Globalizing Indian Thought Debashis Chatterjee, Deepa Sethi, Surya Prakash Pati, 2021-11-29 The overarching principle that once integrated India s institutions is often described by the word dharma The notion of dharma goes well beyond what is known as rule of law Rule of law is about publicly disclosed legal codes and processes Dharma on the other hand is the holding principle that encompasses the whole of nature including human nature Dharma is much more nuanced and yet paradoxically more unambiguous than rule of law The research presented in Globalizing Indian Thought tells us that India will do well to hark back to its sanatana dharma The book decodes and deliberates on a few big ideas with the hope to shape India s story on the world stage It would be of interest to anyone who wishes to know how we can bring in ideas that are inherently Indian to broaden the discourse on matters of national and international importance

Anthropological Approaches to Understanding Consumption Patterns and Consumer Behavior Chkoniya, Valentina, Madsen, Ana Oliveira, Bukhrashvili, Paata, 2020-04-03 Anthropology is a science specialized in the study of the past and present of societies especially the study of humans and human behavior The disciplines of anthropology and consumer research have long been separated however it is now believed that joining them will lead to a more profound knowledge and understanding of consumer behaviors and will lead to further understanding and predictions

for the future Anthropological Approaches to Understanding Consumption Patterns and Consumer Behavior is a cutting edge research publication that examines an anthropological approach to the study of the consumer and as a key role to the development of societies The book also provides a range of marketing possibilities that can be developed from this approach such as understanding the evolution of consumer behavior delivering truly personalized customer experiences and potentially creating new products brands and services Featuring a wide range of topics such as artificial intelligence food consumption and neuromarketing this book is ideal for marketers advertisers brand managers consumer behavior analysts managing directors consumer psychologists academicians social anthropologists entrepreneurs researchers and students **Human**
