Longing For Certainty:

Anxiety and Longing in Modern Times: A Philosophical Examination of Selected Films Pasquale De Marco, 2025-04-14 Delve into the depths of the human experience with *Anxiety and Longing in Modern Times: A Philosophical Examination of Selected Films*, a thought-provoking exploration of existential themes through the lens of selected films. This book offers a unique perspective on the human condition, inviting readers to reflect on their own lives and the choices they make. Through the careful analysis of films representing diverse genres and styles, *Anxiety and Longing in Modern Times: A Philosophical Examination of Selected Films* examines the choices, struggles, and aspirations of fictional characters, providing insights into universal questions about love, loss, identity, and the pursuit of happiness. The book delves into the illusion of comfort, the paradox of choice, the nature of love, the battle against time, the meaning of life, the human condition, the quest for truth, the beauty of imperfection, the power of forgiveness, and the promise of hope. Each chapter explores a different aspect of the human experience, offering a rich tapestry of perspectives on the challenges and opportunities we all face. *Anxiety and Longing in Modern Times: A Philosophical Examination of Selected Films* is not intended to provide definitive answers to the profound questions it raises. Instead, it aims to provoke thought, stimulate discussion, and encourage readers to embark on their own journey of self-discovery. Whether you are a film buff, a philosophy enthusiast, or simply someone seeking to understand the complexities of life, *Anxiety and Longing in Modern Times: A Philosophical Examination of Selected Films* offers a profound and rewarding journey into the human experience. Through the power of cinema, the book invites readers to explore the depths of their own humanity and find new ways to navigate the challenges and opportunities of modern life. This book is a must-read for anyone seeking to gain a deeper understanding of themselves, their relationships with others, and the world around them. With its insightful analysis and thought-provoking exploration of existential themes, *Anxiety and Longing in Modern Times: A Philosophical Examination of Selected Films* is a valuable resource for anyone seeking to live a more meaningful and fulfilling life. If you like this book, write a review on Google Books. [Critical Theory, Poststructuralism and 'Nietzsche's Paradox'](#) Nektarios Kastrinakis, 2025-07-18 *Critical Theory, Poststructuralism and Nietzsche's Paradox* addresses a fundamental question in the exchange between Critical Theory and poststructuralism: is poststructuralism justified in its critique of dialectical thinking, and in the conclusion of this critique that we need to leave dialectics behind us to properly understand the social world? When Deleuze's book *Nietzsche and Philosophy* was first published back in 1962, it caused a sensation in France, and its Nietzschean critique of Hegelian dialectics played a pivotal role in the emergence of the current of thought we call poststructuralism. However, to what extent is this critique valid and justified? This question has never been adequately investigated. With this book, Nektarios Kastrinakis attempts such an investigation through the exploration of the influence of Nietzsche in both Deleuze and Adorno. More specifically, he investigates a paradox in 20th-century philosophy: the paradox of Nietzsche. Nietzsche is claimed by Deleuze to be a fierce critic of Hegel's dialectics, and by authors like Gillian

Rose and Karin Bauer to be the originator of Adorno's negative dialectics. Kastrinakis argues that there are in fact at least two Nietzsches: one with an irrationalistic and one with a rationalistic critique of identity thinking on which both poststructuralism, Deleuze and Critical Theory, Adorno respectively lay a legitimate claim. He moreover enacts the missing in the literature debate between Adorno and Deleuze which concludes that Adorno's critique of identity thinking, his negative dialectics when modified to include an affirmative moment at its heart, unacknowledged by Adorno himself, can effectively challenge Deleuze's Nietzschean critique of dialectics. Critical Theory, Poststructuralism and Nietzsche's Paradox intervenes in the boundary between political philosophy and philosophy and will be of interest to scholars of Nietzsche, Deleuze, Adorno but also generally of poststructuralism and Critical Theory in these disciplines.

The Legacy of Oliver Wendell Holmes, Jr

Robert Watson Gordon, 1992. On his retirement from the Supreme Court at the age of 90 in 1932, Oliver Wendell Holmes Jr was celebrated as few judges have ever been beloved and revered as a national treasure. Holmes's influence magnified into legend by the attention he has continued to receive has helped to constitute the identity of the legal profession, the conception of the judicial function and the role of the public intellectual in modern American culture. The present collection of seven essays attempts to view Holmes's work apart from the restricted framework supplied by traditional jurisprudence by reassessing Holmes as an intellectual, a legal theorist and an iconic public figure and culture hero. Each essay adds something new and distinctive to the scholarly controversies that have surrounded Holmes for over a century. J. W. Burrow begins the volume by looking at Holmes's relations to various strands of Victorian social thought; the next three essays approach each from a different angle: the problem of Holmes's relationship to formalism or classical orthodoxy in legal thought; Morton Horowitz provides a sweeping reassessment of the development of Holmes's legal thinking between the early period of the 1870s and 1880s and *The Path of the Law* in 1897; Mathias Reimann presents the first thorough exploration of Holmes's use, misuse more often of German philosophy, notably his discrediting in *The Common Law* of the legacy of Kant and Hegel; Stephen Diamond approaches Holmes's jurisprudence and his broader social and personal views by another original pathway: his legal opinions in taxation cases and his private views on taxation. The final three essays consider Holmes as a man of letters and representative man of the American scene, both as he created himself and as he was created by others. Robert Ferguson shows how Holmes deliberately went about the work of fashioning the public persona of a judge; Peter Gibian shows how Holmes's construction of his public style was formed as a deliberate reaction against that of his famous father, Dr Oliver Wendell Holmes Sr. The final essay by David Hollinger has a dual purpose: to ask what Holmes meant by the scientific way of looking at the world and to discover how Holmes came to be such a hero to liberal Jewish intellectuals like Felix Frankfurter and Harold J. Laski.

The Longing Paul K. Hooker, 2024-04-02. Beneath the noise and errands of everyday life, there is a longing, a yearning. What precisely we long for is not always clear; indeed, perhaps it is many things. Or perhaps it is finally one thing, the

One that is behind and beneath all things Paul Hooker probes this longing in the poem cycle of this book exploring poetically the yearning that underlies life love work worship and faith itself In the collections Traditions and Transitions he explores that longing in both biblical and experiential contexts And in the concluding essay Sightings of the Holy he meditates on four poems and the glimpses they provide of the Holy a reality accessible only out of the corners of one's eyes **Protestant Journalism** Anonymous,2025-07-18 Reprint of the original first published in 1874 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **Loving to Know** Esther Lightcap Meek,2011-06-01 Knowing is less about information and more about transformation less about comprehension and more about being apprehended This radical book develops the notion of covenant epistemology an innovative biblically compatible holistic embodied life shaping epistemological vision in which all knowing takes the shape of interpersonal covenantal relationship Rather than knowing in order to love we love in order to know Meek argues that all knowing is best understood as transformative encounter Creatively blending insights from a diverse range of conversation partners including Michael Polanyi Michael D Williams Lesslie Newbigin Parker Palmer John Macmurray Martin Buber and James Loder Meek offers critically needed epistemological therapy in response to the pervasive and damaging presumptions that those in Western culture continue to bring to efforts to know The book's innovative approach an unfolding journey of discovery through dialogue itself subverts standard epistemological presumptions of timeless linearity While it offers a sustained and sophisticated philosophical argument Loving to Know's texts and textures interweave loosely to effect therapeutic epistemic transformation in the reader **Pragmatism, Spirituality and Society** Ananta Kumar Giri,2020-12-02 This book explores border crossing among pragmatism spirituality and society It opens up American pragmatism to dialogues with pragmatism and spiritual quest from other traditions such as India and China thus making contemporary pragmatism a part of much needed planetary conversations It cultivates new visions and practices of spiritual pragmatism building upon the seminal works of Charles Sanders Pierce William James Sri Aurobindo John Dewey Martin Heidegger Mahatma Gandhi B R Ambedkar Ludwig Wittgenstein and Luce Irigaray which can help us rethink and transform conventional conceptions and constructions of practice pragmatism language religion politics society culture and democracy and create new relationships of pragmatism spirituality and society *The Tragedy of Almightyness* Sybe Schaap,2016-01-06 The Tragedy of Almightyness encircles the theme of human yearning for omnipotence as expressed in religion and various ideologies The central question revolves around the matter of what in pursuing such an extreme power of the will man seeks to achieve While exploring the question a thought provoking link is made between religion and atheism between the Biblical longing for God's promise and the Marxist appeal for man to realize that same promise Omnipotence must vouch for the fulfilling of the promise for justice and for man's dream of redemption However that is not where it ends The longing for salvation turns out to have a dangerous reverse

side to it because it encourages a turning away from the actual world and the all pervading evil Omnipotence also facilitates the avenging of such evil History has shown what this kind of yearning can lead to The book demonstrates how modernity translates Biblical longings into ideologically justified revengefulness The description of this process leads to a plea for renewed ethical purpose in life It is a challenge that also extends to religion Hence the reason that it is necessary to depart from the idea of omnipotence
