**Wellhausen and Kaufmann** Aly Elrefaei, 2016-01-15 The controversy between Wellhausen and Kaufmann concerning the history of ancient Israel and the question of historical reconstruction has prompted this study While Wellhausen's hypothesis introduces a synthesis of the religious development of ancient Israel Kaufmann's work emphasizes the singularity of the Israelite religion Their respective works which represent the methodologies presuppositions and the ideologies of their times remain an impetus to further inquiry into the history of ancient Israel and its religion Both Wellhausen and Kaufmann applied the historical critical method but were divided as to its results They agree that the Old Testament Hebrew Bible is the primary source on which to base writing about the history of ancient Israel but differ concerning the authority of its text This book illustrates the real clash between Wellhausen and Kaufmann with the aim of providing some basis for reaching a middle ground between these two poles As becomes clear in this study Wellhausen reconstructed the religion of Israel in the framework of its history Kaufmann by contrast proposed that monotheism emerged in Israel as a new creation of the spirit of Israel Mariam, the Magdalen, and the Mother Deirdre Joy Good, 2005 Revelatory essays on the Mary figures of the Bible

**Mother Tongues and Other Reflections on the Italian Language** Giulio C. Lepschy, 2002-01-01 In this collection of six scholarly essays on the Italian language Giulio Lepschy discusses issues ranging from Italian literary and spoken history to prosody and a play of the Italian Renaissance The Social Structure of Israel Hana Harlap, 1971 Bodies, Masses, Power Warren Montag, 1999 This book seeks to show against the grain of English language commentary that Spinoza is neither a Cartesian nor a liberal but precisely the most thoroughgoing materialist in the history of philosophy The work begins by examining Spinoza s notion of the materiality of writing a notion developed through his examination of scripture It then postulates the three fundamental principles of Spinoza s philosophy there can be no liberation of the mind without a liberation of the body and no liberation of the individual without a collective liberation and that the written form of these propositions itself possesses a corporeal existence not as the realization or materialization of a pre existing mental spiritual intention but as a body among other bodies Ultimately the book prompts us to consider Spinoza s philosophy anew by replacing questions like Who has read it and Of those how many of us have understood it with What material effects has it produced not only on or in minds but on bodies as well and To what extent has it moved bodies and what has it moved them to No One s Ways Daniel Heller-Roazen, 2017-03-21 Homer recounts how trapped inside a monster s cave with nothing but his wits Ulysses once saved himself by twisting his name He called himself Outis No One or Non One No Man or Non Man The play was a success He blinded his barbaric host and eluded him becoming anonymous for a while even as he bore a name Philosophers never forgot the lesson that the ancient hero taught From Aristotle and his commentators in Greek Arabic Latin and more modern languages from the masters of the medieval schools to Kant and his many successors thinkers have

exploited the possibilities of adding non to the names of man Aristotle is the first to write of indefinite or infinite names his example being non man Kant turns to such terms in his theory of the infinite judgment illustrated by the sentence The soul is non \_mortal Such statements play unexpected and often major roles in the systems of Salomon Maimon Hegel and Hermann Cohen before being variously and profoundly reinterpreted in the twentieth century Reconstructing the adventures of a particle in philosophy Heller Roazen s book shows how a grammatical possibility can be an incitement for thought Yet it also draws a lesson from persistent examples The philosophers infinite names all point to one subject us Non man or soul Spirit or the unconditioned we are beings who name and name ourselves bearing witness to the fact that we are in every sense unnamable
