Lairds, Land and Sustainability Jayne Glass, 2013-07-22 Scotland is at the heart of modern sustainable upland management Large estates cover vast areas of the uplands with a long complex and emotive history of ownership and use In recent decades the Scottish uplands have increasingly been the arena for passionate debates over large scale land management issues Crucially what kinds of ownership and management will best deliver sustainable futures for upland environments and communities Although the globally unique dominance of private ownership remains a distinctive characteristic of Scotland's uplands increasing numbers of estates are now owned by environmental NGOs and local communities especially since the Land Reform Scotland Act of 2003 A decade after the passage of this landmark Act this book synthesises research carried out on a diverse range of upland estates by the Centre for Mountain Studies at Perth College University of the Highlands and Islands The findings from privately owned estates as well as those owned by communities charities and conservation groups will prove enlightening and relevant to upland managers policy makers and researchers across Britain and Europe With the Scottish Government promoting a vision of environmental sustainability and with the new diversity of ownerships and management now appearing this timely and topical book investigates the implications of these different types of land ownership for sustainable upland management

Troublemakers: The Struggle for Environmental Justice in Scotland Kevin Dunion, 2019-07-29 No detailed description available for Troublemakers

Ossianic Unconformities Eric Gidal, 2015-08-25 In a sequence of publications in the 1760s James Macpherson a Scottish schoolteacher in the central Highlands created fantastic epics of ancient heroes and presented them as genuine translations of the poetry of Ossian a fictionalized Caledonian bard of the third century In *Ossianic Unconformities* Eric Gidal introduces the idiosyncratic publications of a group of nineteenth century Scottish eccentrics who used statistics cartography and geomorphology to map and thereby vindicate Macpherson's controversial eighteenth century renderings of Gaelic oral traditions Although these writers primarily sought to establish the authenticity of Macpherson's translations they came to record through promotion evasion and confrontation the massive changes being wrought upon Scottish and Irish lands by British industrialization Their obsessive and elaborate attempts to fix both the poetry and the land into a stable set of coordinates developed what we can now perceive as a nascent ecological perspective on literature in a changing world Gidal examines the details of these imaginary geographies in conjunction with the social and spatial histories of Belfast and the River Lagan valley Glasgow and the Firth of Clyde and the Highlands and Western Isles of Scotland regions that form both the sixth century kingdom of Dál Riata and the fabled terrain of the Ossianic
