God Joseph A. Bracken,2008 Drawing on the wisdom and teaching experience of highly respected theologians the Engaging Theology series builds a firm foundation for graduate study and other ministry formation programs Each of the volumes Scripture Jesus God Anthropology and Church is concerned with retrieving carefully evaluating and constructively interpreting the Christian tradition Comprehensive in scope and accessibly written these volumes used together or independently will stimulate rich theological reflection and discussion More important the series will create and sustain the passion of the next generation of theologians and church leaders The word God said Martin Buber decades ago is the most heavy laden of all human words None has become so soiled so mutilated Twenty first century discourse and action often perpetuate that lack of reverence In this volume Joseph Bracken shows us a better way He begins with Christianity s roots in Judaism and the inherent struggle to explain the reality of three persons in God who is one He allows readers to engage in the lively and fruitful trinitarian debates of the early church and discover how the classical doctrine of the Trinity has shaped the church through the centuries He offers a solid theological treatment of the history of the doctrine of God and its relevance for Christians today for dialogue between Christian men and women between Christianity and other religions and between religion and science Systematic theology at its best *God Three Who Are One* helps us find unexpected unity and consensus in a world full of troubling differences Along the way Bracken urges us to pray as well as think and to let rational reflection lead to praise and worship thereby giving the doctrine of the Trinity its due reverence and care

The Trinity Hans Schwarz,2017-09-15 In the last thirty years books on the Trinity have abounded There seems to be a fascination with this mysterious topic especially among systematic theologians The topic has been mined for many different interests from liberation theology to feminist interpretations of the Christian heritage and from neo Reformation theology to interreligious dialogue This book has no intention of adding to the plethora of treatises on the Trinity The main question with which it is concerned is what is really scripturally tenable with regard to the Trinity and what is unwarranted theological construction or even speculation Through this question Schwarz tries to discern whether the theological assertions made about the Trinity are in line with the biblical base from which they are derived or whether they have veered off in a more or less questionable direction What takes shape here is a story how the doctrine of the Trinity developed over the subsequent centuries from the traces in Scripture to a centralized dogma at the heart of Christian teaching We witness in this an evolution from proclamation to controversy to speculation What are we to make of this doctrine How do we articulate the biblical faith today

God as Communion Patricia Fox,2001 God As Communion explores ancient and new meanings of the

symbol of God as Trinity and brings the Christian traditions of West and East into dialogue Through an exploration of the works of two contemporary theologians Fox retrieves this central Christian symbol and uncovers its transforming power for the Church and world today Majority World Theology Gene L. Green,Stephen T. Pardue,K. K. Carr,Mary Stewart Van Leeuwen,1996-01-01 Contemporary women s movement and the future of the American family Faith, Freedom and the Spirit Paul D. Molnar,2015-01-28 Paul Molnar adds to his previous work on the immanent Trinity to consider divine and human interaction in faith and knowledge within history He begins with the role of faith in knowing God through his incarnate Word and thus through the Holy Spirit seeing divine freedom as the basis for true human freedom
