Love Freedom And Aloneness A New Vision Of Relating:

Love, Freedom, and Aloneness Osho, 2002-12-13 Why it is that people who are happy being alone have the best chance to have good relationships with others

India My Love Osho, 2002-01-23 India is not just a geography or history It is not only a nation a country a mere piece of land It is something more it is a metaphor poetry something invisible but very tangible It is vibrating with certain energy fields that no other country can claim For almost ten thousand years thousands of people have reached to the ultimate explosion of consciousness Their vibration is still alive their impact is in the very air you just need a certain perceptivity a certain capacity to receive the invisible that surrounds this strange land It is strange because it has renounced everything for a single search the search for the truth In these pages we are treated to a spellbinding vision of what Osho calls the real India the India that has given birth to enlightened mystics and master musicians to the inspired poetry of the Upanishads and the breathtaking architecture of the Taj Mahal We travel through the landscape of India's golden past with Alexander the Great and meet the strange people he met along the way We are given a front row seat in the proceedings of the legendary court of the Moghul Emperor Akbar and an insider's view of the assemblies of Gautama the Buddha and his disciples In the process we discover just what it is about India that has made it a magnet for seekers for centuries and the importance of India's unique contribution to our human search for truth

 Alice Alessandri, Alberto Aleo, 2020-07-22 In the wake of the profound upheavals that our society has been facing the business world is undergoing change Values such as trust well being sustainability and respect for human beings and their deeper ambitions are becoming increasingly important Corporations and professionals can achieve and maintain success only if they can bring their relationship with their customers to a new higher level The condition that links the two is very similar to that created when we fall in love The organizational models and marketing approaches based on the metaphor of war and the inherent rhetoric of command and control are no longer valid to form such a bond we need love The authors are aware of this Since 2013 in collaboration with international scholars they have been studying the new market dynamics and the fundamental role of ethics in gaining commercial results While their previous book Sales Ethics 2015 helped to set up and manage customer relationships based on trust and fairness this new book will support you in building your business strategy and designing marketing tools from customer analysis to the definition of your offer and the style of communication up to the positioning of prices and the management of resources in the light of a new model the Loving Business Model which aims to make the customer fall in love with you and you with your work This book like its predecessor is the result of independent research conducted between Italy and the United States combined with the authors many years of professional experience It contains the most up to date and effective techniques available in the modern marketing landscape supported by case studies concrete examples and activities which will guide you to put your newly acquired knowledge into practice Mafia State

religious vocabularies from South Asia that Aravamudan argues launches a different kind of cosmopolitanism into global use Using Guru English as a tagline for the globalizing idiom that has grown up around these religions Aravamudan traces the diffusion and transformation of South Asian religious discourses as they shuttled between East and West through English language use The book demonstrates that cosmopolitanism is not just a secular Western discourse that results from a disenchantment with religion but something that can also be refashioned from South Asian religion when these materials are put into dialogue with contemporary social movements and literary texts Aravamudan looks at religious forms of neoclassicism nationalism Romanticism postmodernism and nuclear millenarianism bringing together figures such as Swami Vivekananda Sri Aurobindo Mahatma Gandhi and Deepak Chopra with Rudyard Kipling James Joyce Robert Oppenheimer and Salman Rushdie Guru English analyzes writers and gurus literary texts and religious movements and the political uses of religion alongside the literary expressions of religious teachers showing the cosmopolitan interconnections between the Indian subcontinent the British Empire and the American New Age

Joining Creation's Praise Brian Brock, 2025-08-19 In the beginning, God created. Thus begins the Bible's story of a long conversation between God and creatures, one in which humans are often the least edifying contributors.

They need to learn what it means to confess themselves creatures if they are to begin to understand what it means to be human and how to live

Joining Creation's Praise a major statement by a leading Christian ethicist shows how confessing that we are creatures deeply reshapes every aspect of Christian thinking and living Human beings are made to embody Christ's image in the world not as dominators but as conduits of divine life In this comprehensive yet clear volume of theological ethics Brian Brock follows the first few chapters of Genesis in order to discover the things that the sages of Israel took to be crucial for the ethical life of human beings among other creatures in God's world Informed by theological rigor and careful exegesis the many ethical reflections in this volume allow an ancient wisdom to shed fresh light on very postmodern ethical questions about conversion life with God knowledge and wisdom dominion Sabbath vocation economics human dignity our relationship with the rest of creation sexuality marriage family sin death and politics
