Mars Ou La Guerre Jugée:

Mars, Ou, La Guerre Jugée Alain, 1921 Mars ou la Guerre jugée Émile-Auguste Chartier, 2025-04-25 Mars ou la Guerre jugée d'Alain est une oeuvre majeure de la littérature pacifiste du XXe siècle. Publié en 1921, ce recueil de réflexions sur la guerre offre un témoignage poignant et une analyse lucide de l'expérience du front pendant la Première Guerre mondiale. Alain, de son vrai nom Émile Auguste Chartier, y livre ses observations et ses pensées fruit de quatre années passées comme artilleur volontaire. L'ouvrage se présente comme une série de courts chapitres où l'auteur dissèque avec une précision chirurgicale les mécanismes de la guerre et ses effets sur l'homme. Alain y déploie toute la puissance de sa philosophie mêlant analyse sociologique et réflexions personnelles pour dresser un portrait sans concession du conflit armé. Au cœur de cette critique du militarisme, Alain explore les contradictions et les absurdités de la guerre. Il examine les relations entre soldats et officiers, la psychologie du combattant et les structures sociales qui perpétuent le cycle de la violence. Sa plume incisive décortique les illusions patriotiques et les discours bellicistes, offrant une perspective humaniste sur la folie meurtrière qui s'est emparée de l'Europe. Ce livre s'inscrit parfaitement dans la catégorie des Essais philosophiques tout en empruntant des éléments aux Mémoires de guerre et à l'Histoire du XXe siècle. Alain y développe une pensée antimilitariste qui résonne encore aujourd'hui, interrogeant la nature même du pouvoir et de l'obéissance. Mars ou la Guerre jugée n'est pas seulement un témoignage historique ; c'est aussi une oeuvre de littérature engagée qui invite le lecteur à réfléchir sur les fondements de la paix et de la guerre. Alain y démontre que la guerre n'est pas une fatalité mais le résultat de choix humains, qu'il est possible de remettre en question. Ce classique de la littérature pacifiste continue d'interpeller les consciences, offrant des clés de compréhension essentielles sur les conflits qui agitent encore notre monde. La pensée d'Alain, à la fois profonde et accessible, en fait une lecture incontournable pour quiconque s'intéresse à la philosophie de la guerre et aux enjeux de la paix. **MARS, OU LA GUERRE JUGÉE** ALAIN. ALAIN, 2018 **Mars** Alain, 1921 Mars ou La guerre jugée / De quelques-unes des causes réelles de la guerre entre nations civilisées Alain, 2017-11-17T00:00:00+01:00 Mes pensées sont déjà assez hardies, je supplie qu'on n'y ajoute rien. J'ai donné assez de preuves d'obéissance stricte dans mes fonctions de brigadier d'artillerie. Si quelques-uns ont de la peine à accorder cette déclaration avec ce qu'ils vont lire, cela prouve qu'ils ont besoin de me lire plus d'une fois. Dans une centaine de propos, Alain juge la guerre et n'en oublie rien : l'histoire, la révolution, la situation du soldat paysan ou prolétaire, la violence, la passion meurtrière. Cette analyse impitoyable de la guerre est une réflexion de sage sur la paix. *Mars, ou, La guerre jugée* Alain, 1950 *The Columbia History of Twentieth-century French Thought* Lawrence D. Mars ou la guerre jugée Emile Auguste Chartier dit Alain, 1921-01-01 mile Auguste Chartier 1868 1951 dit Alain est un philosophe journaliste essayiste et professeur de philosophie français Dans cette suite de 93 brefs essais Alain utilise sa rigueur de scientifique sa perspicacité de philosophe et son talent d'expression de poète pour peindre le visage complexe de Mars le dieu de la guerre Il décortique minutieusement les racines profondes les incohérences et les mensonges de la guerre tout en évitant de se concentrer uniquement sur les aspects les plus vidents de cette tragédie **Mars, ou la Guerre jugée. Édition revue et augmentée. 8e édition** Alain, 1936 **Élie Halévy** K. Steven Vincent, 2020-05-29 An intellectual biography of the renowned and influential observer of the era of tyrannies Élie Halévy 1870 1937 was one of the most respected and influential intellectuals of the French Third Republic In this densely contextualized biography K. Steven Vincent describes how Halévy best remembered as the historian of British Utilitarianism and nineteenth century English history was also a persistent acute and increasingly anxious observer of society in a period defined by industrialization and imperialism and by what Halévy famously called the era of tyrannies Vincent distinguishes three broad phases in the development of Halévy's thought In the first Halévy brought his version of neo-Kantianism to debates with sociologists and philosophers and to his study of English Utilitarianism He forged ties with Xavier Léon Léon Brunschvicg and Émile Auguste Chartier life-long intellectual interlocutors Together they founded the *Revue de métaphysique et de morale* a continuing venue for Halévy's reflections The Dreyfus Affair Vincent argues caused Halévy to shift his focus from philosophy to history and from metaphysics to politics He became a philosopher-historian less interested in abstract neo-Kantianism and more in real world action less given to rarified debates over truth and more to investigation of how theories and their applications were situated within broader political economic and cultural movements World War I and its destabilizing effects provoked the third phase Vincent explains As he watched reason recede before rabid nationalism and a pox of

political enthusiasms Hal vy sounded the alarm about liberal democracy s vulnerabilities Vincent situates Hal vy on the unsteady and narrowing middle ground between state socialism and fascism showing how he defended liberalism while at the same time appreciating socialists analyses of capitalism s negative impact and their calls for reform and greater economic equality Through his analysis of Hal vy s life and works Vincent illuminates the complexity of the Third Republic s philosophical historical and political thought and concludes with an incisive summary of the distinctive nature of French liberalism
