Norfolk the Yare and Waveney walks in North Norfolk and the Coast walks in Central Norfolk and Breckland and walks in West Norfolk and the Fens All routes are easy to moderate and can be done by anyone of reasonable fitness and enjoyed all year round Each route is described step by step illustrated with 1 40K OS map extracts and packed with historical geological and other information about the landscape the route passes through The Fenland region of Norfolk s far west is flat and low lying as are the marshes and waterways of the Broads in the east but between these two extremes there is a great deal of topography going on The county is far more varied than most outsiders imagine with several distinct and unique landscapes As well as Broads and the Fens it has the sandy Brecks rolling farmland ancient woodland meandering rivers and the gorgeous North Norfolk coast with its beaches shingle banks salt marshes and tidal mud flats [A Lake District Miscellany](#) Tom Holman,2010-10-14 Packed with facts figures biographies recipes poems and lists this is an entertaining and informative ramble through the Lake District Discover the area s best fells walks views food and pubs all chosen by people in the know Learn the lingo of Cumbrian sheepdog trials and wrestling and uncover the secrets of cooking sticky toffee pudding and Kendal mint cake The Lake District Miscellany has everything you need to know about this much loved part of the country and a few things you never thought you wanted to know This title is also available as an ebook in either Kindle ePub or PDF editions **More Scrambles in the Lake District** Richard Brian Evans,1990-01-01 Extremely detailed guide books are available for walking and rock climbing in the Lake District so detailed that it appears nothing has been overlooked and no inviolate places remain for the adventurer Yet this is not quite the case There is a very interesting area which is not really rock climbing yet involves the use of the hands on rock and is certainly far removed from normal walking Scrambling is what this book is about Scrambling as a sport is not new The ascent of easy rocks where hands may be used is naturally satisfying and has been enjoyed by mountaineers since the sport began The majority of Alpine peaks involve some scrambling in their ascent by their normal routes The early rock climbers created routes which involved rope scrambling without the numerous aids to safety which climbers use today Many of the Lake District scrambles have been known since Victorian times and many have been used at odd times by generations of climbers In recent years high standard rock climbing has become so specialized that it is a sport far removed from the rock climbing of even twenty or thirty years ago Extremes but it is difficult to know just where to draw the line to know where scrambling becomes rock climbing I consider scrambling to be an ascent of rock where the hands are necessary for progress ascending rock that is not usually difficult or steep enough to warrant the term rock climbing Many of the routes are in exciting places often well removed from the beaten path You can go into a popular area and by combining several scrambles hardly touch a path and rarely see other people at close quarters This is a way of getting back to a wilder Lakeland to enjoy the freedom of rough mountain country A good long scramble with interesting route finding uncluttered with the paraphernalia of modern rock climbing gives a very satisfying way

**Walking the Lake District Fells - Coniston** Mark Richards,2021-02-15 This guide describes ascents of 24 Lake

District fells that can be climbed from Conistone and the Duddon and Eskdale valleys including Conistone Old Man Swirl How Wetherlam and Dow Crag The Conistone Fells much loved for their classic ridges and wide reaching views need little introduction however to the west the less frequented summits of the Birker and Corney Fell massifs offer more great mountain and maritime vistas as well as solitude Unlike other guidebooks which describe a single or limited number of routes to a particular destination the aim of the Walking the Lake District Fells series is to offer all the options These are presented as numbered sections which can be combined to create infinite possibilities from simple ascents to longer ridge routes You ll find the classics and popular routes alongside less traditional alternatives perfect for the wandering spirit The series gives you both the freedom to devise your own routes and the information to make informed decisions thanks to the clear descriptions of the routes terrain hazards interesting features and safe descent paths should the weather close in Also included are a handful of classic ridge routes for longer fell days Mark Richards inimitable text is complemented by HARVEY mapping and the author s own beautiful sketch topos and panoramas Perfect for keen hillwalkers and peak baggers alike and ideal both for pre planning and use on the hill Walking the Lake District Fells is the new incarnation of the Fellranger series which sees the volumes updated and trimmed to a more practical size These true connoisseurs guides are sure to inspire you to get out and explore the beautiful fells of Lakeland For those collecting fell summits a Fellrangers hill list register can be found on the Long Distance Walkers Association website
