topics in the history of rhetoric including Greek and Roman rhetoric rhetoric and religion women in the history of rhetoric rhetoric and science Renaissance and British rhetorical theory rhetoric and culture and the development of American rhetoric and composition The editors Richard Leo Enos and David E Beard provide a preface and afterword that synthesize the mission and meaning of this work for students and scholars of the history of rhetoric *The Selected Writings of John Witherspoon* Thomas P. Miller, 2015-10-07 Considered the first significant teacher of rhetoric in America John Witherspoon also introduced Scottish moral philosophy to this country and as president of Princeton University reformed the curriculum to give emphasis to both studies He was an active pamphleteer on religious and political issues and a signer of the Declaration of Independence Editor Thomas P Miller argues that Witherspoon's career exemplifies the Ciceronian ideal and the eight selections Miller presents from the 1802 American edition of the Works corroborate that claim This paperback edition includes a new preface by the editor that surveys the scholarship published on Witherspoon over the past twenty five years and discusses how Miller's own perspective on Witherspoon has changed during that time **The Present State of Scholarship in Historical and Contemporary Rhetoric** Winifred Bryan Horner, 1990 In the years since its publication in 1983 *The Present State of Scholarship in Historical and Contemporary Rhetoric* has become a classic in its field proving to be an invaluable resource for students of rhetoric and composition as well as for scholars in English speech and philosophy This revised and updated edition defines the field of rhetoric as no other volume has Publishers website

Multiple Antiquities - Multiple Modernities Gábor Klaniczay, Michael Werner, Otto Gécser, 2011-09-12 Im 19. Jahrhundert war die Antike eine wichtige Bezugsgroße in vielen europäischen Ländern Dabei gab es Unterschiede in der Sicht und Aneignung der griechischen römischen und auch archaischen Antike Im Sinne einer Histoire croisée zeigt der Band wie jede Nation ihre eigene Antike schuf **The Dictionary of Eighteenth-century British Philosophers: A-J** John W.

Yolton, John Valdimir Price, 1999 This is a comprehensive reference source on 18th century authors writing in the English language about philosophical ideas and issues It features authors taken from 1689 through to the mid 19th century the period beginning with John Locke and ending with Dugald Stewart The word philosophical is used in a wide 18th century sense Therefore the Dictionary includes epistemology ethics aesthetics education politics rhetoric science medicine biology geology chemistry and theology

Romanticism and the Uses of Genre David Duff, 2009-11-12 This wide ranging book explores the generic innovations that drive the Romantic revolution in literature but also the fascination with archaic forms such as the ballad sonnet epic and romance whose revival and transformation make Romanticism a retro as well as a revolutionary movement
