Scorched Earth The Russian-German War 1943-1944:

Scorched Earth; the Russian-German War, 1943-1944, by Paul Carell. Translated From the German by Ewald Osers Paul Karl Schmidt, Scorched Earth: the Russian-German War, 1943-1944, 1966 *Scorched Earth* Paul Karl Schmidt, 1973 **The German Defeat in the East** Samuel W. Mitcham, 2007-01-23 Details the massive battles on the Eastern Front from the summer of 1944 until the fall of Budapest in early 1945 The last place a German soldier wanted to be in 1944 was the Russian front That summer Stalin hurled more than 6 million men 9 000 tanks 16 000 aircraft and 12 800 guns and rocket launchers against German forces **Slaughter on the Eastern Front** Anthony Tucker-Jones, 2017-05-01 In the summer of 1941 a collective madness overtook Adolf Hitler and his senior generals They convinced themselves that they could take on and defeat a superpower in the making the Soviet Union Foolishly they thought in a swift campaign they could smash the Red Army and force Stalin to sue for peace despite dire warnings that Stalin was amassing a reserve army of more than 1 million men on the Volga The end result would be such carnage that it would tear the German forces apart In his major reassessment of the war on the Eastern Front Anthony Tucker Jones casts new light on the brutal fighting including such astounding German defeats as at Stalingrad Kursk Minsk and finally Berlin He controversially contends that from the very start intelligence officers on both sides failed to influence their leadership resulting in untold slaughter He also reveals the shocking blunders by Hitler Stalin and even Churchill that led to the appalling needless destruction of Hitler's armed forces as early as the winter of 1941-42 Step by step Tucker Jones describes how the German war machine fought to its very last against a relentless enemy fully aware that defeat was inevitable **Hero City** Prit Buttar, 2024-09-12 One of the greatest ever sieges is masterfully brought to life by a leading expert on the Eastern Front At the height of World War II the people of Leningrad endured a bitter 900 day siege struggling against bombing shelling and starvation Prit Buttar tells the story of how the siege was finally broken The Red Army had suffered multiple setbacks in the preceding two years but achieved a partial success by breaking the blockage in early 1943 However this was followed by further failed attempts to lift the siege completely But by simply enduring the siege in the face of impossible odds Russian soldiers and civilians beat the Germans By the end of 1943 the German forces themselves broken by deprivations and extreme weather began to pull back Here was the opportunity the Soviet forces had been waiting for The Red Army launched a decisive attack that broke through and ended the siege Their determination to hold out has become a hugely significant part of Russian history the echoes of the battle helping to define both a country and its politics This compelling history uses original Russian source material to vividly describe the deprivations visited upon those trapped But it also details the tactical successes and strategic failures of both sides as well as the appalling war crimes that have forever stained the ground in and around this historic city **Blitzkrieg No Longer** Samuel W. Mitcham, 2009-12-21 A pivotal year of World War II through German eyes The campaigns of the German army air force and navy described by a master storyteller Covers the aftermath of Stalingrad Kursk Tunisia Sicily

Italy the U boat war and air battles After a crushing loss at Stalingrad the German war machine regrouped in early 1943 to stave off total defeat but it could not stem the rising Allied tide In the Mediterranean Rommel s early successes in Africa were erased by the surrender of Tunisia and German forces barely escaped Sicily before the Allies seized the island On the Eastern Front Soviet T 34s beat German armor in the massive tank battle at Kursk At sea the Allies countered the U boat threat and in the air Allied forces dominated the Luftwaffe and took the war to the German home front

The Life and Death of Adolf Hitler Robert Payne,2016-10-05 In *The Life And Death of Adolf Hitler* biographer Robert Payne unravels the tangled threads of Hitler s public and private life and looks behind the caricature with the Charlie Chaplin mustache and the unruly shock of hair to reveal a Hitler possessed of immense personal charm that impressed both men and women and brought followers and contributions to the burgeoning Nazi Party Although he misread his strength and organized an ill fated putsch Hitler spent his months in prison writing *Mein Kampf* which increased his following Once in undisputed command of the Party Hitler renounced the chastity of his youth and began a sordid affair with his niece whose suicide prompted him to reject forever all conventional morality He promised anything to prospective supporters then cold bloodedly murdered them before they could claim a share of the power he reserved for himself Once he became Chancellor Hitler step by step bent the powers of the state to his own purposes to satisfy his private fantasies rearming Germany slaughtering his real or imaginary enemies blackmailing one by one the leaders of Europe and plunging the world into the holocaust of World War II THE LIFE AND DEATH OF ADOLF HITLER is the story of not so much a man corrupted by power as a corrupt man who achieved absolute power and used it to an unprecedented degree knowing at every moment exactly what he was doing and calculating his enemies weaknesses to a hair s breadth It is the story of a living man

Political, Social and Religious Studies of the Balkans General Editor: Raphael Israeli, Jerusalem, Israel,2021 Since the end of the Bosnia War in 1995 a tradition was embraced by the West of vilifying the Serbs as the villains and the Muslims as their victims This necessitated the military intervention of the U S and NATO on the Muslim side which caused an untold travesty of justice to the Serbs For indeed there was enough blame to go around to condemn all parties in that war including Serbs Croats and Muslims of committing massacres and huge abuses of the other parties To single out the Serbs as the bad guys simply distorts the facts This collective volume which is the product of a Commission of Inquiry worked 18 months on this project redressing the balance based on a meticulous and well documented report about the process of this inquiry step by step

Blitzkrieg to Desert Storm Robert M. Citino,2022-05-25 When Germany launched its blitzkrieg invasion of France in 1940 it forever changed the way the world waged war Although the Wehrmacht ultimately succumbed to superior Allied firepower in a two front war its stunning operational achievement left a lasting impression on military commanders throughout the world even if their own operations were rarely executed as effectively Robert Citino analyzes military campaigns from the second half of the twentieth century to further demonstrate the difficulty of achieving decisive results at the operational level Offering detailed

operational analyses of actual campaigns Citino describes how UN forces in Korea enjoyed technological and air superiority but found the enemy unbeatable provides analyses of Israeli operational victories in successive wars until the Arab states finally grasped the realities of operational level warfare in 1973 and tells how the Vietnam debacle continued to shape U S doctrine in surprising ways Looking beyond major power conflicts he also reveals the lessons of India s blitzkrieg like drive into Pakistan in 1971 and of the senseless bloodletting of the Iran Iraq War Citino especially considers the evolution of U S doctrine and assesses the success of Desert Storm in dismantling an entrenched defending force with virtually no friendly casualties He also provides one of the first scholarly analyses of Operation Iraqi Freedom showing that its plan was curiously divorced from the realities of military history grounded instead on nebulous theories about expected enemy behavior Throughout Citino points to the importance of mobility especially mobilized armor in modern operational warfare and assesses the respective roles of firepower training doctrine and command and control mechanisms Brimming with new insights Citino s study shows why technical superiority is no guarantee of victory and why a thorough grounding in the history of past campaigns is essential to anyone who wishes to understand modern warfare Blitzkrieg to Desert Storm provides that grounding as it addresses the future of operational level warfare in the post 9 11 era *Eagles of the Third Reich* Samuel W. Mitcham, 2007-07-25 Originally published under the title *Men of the Luftwaffe* this insightful well researched book traces the rise and fall of Hitler s air force from the perspective of its top leaders concentrating on problems of organization policy and aircraft production rather than battles and campaigns Publishers Weekly

Zhukov Otto Preston Chaney, 2014-05-19 Marshal Georgi Konstantinovich Zhukov hero of Leningrad defender of Moscow and Stalingrad commander of the victorious Red Army at Berlin was the most decorated soldier in Soviet history Yet for many years Zhukov was relegated to the status of unperson in his homeland Now following glasnost and the fall of the Soviet Union Zhukov is being restored to his rightful place in history In this completely updated version of his classic 1971 biography of Zhukov Otto Preston Chaney provides the definitive account of the man and his achievements Zhukov s career spanned most of the Soviet period reflecting the turmoil of the civil war the hardships endured by the Russian people in World War II the brief postwar optimism evidenced by the friendship between Zhukov and Eisenhower repression in Poland and Hungary and the rise and fall of such political figures as Stalin Beria and Krushchev The story of Russia s greatest soldier thus offers many insights into the history of the Soviet Union itself *Soviet Night Operations in World War II* Claude R. Sasso, 1982 *Military Review*, 1971 *Professional Journal of the United States Army*, 1971 **Quarterly Review of Military Literature**, 1974

Soldiers of Destruction Charles W. Sydnor, Jr., 2020-06-16 Charles Sydnor relates the political and military experience of the SS Totenkopfdivision to the institutional development of the SS and the ideological objectives of Nazi Germany **Special Bibliography**, 1978 **Special Bibliographic Series** US Army Military History Research Collection, 1978

Tank Warfare on the Eastern Front, 1943-1945 Robert Forczyk, 2016-03-30 The author of *Case White* offers an

extensive history of German and Soviet armored warfare toward the end of World War II By 1943 after the catastrophic German defeat at Stalingrad the Wehrmacht's panzer armies gradually lost the initiative on the Eastern Front The tide of the war had turned Their combined arms technique which had swept Soviet forces before it during 1941 and 1942 had lost its edge Thereafter the war on the Eastern Front was dominated by tank led offensives and as Robert Forczyk shows the Red Army's mechanized forces gained the upper hand delivering a sequence of powerful blows that shattered one German defensive line after another His incisive study offers fresh insight into how the two most powerful mechanized armies of the Second World War developed their tank tactics and weaponry during this period of growing Soviet dominance He uses German Russian and English sources to provide the first comprehensive overview and analysis of armored warfare from the German and Soviet perspectives This major study of the greatest tank war in history is compelling reading
