*Castles and Tower Houses of the Scottish Clans 1450-1650* Stuart Reid, 2012-09-20 With the exception of the key royal sites such as Stirling and Edinburgh few Scottish castles were located at strategic points or were intended to house garrisons required to defend or subjugate towns Instead they were primarily fortified dwelling houses erected in an environment of weak Royal authority and endemic feuding between rival clans and groups in both Highland and Lowland areas Although some enceinte castles were developed during the 16th and 17th centuries most defensive construction focused on the tower house a distinctive vernacular style of Scottish fortification This book examines the design development and purpose of these quintessentially Scottish buildings and also covers larger sites such as Urquhart and Blackness **Scottish Clans and Their Associated Families** Robert J. Heston, 2022-06-07 Get accurate information about Scottish clans family associations and societies in this updated edition of *Scottish Clans and Their Associated Families* Robert J Heston expands on his groundbreaking work to focus on the Standing Council of Scottish Chiefs SCSC list of 353 clans In addition the author has retained the details of thirty three Scottish families who are active in the United States and not cited in the SCSC list When using this book it is important to note that most Scottish clan and family organizations have clauses in their family lists stating that variations in spelling of these names are accepted Therefore this book provides the researcher the ability to look beyond an exact spelling of a name Other books on this subject focus on a small number of clans ancient names and the preferred spellings of these small number of families Some associate an individual name to a tartan which can be problematic With more than 12 000 names with the sources where these names were found this work is the best source focused on identifying family surnames associated with Scottish clans houses and families Scottish Clan and Family Names Roderick Martine, 1987 A guide to the surnames of Scotland with each entry covering the history land areas castles and tartans Includes 240 tartans and maps *Highlanders* Fitzroy Maclean, 1995 Recounts the history of the Highland clans from their earliest Celtic origins to Robert the Bruce and Bannockburn from Mary Queen of Scots to the nineteenth century clearances

McIntosh,2018-02-14 I started writing this book in an effort to be as accurate as possible regarding the clans their septs and spelling variations As a convener for my clan it has been frustrating to rely on books written to sell tartan or to be all inclusive This book has been written to identify the septs and spelling variations for Scottish clans It is not intended to be a guide for tartans I have written this book after talking to as many Chiefs in Scotland as I could reach If the chiefs were unavailable I relied on the Scotland based websites for the clans For clans without a Scotland based site I relied on other UK websites As a last resort I contacted US based Societies or their leadership Some names have been removed from the various lists in the effort to be accurate There are many clan house groups both Highland and Lowland that have a differing list of names between the Scotland Chiefs or Societies and the US Societies In some cases US Clans or Houses may not be happy with the lists of their septs and spelling variations Many US Societies have added more names to bolster membership and to be all inclusive This book does not include the cadet clans and their septs as part of the parent clan Cadet clans were those that were started by a second son In the case of these clans they are listed as their own entity septs and spellings It should be noted that many Highland Clans were known to have both spelling variations and septs Lowland Houses on the other hand only had spelling variations despite what may be argued Also for a clan that has a Gaelic name and an English name both were shown with their spellings Clan House Hay is a notable exception where they are a clan of five joined houses that have several septs Most Lowland family groups were known as Houses as well as Highland groups not of Gaelic descent More recently some have started to refer to themselves as Clans There is also conjecture as to if there were ever really any septs for clans at all Some historians believe that septs were a byproduct of the Victorian Age However some family names have been associated with a clan well before that Age It is my hope that this book will help other conveners be as accurate as they can be in their duties to their clans
