Lost Men:

The Lost Men Kelly Tyler-Lewis, 2007-03-27 The untold story of the last odyssey of the heroic age of Antarctic exploration Sir Ernest Shackleton's 1914 Antarctic endeavor is legend but for sheer heroism and tragic nobility nothing compares to the saga of the Ross Sea party This crew of explorers landed on the opposite side of Antarctica from the Endurance with a mission to build supply depots for Shackleton's planned crossing of the continent But their ship disappeared in a gale leaving ten inexperienced ill equipped men to trek 1 356 miles in the harshest environment on earth Drawing on the men's own journals and photographs **The Lost Men** is a masterpiece of historical adventure a book destined to be a classic in the vein of *Into Thin Air* **Statistical Abstract of the United States**, 1933 **The Four Lost Men** Thomas Wolfe, 2008 This is the never before published extended version of Wolfe's short story in memory of his father **The Four Lost Men** is the first publication of the long version of Wolfe's story of familial and national reflection set during World War I Wolfe supplies a moving portrait of his dying father as well as a rich meditation on American history and ambitions on the verge of America's entry into a broadening global conflict Discussion of the title characters Presidents Garfield Arthur Harrison and Hayes provides opportunity for assessment of the mood and promise of the nation as well as reflection on the obstacles that had obscured paths toward untapped American potential Garfield Arthur Harrison and Hayes the four Republican presidents who followed Grant during the Reconstruction and post Reconstruction eras were all Civil War generals and self made men though none experienced a particularly distinguished term in office These presidents are iconic figures in the stories and political musings of the narrator's dying father In his efforts to understand their importance to his father the teenaged narrator comes to appreciate the act of storytelling that redefines these men in his father's memory and in turn redefines his father in his own memory Originally published as a short story of 7 000 words in Scribner's Magazine in 1934 and later abridged by 1 000 words for reissue in the 1935 anthology *From Death to Morning* Wolfe's expanded tale is published here for the first time in its intended form and full length of some 21 000 words Editors Arlyn and Matthew J Bruccoli have employed the same methods to reestablish this text as they used to wide acclaim in their centennial edition of *O Lost The Story of a Buried Life* the unabridged version of Wolfe's *Look Homeward Angel* The reestablishment of the long version of *Four Lost Men* opens an undeveloped area of scholarship into Wolfe's short fiction and serves as a model for restoring other such works **The Golden West**, 1920 **Ozu International** Wayne Stein, Marc DiPaolo, 2015-03-12 In Japan and much of Europe Ozu is widely considered to be one of the finest film directors who ever lived While Ozu has a strong reputation in the West his films are not as well known or widely appreciated in the U S as they are elsewhere A notable exception to this trend is film critic Roger Ebert who recently wrote that Ozu is one of his three or four favorite directors Also moving beyond the view that *Tokyo Story* is a masterful exception in the Ozu canon Ebert sees Ozu's films as nearly always of the same high quality Ozu International will reflect on Ebert's view of Ozu by arguing that this director

deserves broader recognition in the U S and that his entire canon is worthy of serious study With the recent release of more than 15 Ozu DVDs in the Criterion Collection covering every phase of his career at least in part including silent films black and white talkies and color films Ozu International helps to fill a lingering gap in English language scholarship on Ozu by giving this new generation of scholars a book length forum to explore new critical perspectives on an unfairly neglected director Contributions include specialists in Japanese culture academics from a range of disciplines and professional films critics By Himself Deborah Kestin Van den Hoonaard,2010-01-01 What happens when older men become widowers

Popular books movies and television present widowers as lost and unable to cope or care for themselves These stereotypes do not encapsulate the experiences of real widowers how their daily lives change and what being a widower means to individuals in both sociological and practical ways By Himself is based on in depth interviews with twenty six widowers over the age of sixty living in the United States and Canada Using these interviews Deborah K van den Hoonaard explores masculine identity and traces the stories that widowers tell about their wives illnesses and deaths She also focuses on the widowers changed relationships with their children and friends as well as with women and details the men s encounters with tasks such as housework and cooking An eminently readable and accessible book By Himself sheds new light on the social meaning of being a widower *Proceedings of the fourth National Conservation Congress at Indianapolis, October 1-4, 1912* United States. National Conservation Congress,2023-07-10 The Proceedings of the Fourth National Conservation Congress at Indianapolis October 1 4 1912 serves as a vital historical document that encapsulates an era of heightened awareness about natural resource management in early 20th century America With meticulous attention to detail this compilation presents speeches discussions and resolutions from key figures in conservation illuminating the urgent dialogue regarding sustainable practices and the stewardship of America s vast natural resources The literary style is formal and reportorial reflective of its genesis in a time when conservationism began to emerge as a critical theme in American public policy setting the stage for future environmental legislation The National Conservation Congress representing a diverse coalition of scientists policymakers and activists found itself at the forefront of a national movement aimed at safeguarding America s natural landscapes from unchecked exploitation This period of social reform was marked by influential figures including President Theodore Roosevelt whose administration emphasized conservation as a moral imperative guiding the Congress s discourse on the need for unified action I highly recommend this book to scholars students and anyone interested in the foundations of the modern conservation movement It not only chronicles pivotal moments in environmental advocacy but also offers insights into the challenges and triumphs that continue to resonate in contemporary discussions about ecology and sustainability
