Scottish Elites:

Scottish Elites Thomas Martin Devine, 1994 *Ethnic Elites and Canadian Identity* Aya Fujiwara, 2012-11-30 Ethnic elites the influential business owners teachers and newspaper editors within distinct ethnic communities play an important role as self appointed mediators between their communities and mainstream societies In *Ethnic Elites and Canadian Identity* Aya Fujiwara examines the roles of Japanese Ukrainian and Scottish elites during the transition of Canadian identity from Anglo conformity to ethnic pluralism By comparing the strategies and discourses used by each community including rhetoric myths collective memories and symbols she reveals how prewar community leaders were driving forces in the development of multiculturalism policy In doing so she challenges the widely held notion that multiculturalism was a product of the 1960s formulated and promoted by mainstream Canadians and places the emergence of Canadian multiculturalism within a transnational context

The Oxford Handbook of Modern Scottish History T. M. Devine, Jenny Wormald, 2012-01-26 A landmark study which reconsiders in fresh and illuminating ways the classic themes of the nation's history since the sixteenth century as well as a number of new topics which are only now receiving detailed attention Places the Scottish experience firmly in an international historical experience

Elite Education Claire Maxwell, Peter Aggleton, 2015-10-05 *Elite Education International Perspectives* is the first book to systematically examine elite education in different parts of the world Authors provide a historical analysis of the emergence of national elite education systems and consider how recent policy and economic developments are changing the configuration of elite trajectories and the social groups benefiting from these Through country level case studies this book offers readers an in depth account of elite education systems in the Anglophone world in Europe and in the emerging financial centres of Africa Asia and Latin America A series of commentaries highlight commonalities and differences between elite education systems and offer insights into broader theoretical issues with which educationalists researchers and policy makers are engaging With authors including Stephen J Ball Donald Broady Rub n Gaztambide Fern ndez Heinz Hermann Kr ger Maria Alice Nogueira Julia Resnik and Agn s van Zanten the book offers a benchmark perspective on issues frequently glossed over in comparative education including the processes by which powerful groups retain privilege and elite status in rapidly changing societies *Elite Education International Perspectives* will appeal to policy makers and academics in the fields of education and sociology Simultaneously it will be of special relevance to post graduates enrolled on courses in the sociology of education education policy and education and international development

Political Discourse and National Identity in Scotland Murray Stewart Leith, 2012-09-17 Addresses issues of national identity and nationalism in Scotland from a political and linguistic perspective

Scottish Loyatism in the British Atlantic World Katie Louise McCullough, Graeme Morton, 2025-03-13 Using recent work on loyalism in Britain Ireland and the British Atlantic as a foundation this book offers a pioneering exploration of Scottish loyalism and explores the many ways in which Scottish loyalists shaped the British Atlantic world in the eighteenth and nineteenth centuries Scots have yet to be

examined as a particular ethnic group in the context of loyalism in the British Atlantic world. However, like many other Britons and other imperial subjects, Scots demonstrated their support for Crown and empire in myriad ways and for myriad reasons. What often united Scottish loyalists was a commitment to counterrevolution and constitutionalism. Yet the story is not so simple. Scottish loyalties like others were complex and often antithetical to perceptions about Scots invented by outsiders. Many Scottish loyalists challenged the traditional narrative as they included those who were assumed to be enemies of the Crown such as Highlanders, Catholics, and people for whom neutrality was a failed political strategy. Through a detailed examination of Scottish loyalism, the chapters in this volume highlight the multifaceted nature of Scottish political engagement and identity in an increasingly volatile political age. By examining these different strands of Scottish loyalism, this volume reveals the new histories of Scots and those of Scottish heritage and the contributions they made to a broad and popular political movement on both sides of the Atlantic. The book will be relevant for students and researchers of Scottish history, British imperial studies, loyalism, and Atlantic history. The chapters in this book were originally published as a special issue in *Atlantic Studies* and are supplemented by a new Preface and Conclusion.

Scottish Nationality Murray Pittock, 2017-04-26. The changes begun by the devolution referendum of 1997 have caused interest and concern throughout Britain. What seemed a remote and abstract question to many has in the last few years struck at the heart of the issue of what Britain is and it is increasingly clear that things will never be the same again. *Scottish Nationality* is written with these changes in mind. It is the only book available which both gives an overview of what made Scotland a nation across the whole of its history while also focusing in closely on the issues of the present day in particular Scotland's relationship with Britain. Murray Pittock discusses historic Scottish nationality, modern nationalism, and patriotism within the Union. What is a nation? How has Scotland developed within Britain? Where does it stand now? And what does the future hold? These questions are all addressed, and Pittock also deals in detail with the essential facts of Scotland's story, not a story which can be understood in isolation. *Scottish Nationality* examines Scotland's relationship with both England and the wider world in order to put Scotland in context within the new British history and the new Britain itself. As for the future, the book avoids unverifiable predictions, instead showing evidence of various trends and suggesting the importance of arguments for mutual understanding of Scotland's and England's national traditions.

Scotland in the Eighteenth Century David Allan, 2014-06-11. This is an introduction to Scottish history in the 18th which is completely up to date and gives equal emphasis to politics and religion. Once a small and isolated country with an unenviable reputation for poverty and instability, by 1800 Scotland it was emerging as an economic powerhouse, a major colonial power, and an internationally acclaimed center of European philosophy, science, and literature. This thematic investigation explores the experiences and responses of a people whose world was being fundamentally reconfigured and offers some topical and thought-provoking lessons from a dramatic period when willingly or with great reluctance the Scots adapted themselves to rapidly changing circumstances.

Starting with the threshold of the Act of Union 1707 and running through to 1800 and the outbreak of the Napoleonic Wars This book covers the impact of the Enlightenment on Scotland and Scotland's own very significant contribution to this via Adam Smith David Hume and their circle Setting social cultural and economic analyses within a firm political framework Scotland's internal story is placed in the wider context of Britain Europe and Empire and her role and identity within the newly united Britain assessed *Scotland and the Wider World* Neil McIntyre, Alison Cathcart, 2022 Provides for a historical perspective of Scotland's interaction with the world beyond its borders As one of the most prolific historians of his generation Allan I MacInnes Emeritus Professor of History at the University of Strathclyde has been foremost in promoting an international rather than insular approach to the study of Scotland In a distinguished career he has written extensively on the Scottish Highlands the British revolutions the formation of the United Kingdom the Jacobite movement and Scottish involvement in the British Empire The chapters collected here reflect the extent of these interests and a commitment to understanding Scotland or indeed other territorial units in an international or global context Covering a period from the sixteenth to the nineteenth century essays examine the complex interaction of the peoples of the British and Irish isles they consider Scottish participation in Britannic and European conflict and they explore Scottish involvement in business networks political unions and maritime empires From intellectual and cultural exchange to political and military upheaval Scotland and the Wider World will be key reading for anyone interested in the antecedents to Scotland's current international standing *Eighteenth Century Scotland* Tom M. Devine, John R. Young, 2022-01-06 This impressive collection of essays is based on a two year seminar series of the Research centre in Scottish History at the University of Strathclyde New and original research as well as historiographical overviews and commentaries illuminate the study of this formative century in the creation of modern Scotland Contributors are leading figures in their fields and the Scottish experience is examined within an international dimension Topics include Scottish modernisation before the Industrial Revolution the Union of 1707 Scotland and British expansion Scottish Jacobitism the Catholic underground Scottish national identity the Scottish Enlightenment urbanisation demographic change Scottish Gaeldom Highland estate management and tenant emigration and Scottish radicalism Contributors Thomas M Devine John R Young Michael Fry Allan I MacInnes James F McMillan Alexander Murdoch Richard J Finlay Jane Rendall Bernard Aspinwall Ian D Whyte Robert E Tyson T C Smout Andrew Mackillop Christopher A Whatley Elaine W McFarland **Scotland and the British Empire** John M. MacKenzie, T. M. Devine, 2017-02-24 The extraordinary influence of Scots in the British Empire has long been recognized As administrators settlers temporary residents professionals plantation owners and as military personnel they were strikingly prominent in North America the Caribbean Australasia South Africa India and colonies in South East Asia and Africa Throughout these regions they brought to bear distinctive Scottish experience as well as particular educational economic cultural and religious influences Moreover the relationship between Scots and the British Empire had a profound effect upon many aspects of

Scottish society This volume of essays written by notable scholars in the field examines the key roles of Scots in central aspects of the Atlantic and imperial economies from the eighteenth to the twentieth centuries in East India Company rule in India migration and the preservation of ethnic identities the environment the army missionary and other religious activities the dispersal of intellectual endeavours and in the production of a distinctive literature rooted in colonial experience Making use of recent innovative research the chapters demonstrate that an understanding of the profoundly interactive relationship between Scotland and the British Empire is vital both for the understanding of the histories of that country and of many territories of the British Empire All scholars and general readers interested in the dispersal of intellectual ideas key professions Protestantism environmental practices and colonial literature as well as more traditional approaches to politics economics and military recruitment will find it an essential addition to the historical literature

Scottish Nationalism and the Idea of Europe Atsuko Ichijo, 2004 Scottish Nationalism and the Idea of Europe offers fresh insights into the pro European dimension of Scottish nationalism and its implications for the UK

The Industrial Revolution in Scotland Christopher A. Whatley, 1997-01-28 A succinct and accessible account of the nature and impact of industrialisation in Scotland

Multicultural Nationalism Asifa M. Hussain, William L. Miller, 2006-07-20 When the focus is on black or Asian minorities Britain is frequently described as a multi cultural state But when the focus is on Scotland England and Wales Britain is also described as a multi national state Yet debates about multiculturalism and nationalism have been held in parallel without sharing even a common vocabulary This book is a pioneering study of how multiculturalism interacts with multinationalism especially within post devolution Scotland It gives equal attention to Scotland s largest visible and invisible minorities ethnic Pakistanis almost all of them Muslim and English immigrants Rising Scottish self consciousness could have posed a challenge both these minorities But in practice potential problems have proved themselves to be solutions integrating rather than alienating In the eyes of the minorities devolution has made Scots at once more proud and less xenophobic Even English immigrants feel devolution has defused tensions calmed frustrations and forced Scots to blame themselves rather than others for their problems Pakistanis have suffered increasing harassment but they attribute that to 9 11 not to devolution And Muslims adopt Scottish identities Scottish attitudes even Scottish nationalism consciously or unconsciously using these as tools of integration The book is based in part on large scale surveys of Pakistani and English minorities within Scotland and of the majority populations in Scotland and England But it is also based on systematic analysis of transcripts of focus group discussions with minorities revealing the variety of opinion within minorities as well as the contrasts between them In particular it presents a unique account of how Scottish Muslims express their feelings in a time of crisis

New Scots Tom M. Devine, 2018-06-21 First ever book length study of Scotland s immigrant communities since 1945 This is the first wide ranging cross disciplinary overview of immigration to Scotland in recent history and its impact on both the newcomers and the host society It examines key themes relating to postwar migration by showcasing the

experiences of many of Scotland's most striking immigrant communities of people arriving from England Poland India Pakistan China the Caribbean and the African continent New Scots also features analysis of asylum seekers and refugees along with Jewish and Roma migrants and includes a chapter on migrant voting patterns during the Independence Referendum of 2014 Framed in chronological thematic and international contexts New Scots offers its readers a penetrating understanding of immigration one of the most crucial issues confronting the United Kingdom today Contributors Eona Bell has held post doctoral positions at the SOAS Food Studies Centre and SOAS China Institute and is working on a book about Hong Kong Chinese families in Scotland Stefano Bonino is the author of Muslims in Scotland The Making of Community in a Post 9 11 World published by Edinburgh University Press in 2016 Christopher J Carman is the Stevenson Professor of Citizenship at the University of Glasgow Enda Delaney is Professor of Modern History at the University of Edinburgh T M Devine is Sir William Fraser Professor of Scottish History and Palaeography Emeritus at the University of Edinburgh Nicholas J Evans is Lecturer in Diaspora History at the University of Hull Ailsa Henderson is Professor of Political Science at the University of Edinburgh Ima Jackson is Lecturer in the School of Health and Life Sciences Rob Johns is Professor of Politics at the University of Essex Angela McCarthy is Professor of Scottish and Irish History and Director of the Centre for Global Migrations at the University of Otago New Zealand James Mitchell is Professor of Public Policy and Co Director of the Academy of Government at the University of Edinburgh Ashli Mullen is a PhD student in Sociology at the University of Glasgow studying the racialisation of Roma in Scotland Teresa Piacentini is Lecturer in Sociology at the University of Glasgow Emilia Pietka Nykaza is Lecturer in Sociology and Social Policy at the University of the West of Scotland

Escaping the Global Village Niamh Hourigan, 2004-01-01 In the face of expanding global media Europe's linguistic minorities have begun to resist the homogenizing forces of television Escaping the Global Village documents and analyzes various campaigns by indigenous minority language advocates throughout Europe for alternative language television services

Scotland, the Caribbean and the Atlantic world, 1750-1820 Douglas Hamilton, 2013-07-19 This is the first book wholly devoted to assessing the array of links between Scotland and the Caribbean in the later eighteenth century It uses a wide range of archival sources to paint a detailed picture of the lives of thousands of Scots who sought fortunes and opportunities as Burns wrote across the Atlantic roar It outlines the range of their occupations as planters merchants slave owners doctors overseers and politicians and shows how Caribbean connections affected Scottish society during the period of improvement The book highlights the Scots reinvention of the system of clanship to structure their social relations in the empire and finds that involvement in the Caribbean also bound Scots and English together in a shared Atlantic imperial enterprise and played a key role in the emergence of the British nation and the Atlantic World

The Scottish Experience in Asia, c.1700 to the Present T. M. Devine, Angela McCarthy, 2016-11-22 This pioneering volume focuses on the scale territorial trajectories impact economic relationships identity and nature of the Scottish Asia connection from the late seventeenth century to the

present It is especially concerned with identifying whether there was a distinctive Scottish experience and if so what effect it had on the East Did Scots bring different skills to Asia and how far did their backgrounds prepare them in different ways Were their networks distinctive compared to other ethnicities What was the pull of Asia for them Did they really punch above their weight as some contemporaries thought or was that just exaggerated rhetoric If there was a distinctive Scottish effect how is that to be explained Nationalism and Self-Government Scott L. Greer,2012-02-01 Scotland and Catalonia both ancient nations with strong nationalisms within larger states are exemplars of the management of ethnic conflict in multinational democracies and of global trends toward regional government Focusing on these two countries Scott L Greer explores why nationalist mobilization arose when it did and why it stopped at autonomy rather than statehood He challenges the notion that national identity or institutional design explains their relative success as stable multinational democracies and argues that the key is their strong regional societies and their regional organizations preferences for autonomy and environmental stability Scotland's Muslims Peter Hopkins,2018-05-31 Re frames the computer animated film as a new genre of contemporary cinema

Getting the books **Scottish Elites** now is not type of inspiring means. You could not abandoned going gone books deposit or library or borrowing from your connections to read them.
