Love Hard Jason Wren, 2021-03-17 Most of us have a fundamental misunderstanding of love We think it is about us We believe it is about how someone or something makes us feel When something or someone fails to give us the positive feeling we want we move on and look for something else This type of love requires little effort By making it about us and how we feel we miss the many opportunities presented to us every day to have lasting and meaningful impact To truly love is hard It is not a feeling but an action It requires us to be intentional and outwardly focused on others rather than internally focused on our own feelings When we love hard our lives have real meaningful lasting positive impact on the world around us In **Love Hard** Jason Wren uses stories from his and others lives to show how all of us can learn to love hard and thus have significant and lasting impact

Monks in the World William Thiele, 2014-02-03 In this moving spiritual memoir Dr William Thiele shares inspiring stories of the birthing of a monastery without walls among everyday women and men around New Orleans after the devastation of Hurricane Katrina in 2005 Along the way core contemplative attitudes practices and principles were discovered He offers these stories of birthing a School for Contemplative Living as a challenging call to a frantic and polarized world Readers will be drawn toward their own spiritual transformation as they encounter imperfect monks with messy lives who are practicing God's presence and learning to serve the world from that presence He encourages readers to join these monks in the world by forming contemplative communities who radiate loving kindness as their first priority
