Love And Eroticism:

The Double Flame Octavio Paz,1996 A collection of essays examines the themes of love and sex in literature from Plato to modern fiction *The Double Flame* Octavio Paz,2010-04-27 A discourse on the connection between sex eroticism and love in literature by the Nobel Prize winning poet and essayist

The Transformation of Intimacy Anthony Giddens,1992 The sexual revolution an evocative term but what meaning can be given to it today How does sexuality come into being and what connections does it have with the changes that have affected personal life more generally In answering these questions the author disputes many of the dominant interpretations of the role of sexuality in modern culture The author suggests that the revolutionary changes in which sexuality has become caught up are more long term than generally conceded He sees them as intrinsic to the development of modern societies as a whole and to the broad characteristics of that development Sexuality as we know it today is a creation of modernity a terrain upon which the contradictory tendencies of modern social life play themselves out in full Emancipation and oppression opportunity and risk these have become a part of a heady mix that irresistably ties our individual lives to global outcomes and the transformation of intimacy We live today in a social order in which for the first time in history women are becoming equal to men or at least have lodged a claim to such equality as their right The author does not attempt to analyze the gender inequalities that persist in the economic or political domains but instead concentrates on a more hidden personal area in which women ordinary women in the course of their day to day lives quite apart from any political agenda have pioneered changes of great and generalizable importance These changes essentially concern an exploration of the potentialities of the pure relationship a relationship that presumes sexual and emotional equality and is explosive in its connotations for pre existing relations of power The author analyzes the emergence of what he calls plastic sexuality sexuality freed from its intrinsic relation to reproduction in terms of the emotional emancipation implicit in the pure relationship as well as women's claim to sexual pleasure Plastic sexuality is decentered sexuality freed from both reproduction and subservience to a fixed object It can be molded as a trait of personality and thus become bound up with the reflexivity of the self Premised on plastic sexuality the pure relationship is not exclusively heterosexual it is neutral in terms of sexual orientation The author speculates that the transformation of intimacy might be a subversive influence on modern institutions as a whole for a social world in which the dominant ideal was to achieve intrinsic rewards from the company of others might be vastly different from that which we know at the present *The Double Flame* Octavio Paz,1996-06-01

Erotic Love in Sociology, Philosophy and Literature Finn Bowring,2019-08-22 Why is love taken for granted as a part of human experience And why is sexual or romantic love in particular so important to us This book aims to find out tracing the intellectual history of sexual love from the ancient Greeks to the modern day Erotic Love in Sociology Philosophy and Literature shows how discourses of love have intersected with social and cultural trends as well as with personal events and experiences Beginning with the queering of love in Greek antiquity it looks at how sexual love has been sung about fictionalized and theorized as a cornerstone of the formation of Western culture From the courtly love of twelfth century troubadours and the rise of affective individualism in the eighteenth century to the way the novel helped catalyze and crystallize the hopes and contradictions of love and marriage these are decisive episodes in the history of romantic love Lastly the book deals with how sociologists and feminist theorists have made sense of the liberalization of sexuality over the last fifty years especially given the post romantic pragmatism of commercialized dating practices Arguing against the over rationalism of intimate life Erotic Love in Sociology Philosophy and Literature recognizes the need to liberate love from patriarchal racist and homophobic prejudices and highlights the value of literary and sociological traditions to emphasize how they dignify the rhapsodies and the sufferings of love **The Philosophy of (erotic) Love** Robert C. Solomon,Kathleen Marie Higgins,1991 Solomon and Higgins have chosen excerpts from the great philosophical texts and combined them with the most exciting new work of philosophers writing today It examines the mysteries of erotic love from a variety of philosophical perspectives and provides an impressive display of wisdom that the world s best thinkers have brought and continue to bring to the study of love Love Or Greatness (Routledge Revivals) Roslyn Wallach Bologh,2009-12-15 This

work first published in 1990 reissues the first thorough examination of the essentially masculine nature of Max Weber's social and political thinking Through a detailed examination of his central texts the author demonstrates Weber's masculine reading of social life and shows how his work advocates a masculine form of life that poses a challenge to contemporary women and to feminism In particular she addresses the patriarchal implications of Weber's belief in the need to relegate the ethic of brotherly love to a private sphere in order to make possible rational action and the achievement of greatness in the public sphere Phenomenology and Existentialism in the Twentieth Century Anna-Teresa Tymieniecka, 2009-09-30

Phenomenology and existentialism transformed understanding and experience of the Twentieth Century to their core They had strikingly different inspirations and yet the two waves of thought became merged as both movements flourished The present collection of research devoted to these movements and their unfolding interaction is now especially revealing The studies in this first volume to be followed by two succeeding ones range from the predecessors of existentialism Kierkegaard Jean Wahl Nietzsche to the work of its adherents Shestov Berdyaev Unamuno Blondel Blumenberg Heidegger and Mamardashvili Dufrenne and Merleau Ponty to existentialism's congruence with Christianity or with atheism Among the leading Husserlian insights are treated essence and experience the place of questioning ethics and intentionality temporality and passivity and the life world The following book will uncover the perennial concerns guiding the wondrous interplay of these two inspirational sources Love and the Erotic in Art Stefano Zuffi, 2010 This volume is a romp through the portrayal of love and sexuality in art The book surveys Western artworks illustrating more or less explicitly delicate or amorous subjects **Love & Language** Ilan Stavans, Lewis-Sebring Professor in Latin American and Latino Culture Ilan Stavans, PhD, Verónica Albin, 2007-01-01 Surprising readers again and again cultural critic Ilan Stavans creates a dialogue with Verónica Albin to explore love in its many variations *Love* Anna G. Jónasdóttir, Ann Ferguson, 2013-11-12 This unique timely book of original essays sets the stage for a new materialist feminist debate on the analysis ethics and politics of love The contributors raise questions about social power and domination situating their research in a materialist feminist perspective that investigates love historically in order to understand changing ideologies representations and practices The essays range from studies of particular representations and examples of love feminist translation mass media images and internet love blogs to feminist theories of love and marriage to ethical and political theories describing critiquing or advocating the use of love in groups as a radical force They break new ground in bringing together questions of gendered interests in love temporal dimensions of loving practices and the politics of love in radical transformations of society *Love and Eroticism in Indian Art* Kamal Shankar Srivastava, 1998 **Comparative Literature: Theory, Method, Application** Steven Tötösy de Zepetnek, 2024-12-09 This book serves several purposes all very much needed in today's embattled situation of the humanities and the study of literature First in Chapter One the author proposes that the discipline of Comparative Literature is a most advantageous approach for the study of literature and culture as it is a priori a discipline of

cross disciplinarity and of international dimensions After a Manifesto for a New Comparative Literature he proceeds to offer several related theoretical frameworks as a composite method for the study of literature and culture he designates and explicates as the systemic and empirical approach Following the introduction of the proposed New Comparative Literature the author applies his method to a wide variety of literary and cultural areas of inquiry such as Literature and Cultural Participation where he discusses several aspects of reading and readership Chapter Two Comparative Literature as and Interdisciplinarity Chapter Three where he deals with theory and application for film and literature and medicine and literature Cultures Peripherality and Comparative Literature Chapter Four where he proposes a theoretical designation he terms inbetween peripherality for the study of East Central European literatures and cultures as well as ethnic minority writing Women s Literature and Men Writing about Women Chapter Five where he analyses texts written by women and texts about women written by men in the theoretical context of Ethical Constructivism The Study of Translation and Comparative Literature Chapter Six where after a theoretical introduction he presents a new version of Anton Popovic s dictionary for literary translation as a taxonomy for the study of translation and The Study of Literature and the Electronic Age Chapter Seven where he discusses the impact of new technologies on the study of literature and culture The analyses in their various applications of the proposed New Comparative Literature involve modern and contemporary authors and their works such as Dorothy Richardson Margit Kaffka Mircea Cartarescu Robert Musil Alfred D blin Hermann Hesse P ter Esterh zy Dezs Kosztol nyi Michael Ondaatje Endre Kukorelly Else Seel and others

The Message of Love Patrick Mitchel, 2019-09-19 Love such a deceptively simple and popular little word It is universally agreed that we need love to live and flourish as human beings and yet within our contemporary culture there are numerous confusing competing and evolving ideas about what love is There are few greater subjects in Christian theology than love yet it is a surprisingly complex and challenging concept to understand let alone live out faithfully Patrick Mitchel s conviction is that Christians need to be thinking about and practising love in compelling and authentic ways Our task is not only to articulate what love is but also to show to the world what true Christian love looks like in practice The only thing that counts is faith expressing itself through love Gal 5 6 NIV Mitchel s exposition explores love in the Old Testament how the love of God is supremely revealed in the mission and death of Jesus Christ love in the life and teaching of Jesus and the church s calling to be a community of love He helps us to grasp afresh the breadth depth scope and radically counter cultural nature of the Bible s teaching on love With a fully integrated study guide suitable for both individuals and groups The Message of Love will help you to see how the Bible s unified teaching on this vital theme can impact your life today
