Ranging from Plato's first readers over the Church Fathers and the Platonic commentators to Byzantine and Renaissance thinkers, the papers collected here introduce the reader to the first two millennia of the dialogue's reception history. Thirteen contributions by both junior and established scholars study the engagement with the Phaedrus by such major figures as Aristotle, Galen, Origen, Clemens of Alexandria, Plotinus, Augustine, Proclus, Psellus, Ficino, Erasmus, and many others. Together they cover the wide range of topics discussed in the dialogue: the value of myth and allegory, religion and theology, love and beauty, the soul and its immortality, teaching and learning, metaphysics and epistemology, rhetoric and dialectic, as well as the role and the limits of writing. By placing the dialogue in this broad perspective, the volume will appeal to readers interested in the Phaedrus itself as well as to classicists, literary theorists and historians of philosophy, science and religion concerned with the dialogue's reception history and its main protagonists *A Shorter Course with the German Language* W.H.
