journalist Douglas Skelton these pages uncover the mad the bad and the dangerous to know Vengeful Queen Joan who made her husband's assassins pay a fearful price for their treason Beautiful Jean Livingston who bravely faced The Maiden after murdering her abusive husband Child killers Helen Torrence and Jean Waldie who sold their victim to anatomists Baby farmer Jessie King who dealt in fish and death These cases together with a host of others prove that women are far from the gentler sex Most killers are men But women are more deadly **Kingship of the Scots, 842-1292** A A M

Duncan, 2016-08-30 First published in 2002 and here introduced by Dauvit Broun as a core text in Scottish medieval history this classic work is considered one of the most invaluable critiques of kingship in Scotland during the nation's foundations In the early years of the period a custom of succession within one royal lineage allowed the Gaelic kingdom to grow in authority and extent The Norman Conquest of England altered the balance of power between the north and south and the relationship between the two kingdoms which had never been easy became unstable When Scotland became kingless in 1286 Edward I exploited the succession debate between Balliol and Bruce and set claim to overlordship of Scotland until Bruce's coronation fixed the right of succession by law for Scottish kingship In a meticulous account of this period Professor Duncan disentangles the power struggles during the Great Cause between the Balliols and the Bruces and of the actions motives and decisive interventions of Edward I The Kingship of the Scots is historical scholarship at its best thoughtful challenging incisive and readable Scotland's Chronicles of Blood Norman Adams, 1996 This is an account of the days in Scotland

when criminals were executed by hanging beheading burning drowning and torturing The book looks at the different methods of execution the instruments that were used and the executioners themselves **So High a Blood** Morgan Ring, 2017-04-25 Niece to Henry VIII heir to the throne courtier at risk of being killed spy mistress and ambitious political player Lady Margaret Douglas is a vital new character in the Tudor story Amidst the Christmas revels of 1530 a fifteen year old girl arrived at the court of King Henry VIII Half English half Scottish she was his niece the Lady Margaret Douglas For the next fifty years Margaret held a unique and precarious position at the courts of Henry and his children As the Protestant Reformation unfolded across the British Isles and the Tudor monarchs struggled to produce heirs she had ambitions of her own She wanted to see her family ruling a united Catholic Britain Through a Machiavellian combination of daring spying and luck Margaret made her son into a suitor to her niece Mary Queen of Scots Together they had a powerful claim to the English throne so powerful that Queen Elizabeth I feared they would overthrow her and restore both England and Scotland to the Catholic faith The marriage cost Margaret her position her freedom and her beloved son's life From the glittering Tudor court to the Tower of London Lady Margaret Douglas weathered triumphs and tragedies in an era of tremendous change Yet she never lost hope that she would see her family rule throughout the British Isles which eventually happened when King James I of England VI of Scotland united the crowns in 1603 Drawing on previously unexamined archival sources **So High a Blood** presents a fascinating and dramatic portrait of this forgotten Tudor **'A Great Effusion of Blood'?** Mark D.

Meyerson, Daniel Thiery, Oren Falk, 2015-03-27 A great effusion of blood was a phrase used frequently throughout medieval Europe as shorthand to describe the effects of immoderate interpersonal violence Yet the ambiguity of this phrase poses numerous problems for modern readers and scholars in interpreting violence in medieval society and culture and its effect on medieval people Understanding medieval violence is made even more complex by the multiplicity of views that need to be reconciled those of modern scholars regarding the psychology and comportment of medieval people those of the medieval persons themselves as perpetrators or victims of violence those of medieval writers describing the acts and those of medieval readers the audience for these accounts Using historical records artistic representation and theoretical articulation the contributors to this volume attempt to bring together these views and fashion a comprehensive understanding of medieval conceptions of violence Exploring the issue from both historical and literary perspectives the contributors examine violence in a broad variety of genres places and times such as the Late Antique lives of the martyrs Islamic historiography Anglo Saxon poetry and Norse sagas canon law and chronicles English and Scottish ballads the criminal records of fifteenth century Spain and more Taken together the essays offer fresh ways of analysing medieval violence and its representations and bring us closer to an understanding of how it was experienced by the people who lived it Blood on the Stage, 1600 to 1800 Amnon Kabatchnik, 2017-08-14 This volume examines the key representations of transgression drama produced between 1600 and 1800 Arranged in chronological order the entries consist of plot summary often including significant dialogue performance data if available opinions by critics and scholars and other features *Scotland, Historic and Romantic* Maria Hornor Lansdale, 1901 Text/events in Early Modern England Sandra Logan, 2007 Engaging with the mutually constitutive conjunctions of experience and inscription in Elizabethan England what Sandra Logan calls the text event this study considers multiple accounts of four historical events Elizabeth's 1558 coronation entry the 1575 Kenilworth entertainments the reign of Richard II and the 1601 Essex trial The book traces an emergent trend in representational practice whereby popular accounts produce a sense of immediate experience that is richer and more intimate than the event itself **Black's Picturesque Tourist of Scotland** Adam and Charles Black (Firm), 1849 **Black's Picturesque Tourist of Scotland**, 1851 *Black's picturesque tourist of Scotland* Adam Charles Black, 1847 Black's Picturesque Tourist of Scotland Black, Adam and Charles, publishers, 1852 History of Scotland Walter Scott, 1830 *Black's Picturesque Tourist of Scotland. Terrell, M. Bruce, 2012-09-03 The Anglo Scottish Border and the Shaping of Identity 1350 1600 explores the roles that Scotland and England play in one another's imaginations This collection of essays brings
