J. Jackson Lears,1993-04 We are in the midst of a dramatic shift in sensibility and cultural history is the rubric under which a massive doubting and refiguring of our most cherished historical assumptions is being conducted Many historians are coming to suspect that the idea of culture has the power to restore order to the study of the past Whatever its potency as an organizing theme there is no doubt about the power of the term culture to evoke and stand for the depth of the re examination not taking place At a time of deep intellectual disarray culture offers a provisional nominalist version of coherence whatever the fragmentation of knowledge however centrifugal the spinning of the scholarly wheel culture which even etymologically conveys a sense of safe nurture warm growth budding or ever present wholeness will shelter us The PC buttons on historians chests today stand not for politically correct but positively cultural from the Introduction More and more scholars are turning to cultural history in order to make sense of the American past This volume brings together nine original essays by some leading practitioners in the field The essays aim to exhibit the promise of a cultural approach to understanding the range of American experiences from the seventeenth century to the present Expanding on the editors pathbreaking The Culture of Consumption the contributors to this volume argue for a cultural history that attends closely to language and textuality without losing sight of broad configurations of power that social and political history at its best has always stressed The authors here freshly examine crucial topics in both private and public life Taken together the essays shed new light on the power of culture in the lives of Americans past and present **Ways & Power Of Love** Pitirim A. Sorokin,2015-10-22 The Ways and Power of Love was originally published in 1954 when Pitirim Sorokin was in the twilight of his career and leading the Harvard Research Center in Creative Altruism His elaborate scientific analysis of love with regard to its higher and lower forms its causes and effects its human and cosmic significance and its core features constitutes the first study on this topic in world literature to date Sorokin was the one absolutely essential twentieth century pioneer in the study of love at the interface of science and religion Bringing The Ways and Power of Love back into print allows a new generation of readers to appreciate Sorokin s genius and to move forward with his endeavor at a time when civilization itself continues to be threatened by a marked

inability to live up to the ideal of love for all humankind It is certainly right to hope with Sorokin that progress in knowledge about love can move humanity forward to a better future Turning the sciences toward the study of love is no easy task but it can and must be done

The Healing Power of Spirituality J. Harold Ellens, 2009-12-30 This three volume set addresses how the role of spirituality and its constructive expressions in various religions and outside of formal religion enhances human personality and experience Theologian and acclaimed scholar J Harold Ellens now offers a breakthrough work on the positive impact of faith In *The Healing Power of Spirituality and Religion* an extraordinary group of scholars discuss the latest scientific research into the connection between belief and psychological and physical well being Each volume of *The Healing Power of Spirituality* focuses on a specific aspect of the scientific exploration of faith and well being volume one examines the healing power of personal spiritualities like I Ching and Transcendentalism volume two looks at the subject in the context of Christianity Judaism and other world faiths and volume three explores the psychodynamics of healing spirituality and religion including the role of biochemical and chemical reactions in heightening psychospiritual apperception

The Power of Us Jay J. Van Bavel, Dominic J. Packer, 2021-09-07 A fascinating Charles Duhigg and must read Annie Duke page turning package Publishers Weekly starred review for understanding identity and showing how our groups have a powerful influence on our feelings beliefs and behavior and can inspire both personal change and social movements If you're like most people you probably believe that your identity is stable But in fact your identity is constantly changing often outside your conscious awareness and sometimes even against your wishes to reflect the interests of the groups you belong to In *The Power of Us* psychologists Dominic Packer and Jay Van Bavel integrate their own cutting edge research in psychology and neuroscience to explain how identity really works and how to harness its dynamic nature to Boost cooperation and productivity Overcome bias Escape from echo chambers Break political gridlock Foster dissent and mobilize for change Lead effectively Galvanize action to address persistent global problems Along the way they explore such seemingly unrelated phenomena as why a small town in Germany spent decades divided by shoes why beliefs persist after they are disproven how working together synchronizes our brains what makes selfish people generous why effective leaders say we a lot and how playing soccer can reduce age old conflicts Understanding how identity works allows people to take control moving beyond wondering Who am I to answer instead Who do I want to be Packed with fascinating insights vivid case studies and a wealth of pioneering research *The Power of Us* will change the way you understand yourself and the people around you forever

Custom, Power and the Power of Rules Michael Byers, 1999-03-11 This book explains the most foundational aspect of international law in international relations terms

Personal Intelligence John D. Mayer, 2014-02-18 In *Personal Intelligence* John D Mayer the renowned psychologist who co developed the groundbreaking theory of emotional intelligence now draws on decades of research to introduce another paradigm shifting idea that in order to become our best selves we use an even broader intelligence personal intelligence to understand our own personality and the personalities of the people around us

Bringing together a diverse set of findings his theory explores our ability to read faces to accurately weigh choices in relationships work and family life and to judge long term goals Mayer illustrates his points with examples drawn from the lives of successful athletes police detectives and musicians showing how people with high personal intelligence are able to anticipate their own desires predict the behavior of others and motivate themselves to make better life decisions Personal Intelligence is an indispensable book for anyone who wants to better comprehend how we make sense of our world

Principles of Subjective Anthropology Binggong Chen, 2023-03-27 This book puts forward the concept of subjective anthropology and outlines a theoretical system that will allow subjective anthropology to qualify as a new academic discipline in its own right In an effort to respond to the field's proper role as the science of humanity subjective analysis has been introduced into the study of anthropology The book fills two distinct gaps in our knowledge and understanding of modern man offering detailed descriptions of personality and of groups while also advancing the theory of structure and choice The book formulates seven basic principles of subjective anthropology and divides anthropology into three major branches subjective anthropology cultural anthropology and biological or physical anthropology which can be further divided into sub branches The book pursues three key goals advancing and developing the theoretical system of subjective anthropology reconstructing the discipline of anthropology and establishing a Chinese anthropology with Chinese characteristics Chinese visions and Chinese styles

The Power of Persuasion Robert Levine, 2003-02-21 Robert Levine offers readers an insight into the mindsets of those who prod praise debase and manipulate others to do things they never thought they'd do from the point of view of those prodded praised and manipulated He takes a hands on approach to looking behind the curtain of shilling and pitch by showing pitchmen at work
