Lord of the Four Quarters John Weir Perry,1970 The Idols of Death and the God of Life Pablo Richard,2009-05-01 Contents I Biblical Theology of Confrontation with Idols by Pablo Richard II The Gods of Oppression by J Severino Croatto III Divine Judgment In History by George V Pixley IV The Epiphany of the God of Life in Jesus of Nazareth by Jon Sobrino V The God of the Strategic Covenant by Victorio Araya G VI The Task of Making God Exist by Joan Casa as VII Meditation on the God of the Poor by Javier Jim nez Lim n VIII God Bursts Forth in the Experience of Life by Frei Betto Carlos Alberto Libanio Christo IX The Economic Roots of Idolatry Entrepreneurial Metaphysics by Franz Hinkelammert X The Faith of the Poor in Their Struggle with Idols by Hugo Assmann War of Titans Jackie DiSalvo,2010-11-23 In a dramatically original analysis Jackie DiSalvo explores Blake s reworking of Genesis and Paradise Lost in his prophetic poem The Four Zoas creating a compelling new reading of both Milton and Blake With informed argument and provocative insights DiSalvo shows how Blake s view of history prefigures the revaluation of our own myths of origin prompted by new political psychological and feminist perspectives Tales for the Dying E. H. Rick Jarow,2012-02-01 Tales for the Dying explores the centrality of death and dying in the narrative of the Bh gavata Pur na India s great text of devotional theism canonized as an integral part of the Vaisnava bhakti tradition The text grapples with death through an imaginative meditation one that works through the presence and power of narrative The story of the Bh gavata Pur na is spoken to a king who is about to die and it enables him to come to terms with his own passing The work does not isolate dying as an issue it treats it on many levels This book discusses how images of dying in the Bh gavata Pur na relate to issues of language and love in the religious imagination of India Drawing on insights from studies in myth literary semiotics and depth psychology as well as from Indian commentarial and aesthetic traditions the author examines the power of myth and narrative storytelling or hari katha and shows how a detailed awareness of the Puranic imagination may lead to a revisioning of some long held presuppositions around Indian religious attitudes toward dying By casting Vaisnava bhakti traditions and Puranic narrative in a fresh light the mythic imagination of the Pur nas takes its place on the stage of contemporary discourse on comparative mythology and literature

A Guided Tour of the Collected Works of C. G. Jung Robert H. Hopcke,2013-02-05 The writings of C G Jung himself are the best place to read about all his main ideas but where to start when Jung s Collected Works run to more than eighteen volumes Robert H Hopcke s guide to Jung s voluminous writings shows exactly the best place to begin for getting a handle on each of Jung s key concepts and ideas from archetypal symbols to analytical psychology to UFOs Each chapter explains one of Jung s principal concerns then directs the reader where to read about it in depth in the Collected Works Each chapter

includes a list of secondary sources to approach for further study which the author has updated for this edition to include books published in the ten years since the Guided Tour s first appearance **The Horned God (RLE Feminist Theory)** John Rowan,2012-11-27 This original and pioneering study of how men relate to feminism will appeal to all men who are concerned about their response to the women s movement and to the women in their lives It will also be helpful for women seeking a constructive response from men John Rowan drawing on his personal journey through feminism and on his considerable experience as a therapist tackles the issues in a much deeper way than has been attempted before For men to discover feminism is wounding for them It can even make them despair about being men at all But unless they accept that wound nothing much will change John Rowan shows that men have to heal that wound at a conscious social political level changing laws practice and daily behaviour They have to heal it at an unconscious level through therapy exploring their profound feelings about their mothers their fathers and their own internal female nature They also have to heal the wound at a spiritual transpersonal level exploring the world of the Goddess and the Horned God Only then says John Rowan can they start to have any real dialogue with women and only then can the world begin to change for both men and women An International Psychology of Men Chris Blazina,David S. Shen-Miller,2011-01-19 This text is the first to provide a contextual understanding of the clinical issues that affect men and masculinity across a wide range of cultural and national settings It demonstrates that gender can no longer be viewed as an isolated characteristic in an era of increased globalization mental health professionals need to take ethnic and cultural issues into account to provide adequate care for male patients Numerous international perspectives are offered by the contributing authors authorities from countries such as Australia Argentina Denmark Canada India Ireland and South Africa on theoretical and clinical innovations for working with men Their chapters also offer insight into the socio cultural contexts for counseling men in and from their respective countries by exploring the ways in which being a man is socially defined what unique challenges men face and how these challenges can be negotiated within their specific cultural settings Topics addressed will include boyhood notions of manhood relationship concerns and power fatherhood and men s body image across the life span This text will ultimately enable mental health practitioners to have a better understanding of how to work more effectively with male clients
