Ellen L. Short, Leo Wilton

Longing To Tell Black Women Talk About Sexuality And Intimacy:

Longing to Tell, 2003 Rose presents in depth sexual testimonies of black women Spanning a broad range of ages levels of education and socioeconomic backgrounds nineteen women provide insights into the many ways black women navigate the complex terrain of sexuality *Longing to Tell* Tricia Rose, 2003 In this book Tricia Rose breaks the silence by presenting for the first time the in depth sexual testimonies of black women Spanning a broad range of ages levels of education and socioeconomic backgrounds nineteen women in their own words talk with startling honesty about sex love family relationships body image and intimacy Their moving stories provide revealing insights into the many ways black women navigate the complex terrain of sexuality Compelling surprising and powerful *Longing to Tell* is sure to jump start a dialogue and will be required reading for anyone interested in issues of race gender and sexuality BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Crafting Identities, Remapping Nationalities* Cécile Coquet-Mokoko, Trevor Harris, 2011-12-08 In the different versions of multiculturalism that have re shaped English speaking societies and political systems identities appear more plastic than in societies which have constructed their national narratives on more stubborn denials of their colonial and patriarchal pasts yet the myth of purity or authenticity and separatist temptations remain very real parameters of identity politics In such contexts crafting an identity for oneself implies expectations of consistency linked not only to the individual need to prove oneself and disprove stereotypes and statistics but also to the broader political goal of dis alienating or as it were de Othering oneself and one s community The contributors to this book explore the different ways from the most institutional to the most intimate in which people articulate the politics of memory and the creation of national narratives or communal and personal identities **Consent in the Presence of Force** Emily A. Owens, 2022-12-06 In histories of enslavement and in Black women s history coercion looms large in any discussion of sex and sexuality At a time when sexual violence against Black women was virtually unregulated even normalized a vast economy developed specifically to sell the sexual labor of Black women In this vividly rendered book Emily A Owens wrestles with the question of why white men paid notoriously high prices to gain sexual access to the bodies of enslaved women to whom they already had legal and social access Owens centers the survival strategies and intellectual labor of Black women enslaved in New Orleans to unravel the culture of violence they endured in which slaveholders obscured the presence of force with arrangements that included gifts and money Owens s storytelling highlights that the classic formulation of rape law that requires the presence of force and the absence of consent to denote a crime was in fact a key legal fixture that packaged predation as pleasure and produced rather than prevented violence against Black women Owens dramatically reorients our understanding of enslaved women s lives as well as of the nature of violence in the entire venture of racial slavery in the U S South Unsettling the idea that consent is necessarily incompatible with structural and interpersonal violence this history shows that when sex is understood as a transaction women are imagined as responsible

for their own violation *Erotic Revolutionaries* Shayne Lee, 2010-08-04 Why is there no pro sex contingency in black feminist scholarship Why do so few African American scholars expound on issues celebrating female sexual pleasure Perhaps the answers to these questions reside within a discursive matrix of sexual repression commonly referred to as the politics of respectability and its rein on black sexual politics In *Erotic Revolutionaries Black Women Sexuality and Popular Culture* sociologist Shayne Lee steers black sexual politics toward a more sex positive trajectory Introducing feminist analysis to a conceptual m nage trois of scripting theory media representation and black sexual politics Lee considers the ways in which the feminist quest for social and sexual equality can delve into popular culture to see the production of subversive scripts for female sexuality and erotic agency Whereas most feminist scholarship underscores how sexual representations of black women in media are exploitative and problematic Lee portrays black female celebrities like Janet Jackson Beyonc Karrine Steffans Zane Tyra Banks Juanita Bynum Sheryl Underwood and many more as feminists of sorts who afford women access to cultural tools to renegotiate sexual identity and celebrate sexual agency and empowerment *Erotic Revolutionaries* navigates the uncharted spaces where social constructionism third wave feminism and black popular culture collide to locate a new site for sexuality studies that is theoretically innovative politically subversive and stylistically chic Talking About Structural Inequalities in Everyday Life

Ellen L. Short, Leo Wilton, 2016-02-01 The book *Talking About Structural Inequalities in Everyday Life* New Politics of Race in Groups Organizations and Social Systems provides critical attention to contemporary innovative and cutting edge issues in group organizational and social systems that address the complexities of racialized structural inequalities in everyday life This book provides a comprehensive focus on systemic societal and organizational functioning in a variety of contexts in advancing the interdisciplinary fields of human development counseling social work education public health multiculturalism cultural studies and organizational consultation One of the most fundamental aspects of this book engages readers in the connection between theory and praxis that incorporates a critical analytic approach to learning and the practicality of knowledge A critical emphasis examines how inequalities and power relations manifest in groups organizations communities and social systems within societal contexts In particular suppressing talk about racialized structural inequalities in the dominant culture has traditionally worked to marginalize communities of color The subtle barely visible and sometimes unspeakable behavioral practices involving these racialized dynamics are explored This scholarly book provides a valuable collection of chapters for researchers prevention experts clinicians and policy makers as well as research organizations not for profit organizations clinical agencies and advanced level undergraduate and graduate courses focused on counseling social work education public health organizational consultation and advocacy

Spirit, Faith and Church Laurence Lux-Sterritt, Claire Sorin, 2011-10-18 Contradictions are legion when it comes to women and spirituality In Christian cultures the worth of the female sex is highly ambivalent since virginity and motherhood are construed respectively as badges of purity and fruitfulness whilst the biological processes which underlie them are

considered taboo or impure Throughout history women are in turn represented as inferior defective creatures or as privileged empty vessels in their relationship with the divine This polarized conception of woman has influenced the way in which religious institutions learned writers or indeed women themselves consider the female personal and collective relationship with the supernatural with the divine and with the institutions which represent it Through eleven original essays this volume questions how women from the English speaking world have negotiated their roles in the spiritual and religious spheres From early modern Catholics and Puritan groups to twenty first century nuns Anglican ministers and Mormons how did women define their roles in male dominated institutions How did they react to the public perceptions of their bodies as either incompatible with or facilitating access to the divine The questions at the core of this book hinge upon the articulation between the female self body and soul and its experience of the preternatural of faith and of institutionalized groups Are there specific forms of female spirituality and do they lead to a feminized feminist conception of God

Queer Newark Whitney Strub,2024-02-16 Queer Newark charts an alternate history of LGBTQ life in America where working class people of color are the central actors Uncovering the sites and people of Newark s queer past in bars discos ballrooms and churches these essays reveal how violence poverty and homophobia could never suppress joy resistance love and desire

Rape and Resistance Linda Martín Alcoff,2018-05-29 Sexual violence has become a topic of intense media scrutiny thanks to the bravery of survivors coming forward to tell their stories But unfortunately mainstream public spheres too often echo reports in a way that inhibits proper understanding of its causes placing too much emphasis on individual responsibility or blaming minority cultures In this powerful and original book Linda Mart n Alcoff aims to correct the misleading language of public debate about rape and sexual violence by showing how complex our experiences of sexual violation can be Although it is survivors who have galvanized movements like MeToo when their words enter the public arena they can be manipulated or interpreted in a way that damages their effectiveness Rather than assuming that all experiences of sexual violence are universal we need to be more sensitive to the local and personal contexts who is speaking and in what circumstances that affect how activists and survivors protests will be received and understood Alcoff has written a book that will revolutionize the way we think about rape finally putting the survivor center stage

Speaking of Rape Danielle Tumminio Hansen,2024 Rape survivors need words to recover and tell their stories But the words available often fail to describe their experiences which isolates and silences them enables future perpetration and lets rape remain unacknowledged Tumminio Hansen offers fresh ways of speaking and listening that reframe how we can describe discuss and address rape
