The Fully Alive Preacher Mike Graves, 2006-01-01 Mike Graves begins this book with the question If preaching is intended to enliven the church why is it killing so many ministers His answer Because preaching has become divorced from the vitality and diversity of the preacher s daily life He invites preachers to discover how preaching can be renewing rather than draining.

The Transfiguration of Christ and Creation John Gatta, 2011-01-01 The biblical story of Jesus Transfiguration on a high mountain bristles with meanings germane to present day concerns and spiritual longings Together with its later artistic representations this episode from the synoptic gospels seizes the imagination as an icon of mystical hope beauty and possibility What might such an iconic episode long honored liturgically in the Eastern church disclose not only about Jesus but also about the prospect of seeing our human nature transformed And as interpreted by Christian tradition since the patristic era what might it tell us about the worth of envisioning not just a conservation or preservation of natural resources but a transfiguration of all creation and about how this feast of beauty could re energize current discussions of Christianity s relation to environmental attitudes and policy Such questions are addressed in this book through an original blend of personal reflection with commentary on relevant theological and scriptural texts literary works music and art.

Seeking Life Esther de Waal, 2017-11-27 In *Seeking Life* The Baptismal Invitation of the Rule of St Benedict

renowned author Esther de Waal returns to the Rule of Saint Benedict the inspiration for Seeking God her classic book published twenty five years ago Here she focuses on the prologue to the Rule and shows how it contains the clues we need to both understand and live by the vows made at our baptism Baptism is so fundamental to our Christian identity that many congregations renew their baptismal promises each year on Easter Yet how well do we understand the spirit and depth of those vows How much do they shape our daily lives Parts of the Rule of Saint Benedict are believed to be based on addresses given to those about to be or who had recently been baptized they are a practical guide to choosing the road that leads to life With her characteristic insight and wisdom Esther de Waal draws out enduring spiritual teaching on how to live when reborn of water and the spirit *Living on the Border* Esther De Waal, 2014-07-31 Esther de Waal draws on the ancient traditions of Celtic and monastic spirituality to explore thresholds between people between cultures between the human and the divine Ancient spiritual wisdom teaches that thresholds are sacred places and Esther encourages readers to become more receptive to their surroundings and to learn to pause reflect and meet God at the places of encounter and change in our lives **The Oxford Handbook of Anglican Studies** Mark David Chapman, Sathianathan Clarke, Martyn Percy, 2016 The Anglican Communion is the third largest Christian denomination and claims a membership of some 80 million members in about 164 countries Given that there are only around two hundred countries in the world this makes the churches of the Anglican Communion the most geographically widespread denomination after Roman Catholicism The 44 essays in this volume embrace a wide range of academic disciplines theological historical demography and geography and different aspects of culture and ethics They are united in their discussion of what is effectively a new inter disciplinary subject which we have termed Anglican Studies At the core of this volume is the phenomenon of Anglicanism as this is expressed in different places and in a variety of ways across the world This Handbook covers a far broader set of topics from a wider range of perspectives than has been hitherto attempted in Anglican Studies At the same time it doesn't impose a particular theological or historical agenda The contributions are drawn from across the spectrum of theological views and opinions It shows that the unsettled nature of the polity is part of its own rich history and many will see this as a somewhat lustrous tradition In its comprehensive coverage this volume is a valuable contribution to Anglican Studies and helps formulate a discipline that might perhaps promote dialogue and discussion across the Anglican world **Greening the Children of God** Chad Michael Rimmer, 2021-01-01 Greening the Children of God uncovers the theological roots of the growing ethical imperative to reconnect children to their natural environment In their different traditions theologians environmental educators and psychologists all affirm that knowing their place in the natural environment helps a child develop an intersubjective ecological identity that nurtures virtues of mutuality and care During the Scientific Revolution this ethical harmony was threatened as science and moral theology began to adopt different epistemological methods something the Anglican priest and poet Thomas Traherne was all too aware of Traherne insisted that education should promote a child's attention to the

moral dimensions woven into the tapestry of creation and professed that play wonder and a sensory relationship to diverse creatures play a pedagogical role in a child's moral formation Greening the Children of God establishes the contemporary significance of Traherne's moral theory in conversation with child psychologists educators philosophers and theologians who know that cultivating a place based relationship to the local ecology helps children perceive creation's deep mutuality and develop a moral identity in the image of a caring Creator
