Lost Wake:

These Things of Me Kay Becraft, 2022-11-03 *These Things of Me* is a compilation of Messages from the Lord as given to Kay Becraft. He has encouraged her venture with him through the many messages and visions he has allowed her to hear and see. He has opened countless doors increasing her walk with him. He has led her down the path made straight into his wonderful presence. She has experienced visions, heard his voice audibly, and perceived the wonderful fragrance of roses and myrrh as the Holy Spirit entered her room. You will find instructions given from the Lord that will lead you to a stronger, more passionate love for him as you become alive through the Word, His Holy Scriptures, as he allocates each step you take to ensure more hope and love for others, bringing another name written in the Lamb's Book of Life.

BuNos! Disposition of World War II USN, USMC and USCG Aircraft Listed by Bureau Number Douglas E. Campbell, 2012-02-01 A snapshot in time. After thousands of hours of research and data entry over a 35-year period, the information on the disposition of some 25,000 US Navy, US Marine Corps, and US Coast Guard aircraft needs to be published. These aircraft mainly represent those built and lost during World War II between 7 December 1941 and 15 August 1945, but this book also contains aircraft built before WWII that were lost during WWII or disposed of after WWII, lost during the Korean War, lost on training exercises, sold to private investors, currently located in museums, and even some still proudly sitting as gate guards across the US, etc.

Isles of Amnesia Mark J. Rauzon, 2016-01-31 For over a quarter century, biologist Mark J. Rauzon worked in the field of island restoration, traveling throughout the American Insular Pacific to eradicate invasive plants and animals introduced by humans. The region spans from Hawaii to Samoa to Guam and their neighbors, small, obscure tropical islands that are hundreds if not thousands of nautical miles from each other. These little-known US possessions and territories include various islands and atolls: Jarvis, Howland, Baker, the Northern Marianas, Wake, Palmyra, Johnston, and Rose Atoll, among others. They anchor a vast National Marine Monument program created in 2009 and expanded in 2014 to protect the largest area in the world from exploitation. In *Isles of Amnesia*, Rauzon chronicles the ecological and human history of these islands, enlivened with his first-hand experiences of eradication efforts to restore atoll ecosystems and maximize native biodiversity. Each chapter focuses on an individual island or island group, revealing how each location has its own particular story, secret past, or ecological lesson to be shared. Taken as a whole, the region has played a unique role in American history, with the remoteness of the islands having served the needs of whalers and guano miners in the 1800s and, in later years, that of military secret projects, missile launching, chemical weapon incinerations, and air bases. Rauzon further explores the creation of the National Marine Monuments and what their protection means to a changing ocean, and presents original research about the US military's Pacific Project and germ warfare testing. Illustrated with over seventy historical photographs and original drawings, this much-needed work tells the fascinating story of America's forgotten Pacific islands.
