

*My Eternal Flame,*

*As the sands of time flow, my love for  
you only grows, burning brighter with  
each passing moment. I've come to  
realize that love isn't just about the  
here and now. It's about every shared  
yesterday and every hoped-for  
tomorrow. With every tick of the clock,  
my love for you becomes a part of  
eternity, a testament to the power of  
two souls entwined in time.*

*Forever and always.*

## **Love Letters To The Blue Planet:**

**Love Letter to the Earth** Thich Nhat Hanh, 2013-06-17 World renowned Zen monk Thich Nhat Hanh champions a more mindful spiritual approach to protecting nature and limiting climate change one that recognizes people and planet as one and the same While many experts point to the enormous complexity in addressing issues ranging from the destruction of ecosystems to the loss of millions of species Thich Nhat Hanh identifies one key issue as having the potential to create a tipping point He believes that we need to move beyond the concept of the environment as it leads people to experience themselves and Earth as two separate entities and to see the planet only in terms of what it can do for them Here Thich Nhat Hanh points to the lack of meaning and connection in peoples lives as being the cause of our addiction to consumerism He deems it vital that we recognize and respond to the stress we are putting on the Earth if civilization is to survive Rejecting the conventional economic approach Thich Nhat Hanh shows that mindfulness and a spiritual revolution are needed to protect nature and limit climate change Love Letter to the Earth is a hopeful book that gives us a path to follow by showing that change is possible only with the recognition that people and the planet are ultimately one and the same Love Letters
