Scripture in Context II William W. Hallo, James C. Moyer, Leo G. Perdue, 1983 In the summers of 1978 and 1980 William W. Hallo directed two National Endowment for the Humanities Summer Seminars both of which had the title Biblical History in its Near Eastern Setting. These seminars conducted at Yale University have now resulted in two related collections of essays. This second collection *Scripture in Context II* had its origins in the 1980 seminar. Both seminars investigated in chronological sequence the major phases of ancient Near Eastern history and focused on the history, literary traditions, and religion of ancient Israel within the context of her cultural environs. A major concern was to recognize and explore the implications of the way in which the native biblical and extra-biblical literary traditions rendered account of themselves. The methodology followed in the seminars and the resulting essays is the contextual approach. This approach to the study of biblical history, literature, and religion is concerned not only to discover illuminating and insightful parallels between biblical and extrabiblical sources but also to note and recognize the implications of significant and important differences. Scripture in Context II William W. Hallo, 1983 **Method Matters** David L. Petersen, 2009 The World's Oldest Literature William W. Hallo, 2010 Literature begins at Sumer; we may say. Given that this ancient crossroads of tin and copper produced not only bronze and the entire Bronze Age but also by necessity the first system of record keeping and the technique of writing. Scribal schools served to propagate the new technique and their curriculum grew to create, preserve, and transmit all manner of creative poetry. In a lifetime of research, the author has studied multiple aspects of this most ancient literary oeuvre, including such questions as chronology and bilingualism, as well as contributing fundamental insights into specific genres such as proverbs, letters, prayers, and lamentations. In addition, he has drawn conclusions for the comparative or contextual approach to biblical literature. His studies, widely scattered in diverse publications for nearly fifty years, are here assembled in convenient one-volume format, made more user-friendly by extensive cross-references and indices.

Ugarit-Forschungen 48 (2017) Manfred Dietrich, Wilfried Watson, Nicolas Wyatt, 2019-04-01 **Maternal Grief in the Hebrew Bible** Ekaterina E. Kozlova, 2017-05-26 Setting out from the observation made in the social sciences that maternal grief can at times be a motor of societal change, Ekaterina E. Kozlova demonstrates that a similar mechanism operates also in the biblical world. Kozlova argues that maternal grief is treated as a model or archetype of grief in biblical and Ancient Near Eastern literature. The work considers three narratives and one poem that illustrate the transformative power of maternal grief in the biblical presentation: Gen 21 (Hagar and Ishmael in the desert), 2 Sam 21:1-14 (Rizpah versus King David), 2 Sam 14 (the speech of the Tekoite woman), Jer 31:15-22 (Rachel weeping for her children). Although only one of the texts literally refers to a bereaved mother (2 Sam 21), all four passages draw on the motif of maternal grief and all four stage some form of societal transformation. On Prophets, Warriors, and Kings George J. Brooke, Ariel Feldman, 2016-05-10 While recent decades have seen a plethora of studies exploring the complex processes that shaped biblical books traditionally designated

as Prophets much remains to be done in order to uncover the rich history of their interpretation throughout the ages This collection of essays aims at filling this gap by exploring different aspects of the exegesis of the Former and Latter Prophets in contexts both ancient and modern Jewish and Christian From the inner biblical interpretation of the Prophets to the Dead Sea Scrolls Apocrypha and Pseudepigrapha the New Testament Patristic writings and contemporary rhetoric this volume sheds light on how key figures in those books were read and understood by both ancient and not so ancient readers

Job in the Ancient World Stephen J. Vicchio, 2006-08-01 In this first of a three volume work Vicchio addresses the most ancient Hebrew text of Job in all its complexity with particular emphasis on the problems of evil and suffering But he follows this with the reception history of the text how it was translated read and interpreted in other ancient works the Septuagint apocryphal books early Christian writings Talmud Midrash Dead Sea Scrolls and Peshitta Two appendices detail how Job has been treated in art and architecture and in Western music Volume 1 Job in the Ancient World Volume 2 Job in the Medieval World Volume 3 Job in the Modern World

Ethnicity and Identity in Ancient Israel Kenton L. Sparks, 1998 From the introduction When we speak of ethnicity we bring into view a particular kind of sentiment about group identity wherein groups of individuals view themselves as being alike by virtue of their common ancestry It is something of a truism to point out that ethnicity has played an important role in the history of Judaism both in the postbiblical era and prior to it The reason for this interest is twofold First in virtually every discipline of the humanities there seems to be a general unhappiness with the superficial way that scholars have handled the issues of culture and identity More specifically with respect to ancient Israel recent biblical scholarly activity both literary and historical has raised serious doubts about the supposed origins and antiquity of Israelite ethnicity With this agenda in view Kent Sparks provides a summary of current studies in ethnicity and ethnic identity then moves to a discussion of Israel's ancient Near Eastern context and expressions of ethnic identity in the written remains from surrounding nations Turning next to ancient Israel itself he examines texts generally considered early in Israel's history for information relevant to Israel's ethnic identity Sparks then investigates the witness of the prophets and the historical materials relating to the Judean monarchy and the exilic period looking for expressions of ethnic sentiment His research will likely prove to be the foundation on which future study of the topic will be built

Theology in Conflict Christopher R. Seitz, 2014-05-14 No detailed description available for Theology in Conflict

The Book of Kings and Exilic Identity Nathan Lovell, 2021-02-11 Nathan Lovell proposes that 1 and 2 Kings might be read as a work of written history produced with the explicit purpose of shaping the communal identity of its first readers in the Babylonian exile By drawing on sociological approaches to the role historiography plays in the construction of political identity Lovell argues the book of Kings is intended to reconstruct a sense of Israelite identity in the context of these losses and that the book of Kings moves beyond providing a reason for the exile in Israel's history and beyond even connecting its exilic audience to that history The book recalls the past in order to demonstrate what it means to be Israel in the exilic present and to encourage

hope for the Israelite nation in the future After developing a reading strategy for 1 2 Kings that treats the book as a coherent narrative Lovell examines the construction of Israelite identity within Kings under the headings of covenant nationhood land and rule In each case he suggests that the narrative of the book creates room for a genuine but temporary expression of Israelite identity in exile genuine to show that it remains possible for Israel to be Yahweh's people during the exile but temporary to encourage hope for a future restoration

Sacrifice and Gender in Biblical Law Nicole J. Ruane, 2013-08-06 This book examines the Hebrew Bible's numerous laws about sacrificial procedure to understand the significance of gender in sacrificial rituals and the reasons that gender distinctions are so vital in these acts Gender selection of both victims and participants is an intrinsic aspect of the nature and purpose of each rite affecting its form and function as well as its legitimacy *Sacrifice and Gender in Biblical Law* considers the laws of the firstborn the rite of the red cow laws of slaughter rituals of purification and other offerings It shows that these laws regulate material wealth and contribute to the construction of social roles

The Origins of Biblical Monotheism Mark S. Smith, 2001-08-09 According to the Bible ancient Israel's neighbors worshipped a wide variety of gods In recent years scholars have sought a better understanding of this early polytheistic milieu and its relation to Yahweh the God of Israel Drawing on ancient Ugaritic texts and looking closely at Ugaritic deities Mark Smith examines the meaning of divinity in the ancient near East and considers how this concept applies to Yahweh

Humanities, 1984

The Troubles of Templeless Judah Jill Middlemas, 2005-10-13 The time of the Babylonian captivity is of seminal importance for the formation of the Hebrew Bible as well as for the religious development of Judaism Jill Middlemas challenges conventional notions surrounding this period arguing that too much importance has been placed on the perspective of the Golah community

Perhaps there is Hope' Miriam J. Bier, 2015-04-23 Bier proposes here a strong new understanding of the Book of Lamentations drawing on Bakhtinian ideas of multiple voices to analyse the poetic speaking voices within the text examining their theological perspectives and nuancing the interaction between them Bier scrutinises interpretations of Lamentations distinguishing between exegesis that reads Lamentations as a theodicy in defense of God and those that read it as an anti theodicy in defense of Zion Rather than reductively adopting either of these approaches this book advocates a dialogic approach to Lamentations reading to hear the full polyphony of pain penitence and protest

Genesis, Exodus, Leviticus, Numbers, Deuteronomy Roy Gane, Eugene Carpenter, R. Dennis Cole, Bruce Wells, 2009 This series brings to life the world of the Old Testament through informative entries and full color photos and graphics Here readers find the premier commentary set for connecting with the historical and cultural context of the Old Testament

The Faces of David K. L. Noll, 1997-04-01 This synchronic study of the books of Samuel examines the multifaceted character of David His is a complex tale seemingly designed to explore the human dimension of a traditional motif divine election and rejection Through speeches and actions David is revealed as a man who never quite understands his fate Why has Saul been rejected and why is David not rejected If Saul sinned David sinned boldly The man David through

poetic soliloquies 2 Sam 1 19 27 22 2 51 23 1b 7 explores this question Weep, O Daughter of Zion F. W. Dobbs-Allsopp, 1993 The present study seeks to call attention to a literary genre whose existence in the Hebrew Bible has gone largely unnoticed or at least not fully appreciated The city lament is a genre well known from ancient Mesopotamia The laments that make up this genre vividly depict and mournfully lament the destruction of some of the most important cities in Mesopotamia and their chief shrines Light on the Old Testament from Babel Albert T. Clay, 2007-05-01 In addition to the discussion of the cuneiform inscriptions in these lectures which bear more particularly upon the Old Testament several chapters have been included on life in ancient Babylonia Besides facts published by others these chapters include a presentation of certain discussions of general interest which I have published in a more technical form in the series The Babylonian Expedition of the University of Pennsylvania These chapters however also contain much material that appears for the first time from the Preface
