Scorpions In A Bottle Dangerous Ideas About The United States And The Sovi Et:

Scorpions in a Bottle ,1986 **The Neoconservative Persuasion** Irving Kristol,2011-01-11 Irving Kristol the godfather of neoconservatism and one of our most important public intellectuals played an extraordinarily influential role in the development of American intellectual and political culture over the past half century These essays many hard to find and reprinted here for the first time since their initial appearance are a penetrating survey of the intellectual development of one of the progenitors of neoconservatism Kristol wrote over the years on a remarkably broad range of topics from W H Auden to Ronald Reagan from the neoconservative movement s roots in the 1940s at City College to American foreign policy from religion to capitalism Kristol s writings provide us with a unique guide to the development of neoconservatism as one of the leading strains of thought one of the leading persuasions in recent American political and intellectual history **The Survival of the Adversary Culture** Paul Hollander,1988-01-01 The Survival of the Adversary Culture shows that contrary to much popular and journalistic opinion the rejection of American society conceived during the 1960 s has not substantially declined but has taken root and endured despite surface changes These writings represent the insights and observations of an author who has long been a commentator and student of social scientitsts who have examined American institutions and social problems in comparative context **Decline and Discontent** Paul Hollander,1998 **Unrelated business income tax** United States. Congress. House. Committee on Ways and Means. Subcommittee on Oversight,1988 **The Icarus Syndrome** Peter Beinart,2010 In The Icarus Syndrome Peter Beinart tells a tale as old as the Greeks a story about the seductions of success Beinart describes Washington on the eve of three wars World War I Vietnam and Iraq three moments when American leaders decided they could remake the world in their image Each time leading intellectuals declared that history was over and the spread of democracy was inevitable Each time a president held the nation in the palm of his hand And each time a war conceived in arrogance brought untold tragedy In dazzling colour Beinart portrays three extraordinary generations the progressives who took America into World War I led by Woodrow Wilson the lonely preacher s son who became the closest thing to a political messiah the world had ever seen The Camelot intellectuals who took America into Vietnam led by Lyndon Johnson who lay awake night after night shaking with fear that his countrymen considered him weak And George W Bush and the post cold war neoconservatives the romantic bullies who believed they could bludgeon the Middle East and liberate it at the same time Like Icarus each of these generations crafted wings a theory about America s relationship to the world They flapped carefully at first but gradually lost their inhibitions until giddy with success they flew into the sun But every era also brought new leaders and thinkers who found wisdom in pain They reconciled American optimism our belief that anything is possible with the realities of a world that will never fully bend to our will In their struggles lie the seeds of American renewal today Based on years of research The Icarus Syndrome is a provocative and strikingly original account of hubris in the American century and how we learn from the tragedies that result **Political**

and Economic Pluralism in the Third World Kendall W. Brown,1986 **Not Seeing Red** Stephen Karetzky,2002 In Not Seeing Red Stephen Karetzky examines American librarianship s attitude towards the Soviet Union from the Russian Revolution through the Cold War While focusing on the years 1917 through 1960 the work includes an overview of the subsequent period ending with Gorbachev s rise to power Karetzky s study concentrates on leaders of the library profession in the United States but also deals with American educationists as well as librarians in Britain and other countries
