Lost Voices Of The Royal Navy:

Lost Voices of the Royal Navy Max Arthur, 2005-04-11 [Lost Voices of the Royal Navy Signed Ed Max Arthur, 2005-06](#) **Lost Voices of the Royal Navy** Max Arthur (Military historian), 2005 **Lost Voices of The Royal Navy** Max Arthur, 2012-02-16 Acclaimed historian Max Arthur pays tribute to the Royal Navy from 1914 to 1945 and VE Day drawing on the personal stories of those who have served during this period creating a unique narrative history *Lost Voices of the Royal Navy* is a memorable and moving testament to the courage spirit skill and irrepressible humour of those who served in the Royal Navy during these crucial years *Lost Voices of the Edwardians: 1901-1910 in Their Own Words* Max Arthur, 2009-04-17 Max Arthur bestselling author of the hugely popular *Forgotten Voices* series recaptures the day to day lives of working people in the Edwardian era *Common People* Alison Light, 2015-09-17 Family history begins with missing persons Alison Light writes in *Common People* We wonder about those we've lost and those we never knew about the long skein that led to us and to here and to now So we start exploring Most of us however give up a few generations back We run into a gap get embarrassed by a never do well or simply find our ancestors are less glamorous than we'd hoped That didn't stop Alison Light in the last weeks of her father's life she embarked on an attempt to trace the history of her family as far back as she could reasonably go The result is a clear eyed fascinating frequently moving account of the lives of everyday people of the tough decisions and hard work the good luck and bad breaks that chart the course of a life Light's forebears servants sailors farm workers were among the poorest traveling the country looking for work they left few lasting marks on the world But through her painstaking work in archives and her ability to make the people and struggles of the past come alive Light reminds us that every life even glimpsed through the chinks of the census has its surprises and secrets What she did for the servants of Bloomsbury in her celebrated *Mrs Woolf and the Servants* Light does here for her own ancestors and by extension everyone's draws their experiences from the shadows of the past and helps us understand their lives estranged from us by time yet inextricably interwoven with our own Family history in her hands becomes a new kind of public history

The Coal Black Sea Stuart Heaver, 2022-06-23 On the morning of 22 September 1914 just six weeks into the First World War three Royal Navy armoured cruisers were sunk by a German U boat in the southern North Sea The action lasted less than 90 minutes but the lives of 1 459 men and boys were lost more than the British losses at the Battle of Trafalgar or in the sinking of RMS *Lusitania* Yet curiously few have ever heard of the incident *The Coal Black Sea* tells the extraordinary true story of the disaster from the perspectives of the men serving on HMS *Aboukir* *Hogue* and *Cressy* and the German submariners who orchestrated the attack It also examines how the ignominious loss provoked widespread criticism of the highly ambitious First Lord of the Admiralty the 39 year old Winston Churchill While the families of the victims grieved Churchill succeeded in playing down the significance of the disaster and shifted the blame to those serving at sea to save his faltering career Using a range of official and archival records Stuart Heaver exposes this false narrative and corrects over a

century of misinformation to honour those who lost their lives in the worst naval catastrophe of the First World War

Royal Marines in the First World War Matthew Richardson, 2024-12-31 The Royal Marines had the distinction of serving in every major land campaign of the First World War as well as participating in most minor ones They also served afloat as an element of the Royal Navy For the greater part the morale and esprit de corps of the formation was second to none wherever its men found themselves and whatever challenges they faced This new history examines the participation of the corps in actions such as the defense of Antwerp the Gallipoli landings the Battle of the Somme the Zeebrugge Raid and the Allied intervention in North Russia It covers the Marines in action aboard ship at the Dardanelles and Jutland and throws a spotlight on the little known Royal Marines presence in the West Indies Flying Marines operated with the Royal Naval Air Service and Royal Flying Corps often with noted bravery Wherever possible the words used are those of the men who were there and these eye witness accounts some never before published offer an immediacy and freshness to this story Naval Eyewitnesses James Goult, 2022-11-04 Goult tells the story from the perspective of the ordinary sailor or officer who was there The Northern Mariner Although many books have been written about naval actions during the Second World War histories and memoirs in particular few books have attempted to encompass the extraordinary variety of the experience of the war at sea That is why James Goult's vivid survey is of such value Sailors in the Royal Navy and the Merchant Navy experienced a war fought on a massive scale on every ocean of the world in a diverse range of vessels from battleships aircraft carriers and submarines to merchant ships and fishing boats Their recollections are as varied as the ships they served in and they take the reader through the entire maritime war as it was perceived at the time by those who had direct personal knowledge of it Throughout the book the emphasis is on the experience of individuals their recruitment and training their expectations and the reality they encountered on active service in many different offensive and defensive roles including convoy duty and coastal defence amphibious operations hunting U boats and surface raiders mine sweeping and manning landing and rescue craft A particularly graphic section describes in the words of the sailors themselves what action against the enemy felt like and the impact of casualties seamen who were wounded or killed on board or were lost when their ships sank A fascinating inside view of the maritime warfare emerges which may be less heroic than the image created by some post war accounts but it gives readers today a much more realistic impression of the whole gamut of wartime life at sea

Defending the Rock Nicholas Rankin, 2017-09-05 Adolf Hitler's failure to take Gibraltar in 1940 lost him the Second World War But in truth the formidable Rock jutting between the Mediterranean and the Atlantic was extraordinarily vulnerable Every day ten thousand people crossed its frontier to work spy sabotage or escape It was threatened by Spain Vichy France Italy and Germany After the USA entered the war Gibraltar became General Eisenhower's strategic headquarters for the invasion of North Africa and the battle for the Mediterranean
