

Christ said, "Resist not evil", and we do not understand it until we discover that it is not only moral but actually the best policy, for anger is loss of energy to the man who displays it. You should not allow your minds to come into those brain-combinations of anger and hatred.

The Presbyterian and Reformed Review Benjamin Breckinridge Warfield, 1891 Includes section Reviews of recent theological literature *Religion from Tolstoy to Camus* Dr. Walter Kaufmann, 2017-07-31 First published in 1961 this volume brings together basic writings and religious truths and morals from a wide range of sources Tolstoy Dostoevsky Plus II Leo XIII Nietzsche James Royce Wilde Freud Niemller Barth Maritain Tillich Schweitzer Buber Camus and others all have sought the religious truth about man and have in the last three quarters of our century made great contributions to religious thought critical often of the accepted and fashionable religion of their day but greatly concerned to purify religion as they understood it Dr Waller Kaufman of Princeton University who has already written extensively on philosophy and religion

supplies an editorial and critical note for each of his subject thus providing valuable continuity and evaluation Such a book as this deserves a place in all libraries public and private so that it will be possible to quote these men from knowledge rather than hearsay many times removed from the original The point is not to win friends for religion or enemies but to provoke greater thoughtfulness Here are texts that deserve to be pondered and discussed Some of them I have criticized in other volumes in such cases the references are given But in the present book nothing is included merely to be disparaged nor is anything offered only to be praised The hope is that those who read this book will gain a deeper understanding of religion

Walter Kaufmann Preface Christian Non-resistance Adin Ballou, 1846 *Discover the Truth About Jesus and the Secrets of Bible* M. M. Mangasarian, 2020-12-17 *Discover the Truth About Jesus and the Secrets of Bible* offers a series of studies on the question of the historicity of Jesus presented before the Independent Religious Society in Orchestra Hall In *The Bible Unveiled* Mangasarian presents numerous evidences which prove that the Bible is not an authentic book but a compilation of older myths and legends

Rediscovering Faithfulness Kenneth W. M. Wozniak, 2024-07-09 What does faithfulness mean for modern Christians who find themselves immersed in a social and moral context two millennia removed from that of Jesus As a notion endorsed by Christians universally irrespective of church tradition geographic location economic and political milieu or spiritual experience faithfulness is essential to mature Christian living Yet many in the modern church have lost or perhaps forgotten the true nature of faithfulness and thus have wandered from that which God envisages for believers Rediscovering what faithfulness entails however is altogether possible Theological ethicist Kenneth W M Wozniak takes the reader on a journey of encounter looking to the earliest Christians and their understanding of fidelity to the way of Jesus as a model for believers today and as the means by which the essence of faithfulness rooted not in adherence to a performance standard but rather in personal cultivation of the divine character the Jesus way not only can be discovered but also embraced and enjoyed by the one who aspires to align with the very being of God

and beauty of style and contains a veritable thesaurus of spiritual truths drawn from the entire Bible **New-Church Messenger**, 1925 Non-resistance Charles Hudson, 1848 *My Religion* Лев Толстой, 2017-05-02 *New Wars for Old* John Haynes Holmes, 1916 **Gandhian Satyagraha** Ajay Shanker Rai, 2000 **Tolstoy's Pacifism** Colm McKeogh, 2009

Leo Tolstoy 1828 1910 was the most influential challenging and provocative pacifist of his generation The most famous person alive at the dawn of the twentieth century his international stature came not only from his great novels but from his rejection of violence and the state Tolstoy was a strict pacifist in the last three decades of his life and wrote at length on a central issue of politics namely the use of violence to maintain order to promote justice and to ensure the survival of society civilization and the human species He unreservedly rejected the use of physical force to these or any ends Tolstoy was a religious pacifist rather than an ethical or political one His pacifism was rooted not in a moral doctrine or political theory but in his straightforward reading of the teachings of Jesus as recorded in the Gospels Despite his fame Tolstoy's pacifism remains insufficiently studied A hundred years after his death Tolstoy is a figure unfamiliar in political science encountered if at all as the author of hortatory quotations on the wrongness of political violence or of allegiance to the state This work of political science offers an account of Leo Tolstoy as a Christian thinker on political violence It presents Tolstoy's pacifism as a striking case of the impact of religious idealism on political attitudes The Russian novelist offers an instructive case study in Christian pacifism and in the attractions and failings of strict literalist and simplistic religious approaches to the many and complex issues of politics Today the political implications of religious fundamentalism scriptural literalism and Christian faith are very much live issues and the contemporary discussion of them should not omit pacifism In this first study of Tolstoy's pacifism by a political scientist Colm McKeogh unravels the complexities of Tolstoy's writings on Christianity and political violence This work serves scholars of political science by bringing together relevant extracts from Tolstoy's writings and providing a succinct treatment of the core political issues It establishes that Tolstoy's stance is primarily one of non violence rather than non resistance McKeogh's work then assesses the internal consistency of Tolstoy's pacifism its grounding in the Gospels and Christian tradition its political and anti political implications and the meaning in life that it offers It finds that Tolstoy does great service to the pacifist cause with his defense of peace as close to the centre of Christ's message and yet harm to it too by divorcing peace from the love that is even more central to Christ's message Tolstoy's political and religious legacy is not that of a prophet a social activist a moral reformer a political idealist or pacifist theorist but that of a dissident Tolstoy stands as one of the great dissidents of twentieth century Russia a man who condemned the system utterly and who refused to perform any act that could be construed as compromising with it He left behind a powerful statement of the urgent human need to connect our daily living to a deep and fulfilling conception of the meaning of life Tolstoy's Pacifism is important for political science Christian ethics literature and Russian collections
