Losing Faith in Faith Dan Barker, 1992 Dan Barker's dramatic journey from devout soul winner to one of America's most prominent freethinkers After 19 years of evangelical preaching ordained minister associate pastorship missionary to Mexico cross country evangelism Christian songwriter Dan Barker threw out the bathwater and found there is no baby there A challenge to believers and an arsenal for skeptics *The Quotable Atheist* Jack Huberman, 2008-03-03 Surprisingly no book of quotations on God and religion by atheists and agnostics exists Luckily for the millions of American nonbelievers who have quietly stewed for years as the religious right made gains in politics and culture the wait is over Bestselling author Jack Huberman's zeitgeist sense has honed into the backlash building against religious fundamentalism and collected a veritable treasure trove of quotes by philosophers scientists poets writers artists entertainers and political figures His colorful cast of atheists includes Karen Armstrong Lance Armstrong Jules Feiffer Federico Fellini H L Mencken Ian McKellen Isaac Singer Jonathan Swift Ludwig Wittgenstein Virginia Woolf and the Marquis de Sade *The Eyes of an Atheist* M. A. Neeper, 2012-07-23 Religious people have been known to push their beliefs onto others in fact several religions require it This book utilizes reason logic some psychology and the experiences of someone who has been in several hundred religious debates with believers mainly those of the Judeo Christian faiths Throughout this book you will be presented with several of the most common arguments that believers utilize in order to attempt to convert people to followers then you will be given a response that not only stops them in their religion pushing tracks but will give you the upper hand and hopefully give them something to think about aside from simply what their preacher pastor reverend etc has told them to think This book will allow you to defend yourself from others religious preachings as well as teach you something about atheism and how informed you can be as a nonbeliever It pushes the limits of religious discussion with examples from the Bible logical arguments psychological reasoning and well researched opinions Do not get caught off guard again by any believer Be ready and more informed **Losing Faith in Faith** Dan Barker, 2006 *Losing Faith in Faith* records Dan Barker's dramatic journey from devout soul winner to one of America's most prominent freethinkers Following his calling at age 15 Dan Barker worked as a missionary ordained minister associate pastor touring evangelist Christian songwriter performer and record producer After preaching for 19 years Barker lost faith in faith Throwing out the bath water he discovered There is no baby there Today Barker co president of the Freedom From Religion Foundation Inc www.ffrf.org frequently represents freethought on the talkshow circuit and at personal appearances concerts and debates around the country turning his experience as a former minister into ammunition against superstition and irrationality In *Losing Faith in Faith* Barker explains why he left the ministry He also offers a definitive compelling analysis of why he rejects belief in a god and the claims of religion He explores the fallacies inconsistencies and harm of Christian doctrine and theistic dogma In its place he issues an appealing and compassionate invocation of freethought reason and humanism *Losing Faith in Faith* is both a challenge to believers and an

arsenal for skeptics **Life Driven Purpose** Dan Barker,2015-04-01 Every thinking person wants to lead a life of meaning and purpose For thousands of years holy books have told us that such a life is available only through obedience and submission to some higher power Today the faithful keep popular devotionals and tracts within easy reach on bedside tables and mobile devices all communicating this common message Life is meaningless without God In this volume former pastor Dan Barker eloquently powerfully and rationally upends this long held belief Offering words of enrichment emancipation and inspiration he reminds us how millions of atheists lead happy loving moral and purpose filled lives Practicing what he preaches he also demonstrates through his own personal journey that life is valuable for its own sake that meaning and purpose come not from above but from within **Make Waves, But Don't Step on the Water** Michael Deanhardt,2006 Forty years of letters to the editors 1960 2006 on topics of integration labor separation of church and state and secular humanism **Hope After Faith** Jerry DeWitt,Ethan Brown,2013-06-25 A former Louisiana pastor s courageous memoir chronicling his conversion to atheism **The Friendly Atheist: Thoughts on the Role of Religion in Politics and Media** Hemant Mehta,2013-01-21 Every semester in the weeks leading up to final exams I hand out a study guide to all of my high school math students and have them complete it so that they have a sense of what to expect on the big test Inevitably students ask If I just study this packet will I be prepared for the exam I sigh I stare at them I give them the response every teacher knows by heart No of course the packet isn t enough You should go through your notes your homework and the textbook You should redo the examples we did in class and try more practice problems from the book The study guide is only a summary of the big ideas from the semester If you really want to understand the subject you have to go much more in depth In a sense this book is a study guide for the things I ve written about over the past several years My name is Hemant Mehta and I began FriendlyAtheist com in 2006 before I began teaching high school in order to talk about a topic I was incredibly passionate about religion Not necessarily to convince people that God didn t exist but to talk about the issues that mattered now that we were Godless What you see in this book is a compilation of posts discussing the subjects I have written the most about They are reprinted here with minimal editing to offer a glimpse into my world and to show you the concerns I ve had as an American atheist That means talking about atheists who fight for their and in many respects our rights responding to people who smear us just because we re not religious and making people aware of the way atheists are viewed by the majority of Americans hint we re not very popular That means talking about politics and social issues in particular the fight for equal rights for the LGBT community since those are the major issues in our country where rational thinking free from religious tradition is needed but seldom found That means talking about the obstacles that young atheists have to deal with on a regular basis Their challenges are so different than the ones we face in the real world yet their courage inspires all of us To be a vocal atheist is never easy and there are students promoting rational thinking on campus while keeping their administrators in check They do this despite risking their social capital At the same time when those students are not around

to act as watchdogs we must do it for them and shine a spotlight on illegal intrusions of religion into our public schools Are these the only issues that matter to atheists No but they are the issues that have taken up the bulk of my writing in the years since I began covering atheism related news If you want to get a fuller picture of what atheists are talking about what our activism involves and what our future looks like no single writer can do that for you just as no single study guide will prepare you for a final exam

The Homemade Atheist Betty Brogaard,2010-03-23 In this personal memoir a former evangelical Christian shares her journey away from her confining faith toward a happier healthier nonreligious life Betty Brogaard was raised to be a good Christian By the time she was twenty years old she had joined a fundamentalist church She even met and married a young man who became a minister in the congregation However the more she came to understand Christianity from within the more she found herself asking questions instead of finding answers In *The Homemade Atheists* Betty shares her fascinating journey from the mental slavery of religion to the happiness she found in freethought Along the way and without malice she offers questions that challenge you to analyze your own beliefs exactly as she did over her years long journey Her transformation provides a wealth of insight is for anyone seeking a path to a nonreligious way of life
