Looking Toward Ararat Armenia In Modern History:

Looking Toward Ararat Ronald Grigor Suny, 1993-05-22 As a new independent Republic of Armenia is established among the ruins of the Soviet Union Armenians are rethinking their history the processes by which they arrived at statehood in a small part of their historic homeland and the definitions they might give to boundaries of their nation Both a victim and a beneficiary of rival empires Armenia experienced a complex evolution as a divided or an erased polity with a widespread diaspora Ronald Grigor Suny traces the cultural and social transformations and interventions that created a new sense of Armenian nationality in the nineteenth and twentieth centuries Perceptions of antiquity and uniqueness combined in the popular imagination with the experiences of dispersion genocide and regeneration to forge an Armenian nation in Transcaucasia Suny shows that while the limits of Armenia at times excluded the diaspora now at a time of state renewal the boundaries have been expanded to include Armenians who live beyond the borders of the republic *The Armenians*

Germ n C Friedmann Mar a In s Tato and Stefan Rinke Transatlantic Battles European Immigrant Communities in South America and the World Wars is now available in paperback for individual customers **Crimes of State Past and Present** David Crowe,2013-09-13 War Crimes and acts of genocide are as old as history itself but particularly during the 20th century Yet what are war crimes and acts of genocide And why did it take the world so long to define these crimes and develop legal institutions to bring to justice individuals and nations responsible such crimes Part of the answer lies in the nature of the major wars fought in the 20th century and in the changing nature of warfare itself This study looks at war crimes committed during the Second World War in the USSR Yugoslavia Germany and efforts to bring the perpetrators to justice This led to successful postwar efforts to define and outlaw such crimes and more recently the creation of two international courts to bring war criminals to justice This did not prevent the commitment of war crimes and acts of genocide throughout the world particularly in Asia and Africa And while efforts to bring war criminals to justice has been enhanced by the work of these courts the problems associated with civil wars command responsibility and other issues have created new challenges for the international legal community in terms of the successful adjudication of such crimes This book was based on a special issue of Nationalities Papers **The American Bibliography of Slavic and East European Studies for 1994** Patt Leonard,Rebecca Routh,1997-05-31 This text provides a source of citations to North American scholarships relating specifically to the area of Eastern Europe and the former Soviet Union It indexes fields of scholarship such as the humanities arts technology and life sciences and all kinds of scholarship such as PhDs The Shadow of War Stephen Lovell,2011-06-24 Taking the achievements ambiguities and legacies of World War II as a point of departure The Shadow of War The Soviet Union and Russia 1941 to the Present offers a fresh new approach to modern Soviet and Russian history Presents one of the only histories of the Soviet Union and Russia that begins with World War II and goes beyond the Soviet collapse through to the early twenty first century Innovative thematic arrangement and approach allows for insights that are missed in chronological histories Draws on a wide range of sources and the very latest research on post Soviet history a rapidly developing field Supported by further reading bibliography maps and illustrations **Heretics and Colonizers** Nicholas B. Breyfogle,2011-08-11 In Heretics and Colonizers Nicholas B Breyfogle explores the dynamic intersection of Russian borderland colonization and popular religious culture He reconstructs the story of the religious sectarians Dukhobors Molokans and Subbotniks who settled either voluntarily or by force in the newly conquered lands of Transcaucasia in the nineteenth century By ordering this migration in 1830 Nicholas I attempted at once to cleanse Russian Orthodoxy of heresies and to populate the newly annexed lands with ethnic Slavs who would shoulder the burden of imperial construction Breyfogle focuses throughout on the lives of the peasant settlers their interactions with the peoples and environment of the South Caucasus and their evolving relations with Russian state power He draws on a wide variety of archival sources including a large collection of previously unexamined letters memoirs and other documents produced by the sectarians that allow him

unprecedented insight into the experiences of colonization and religious life Although the settlers suffered greatly in their early years in hostile surroundings they in time proved to be not only model Russian colonists but also among the most prosperous of the Empire's peasants Banished to the empire's periphery the sectarians ironically came to play indispensable roles in the tsarist imperial agenda The book culminates with the dramatic events of the Dukhobor pacifist rebellion a movement that shocked the tsarist government and received international attention In the early twentieth century as the Russian state sought to replace the sectarians with Orthodox settlers thousands of Molokans and Dukhobors immigrated to North America where their descendants remain to this day **New States, New Politics** Ian Bremmer, Ray

Taras, 1996-12-28 Since its publication in 1993 *Nations and Politics in the Soviet Successor States* edited by Ian Bremmer and Ray Taras has established itself internationally as the genuinely comprehensive systematic and rigorous analysis of the nation and state building processes of the fifteen states that grew out of the 1991 collapse of the Soviet Union *New States New Politics Building the Post Soviet Nations* was first published in 1997 and succeeds and replaces the editors' earlier book with a fresh collection of specially commissioned studies from the world's foremost specialists Far from eradicating tensions among the former Soviet peoples the disintegration of empire saw national minorities rediscovering long suppressed identities The contributors to *New States New Politics* bring together historical and ethnic backgrounds with penetrating political analysis to offer an intriguing record of the different roads to self assertion and independence being pursued by these young nations *The Armenians* Razmik Panossian, 2006-05-27 *The Armenians* traces the evolution of Armenia and Armenian collective identity from its beginnings to the Armenian nationalist movement over Gharabagh in 1988 Applying theories of national identity formation and nationalism Razmik Panossian analyzes different elements of Armenian identity construction and argues that national identity is modern predominantly subjective and based on a political sense of belonging Yet he also acknowledges the crucial role of history art literature religious practice and commerce in preserving the national memory and shaping the cultural identity of the Armenian people Panossian explores a series of landmark events among them Armenians' first attempts at liberation the Armenian renaissance of the nineteenth century the 1915 genocide of the Ottoman Armenians and Soviet occupation He shows how these influences led to a multilocal evolution of Armenian identity in various places in and outside of Armenia notably in diasporan communities from India to Venice Today these numerous identities contribute to deep divisions and tensions within the Armenian nation the most profound of which is the cultural divide between Armenians residing in their homeland and those who live in the United States Canada the Middle East and elsewhere Considering the diversity of this single nation Panossian questions the theoretical assumption that nationalism must be homogenizing Based on extensive research conducted in Armenia and the diaspora including interviews and translation of Armenian language sources *The Armenians* is an engaging history and an invaluable comparative study
