Lost Heritage Of Alaska:

Lost Heritage of Alaska Polly G. Miller, 1967 Describes the arts and history of the Tlingit and Haida Indians from accounts by early explorers and traders **Lost Heritage of Alaska** Polly Miller, 1967 Captured Heritage Douglas Cole, 2011-11-01 The heyday of anthropological collecting on the Northwest Coast took place between 1875 and the Great Depression The scramble for skulls and skeletons poles canoes baskets feast bowls and masks went on until it seemed that almost everything not nailed down or hidden was gone The period of most intense collecting on the coast coincided with the growth of anthropological museums which reflected the realization that time was running out and that civilization was pushing the indigenous people to the wall destroying their material culture and even extinguishing the native stock itself Douglas Cole examines the process of collecting in the context of the development of museums and anthropology The main North American museums with Northwest Coast collections the Smithsonian Institution the American Museum of Natural History Chicago s Field Museum of Natural History the Royal British Columbia Museum and the Canadian Museum of Civilization in Ottawa were intense rivals in the race against time For the new edition of *Captured Heritage* Douglas Cole has written a preface in which he outlines developments since the book s first publication in 1985 Since that time for example the Kwagiulth Museum and Cultural Center on Quadra Island and the U Mista Museum and Cultural Center at Alert Bay have been successful in having some of their artifacts repatriated **The Oxford Handbook of American Indian History** Frederick E. Hoxie, 2016 The Oxford Handbook of American Indian History presents the story of the indigenous peoples who lived and live in the territory that became the United States It describes the major aspects of the historical change that occurred over the past 500 years with essays by leading experts both Native and non Native that focus on significant moments of upheaval and change place based histories of major centers of indigenous occupation and overviews of major aspects of Indian community and national life *Ex Uno Plura* James T. McHugh, 2012-02-01 State constitutions have become increasingly important in light of recent trends in jurisprudence that favor decentralizing the American federal system *Ex Uno Plura* uses a political culture approach to explore eight state constitutional traditions McHugh argues that state jurisprudence is not merely a reflection of the process values and decisions found at the federal level especially through the influence of the Fourteenth Amendment A close examination of separate state constitutions including their origins sociopolitical cultures and jurisprudence reveals historically culturally and philosophically unique characteristics each of which will contribute to the ongoing debate concerning American judicial federalism The states included are Alaska California Georgia Hawaii Louisiana Utah Vermont and Wyoming Alaska History Marvin W. Falk, 2006-03-30 Marvin W. Falk offers a systemic and select listing of just over 3 000 publications on the history of Alaska published from the 18th century to early 2004 Early explorations were conducted by nationals from several nations and the results were published in Russian German French Spanish and English Many of these foreign language accounts have been published in translation

Hawker,2007-10-01 The years between 1922 and 1961 often referred to as the Dark Ages of Northwest Coast art have largely been ignored by art historians and dismissed as a period of artistic decline Tales of Ghosts compellingly reclaims this era arguing that it was instead a critical period during which the art played an important role in public discourses on the status of First Nations people in Canadian society Hawker s insightful examination focuses on the complex functions that Northwest Coast objects such as the ubiquitous totem pole played during the period He demonstrates how these objects asserted the integrity and meaningfulness of First Nations identities while simultaneously resisting the intent and effects of assimilation enforced by the Canadian government s denial of land claims its ban of the potlatch and its support of assimilationist education Those with an interest in First Nations and Canadian history and art history anthropology museology and post colonial studies will be delighted by the publication of this major contribution to their fields **Forest and range soils research in Oregon and Washington** ,1976 **USDA Forest Service General Technical Report PNW.** ,1976
