Scripture Stories Or Sacred History:

The Scripture reader's guide to the devotional use of the holy Scriptures Caroline Wilson, 1828 **The Scripture Reader's Guide to the Devotional Use of the Holy Scriptures** afterwards WILSON FRY (Caroline), 1828 **Scripture Stories, Or, Sacred History Familiarly Explained and Applied to Children**, 1826 Romans: Three Exegetical Interpretations and the History of Reception Daniel Patte, 2018-07-26 In the first of a three volume work Daniel Patte presents three very different critical exegeses of Romans 1 arguing that all are equally legitimate and hermeneutically plausible By expanding upon and respecting the exegeses of many erudite scholars of the last two centuries Patte concludes that three families of vastly different critical interpretations are fully justified traditional philological and epistolary studies rhetorical and sociocultural studies and figurative studies of the coherence of Paul's teaching Arising from a long standing interdisciplinary investigation of many receptions of Romans in light of recent diversification of exegetical methodologies Patte concludes that the interpretation of a scriptural text necessarily involves making a choice among equally legitimate and plausible alternatives and second that this choice is always contextual and ethical When these points are denied by failing to respect the interpretations of others and absolutizing one's interpretation instead of being a scriptural blessing Romans becomes a deadly weapon against others heretics Jews Shoah and many others The result is a threefold commentary of Romans 1 that is unique in its scope and thorough going exegesis **The American Catalog**, 1891 **The Saint's Life and the Senses of Scripture** Ann W. Astell, 2024-07-15 Through close examination of ancient medieval and modern Lives of the saints Ann W Astell demonstrates how the historical transformation of hagiography as a genre correlates with similar changes in biblical studies Christian hagiography flourished from the fourth to the fifteenth centuries illuminating the gospel through the overlapping forms of exempla and vita Originally the Lives of the saints were understood as hermeneutical extensions of the Bible God authors the saint just as God authors the divinely inspired scriptures During the medieval period a sense of dual authorship between God and the cooperating saint developed paralleling the Scholastic impulse to assign greater agency to the human writers of scripture Then in the sixteenth century powerful new anxieties about historical truth pushed hagiography aside for biography its successor Drawing on her expertise in the history of Christianity and biblical exegesis Astell convincingly shows how this radical shift in hagiography's status the loss of the literal allegorical tropological and anagogical senses of the Lives serves as a bellwether for modern biblical reception **What Is Your Practice?** Liz Forney, Norvene Vest, 2015-08-01 *What Is Your Practice* presents a variety of foundational Christian ascetical practices translated into contemporary idiom Instead of relying on imperatives and fixed answers readers are encouraged to experiment with and commit to sustained practices that can help them to live faithfully with important questions during unsettled times **The Oxford Companion to Children's Literature** Daniel Hahn, Michael Morpurgo, 2015 The last thirty years have witnessed one of the most fertile periods in the history of children's books A fascinating reference guide to the
