Shylock Others:

Shylock's Daughter and Other Small Chips from Great Gems of Shakespeare Jules Tasca, 2007 Shylock's Daughter A new take on characters from Shakespeare's *The Merchant of Venice* Shylock's 16 year old daughter has fallen in love with a Catholic boy She's even willing to convert The two find a priest who while at first unwilling to marry them is swayed by the offer of gold that the girl can steal from her father Prince Lear A new take on characters from Shakespeare's *King Lear* The King's three daughters await the birth of another child The king is hoping for a son an heir The girls hope otherwise Their mother dies in childbirth and by the time the King returns home the baby is dead as well The MacDuff Tragedy A new take on characters from Shakespeare's *Macbeth* As Macduff surveys the carnage and the corpses of his dead family they come to life and vent their recriminations against him for his actions It's better to be alive and in sorrow than to be dead Friar Falstaff A new take on one of Shakespeare's most beloved characters Recently dismissed by the king for his dissolute ways Falstaff arrives at the monastery where his only brother is a novice Falstaff has been evicted by his landlady and can't stand living with his mother He tells his brother that their mother desperately wants him to leave the monastery and father children because she's afraid that their line will die out The brother believes Falstaff's story and escapes from the monastery

Early Modern Others Peter C. Herman, 2023-10-25 *Early Modern Others* highlights instances of challenges to misogyny racism atheism and antisemitism in the early modern period Through deeply historicizing early modern literature and looking at its political and social contexts Peter C. Herman explores how early modern authors challenged the biases and prejudices of their age By examining the works of Thomas More William Shakespeare Christopher Marlowe John Fletcher and Philip Massinger amongst others Herman reveals that for every ism in early modern English culture there was an anti-ism pushing back against it The book investigates others in early modern literature through indigenous communities women religion people of color and class This innovative book shows that the early modern period was as complicated and as contradictory as the world today It will offer valuable insight for anyone studying early modern literature and culture as well as social justice and intersectionality

Other Others Steven Shankman, 2011-01-02 In literary and cultural studies today the term the Other appears to have largely lost its moorings in the primacy of the intersubjective encounter focusing rather on the social construction of the Other For Emmanuel Levinas in contrast the Other is precisely that which eludes construction and categorization In a study that ranges from literature of ancient China Greece and Israel to modern Egypt Italy West Africa and America Steven Shankman tests Levinas's ideas by reading literary works from outside the Judeo-Christian orbit for figurations equivalent to Levinas's notion of the Other He also places ethics at the center of intercultural or in his words transcultural comparative literature In contemporary literary and cultural studies it is often assumed that culture has the last word However as Levinas insists and as Shankman argues throughout this book it is ethics that is the presupposition of all Culture that is situated before Culture

Birds and Other Creatures in Renaissance Literature Rebecca Ann

Bach,2017-08-07 This book explores how humans in the Renaissance lived with attended to and considered the minds feelings and sociality of other creatures It examines how Renaissance literature and natural history display an unequal creaturely world all creatures were categorized hierarchically However post Cartesian readings of Shakespeare and other Renaissance literature have misunderstood Renaissance hierarchical creaturely relations including human relations Using critical animal studies work and new materialist theory Bach argues that attending closely to creatures and objects in texts by Shakespeare and other writers exposes this unequal world and the use and abuse of creatures including people The book also adds significantly to animal studies by showing how central bird sociality and voices were to Renaissance human culture with many believing that birds were superior to some humans in song caregiving and companionship Bach shows how Descartes a central figure in the transition to modern ideas about creatures lived isolated from humans and other creatures and denied ancient knowledge about other creatures minds especially bird minds As significantly Bach shows how and why Descartes ideas appealed to human grandiosity Asking how Renaissance categorizations of creatures differ so much from modern classifications and why those modern classifications have shaped so much animal studies work this book offers significant new readings of Shakespeare s and other Renaissance texts It will contribute to a range of fields including Renaissance literature history animal studies new materialism and the environmental humanities **Host Bibliographic**

Record for Boundwith Item Barcode 30112118706032 and Others ,1880 Money, Language, and Thought Marc Shell,1993-09 In Money Language and Thought Marc Shell explores the interactions between linguistic and economic production as they inform discourse from Chretien de Troyes to Heidegger Close readings of works such as the medieval grail legends The Merchant of Venice Goethe s Faust and Poe s The Gold Bug reveal how discourse has responded to the dissociation of symbol from thing characteristic of money and how the development of increasingly symbolic currencies has involved changes in the meaning of meaning Pursuing his investigations into the modern era Shell points out significant internalization of economic form in Kant Hegel and Heidegger He demonstrates how literature and philosophy have been driven to account self critically for a money of the mind that pervades all discourse and concludes the book with a discomfiting thesis about the cultural and political limits of literature and philosophy in the modern world Shakespeare

on Silent Film Robert Hamilton Ball,2013-07-18 In 1899 when film projection was barely three years old Herbert Beerbohm Tree was filmed as King John In his highly entertaining history Robert Hamilton Ball traces in detail the fate of Shakespeare on silent films from Tree s first effort until the establishment of sound in 1929 The silent films brought Shakespeare to a wide public who had never had the chance to see his plays in the theatre And Shakespeare gave the film makers an air of respectability that was badly needed by a medium with a reputation for frivolity This work first published in 1968 brings history to life with excerpts from scenarios from reviews and from contemporary film journals and with reproduction of stills and frames from the films themselves including unusual shots of leading screen actors This is a valuable source book for film

experts enhanced by full notes bibliography and indexes a fresh approach for Shakespeareans and a vivid sketch of a world that has passed for all

Freedom and Dialogue in a Polarized World Sharon Schuman, 2013-12-11 Freedom and Dialogue in a Polarized World argues that our most cherished ideas about freedom being left alone to do as we please or uncovering the truth have failed us They promote the polarized thinking that blights our world Rooted in literature political theory and Mikhail Bakhtin's theories of language this book introduces a new concept dialogic freedom This concept combats polarization by inspiring us to feel freer the better able we are to see from the perspectives of others To say that freedom is dialogic is to apply to it an idea about language If you and I are talking I anticipate from you a response that could be friendly hostile or indifferent and this awareness helps determine what I say If you look bored or give me a blank stare I might not say anything at all In this sense language is dialogic The same can be said of freedom Our decisions take into account the voices of others to which we feel answerable and these voices coauthor our choices In today's polarized world prevailing concepts of freedom as autonomy and enlightenment have encouraged us to take refuge in echo chambers among the like minded Whether the subject is abortion terrorism or gun control these concepts encourage us to shut out the voices of those who dare to disagree We need a new way to think about freedom Freedom and Dialogue in a Polarized World presents riveting moments of choice from Homer's Iliad Dante's Inferno Shakespeare's Merchant of Venice Milton's Paradise Lost Melville's Benito Cereno Dostoevsky's The Brothers Karamazov Kafka's In the Penal Colony and Morrison's Beloved in order to advocate reading for and with dialogic freedom It ends with a practical application to the debate about abortion and an invitation to rethink other polarizing issues For more information please visit <http://dialogicfreedom.weebly.com>

A Biographical Dictionary of Actors, Actresses, Musicians, Dancers, Managers & Other Stage Personnel in London, 1660-1800 Philip H. Highfill, Kalman A. Burnim, Edward A. Langhans, 1973 Those featured in Volume 10 include Margaret Martyr a singer actress and dancer whose conjugal virtues were often impeached according to the July 1792 Theatrical Magazine The Dictionary describes this least constant of lovers as of middling height with a figure well proportioned for breeches parts Her black haired black eyed beauty and clear soprano made her an immediate popular success in merry maids and tuneful minxes the piquant and the pert for a quarter century

Nature's Mirror Thomas Rockwell, 2009-02

Shakespeare and Philosophy Raymond Angelo Belliotti, 2012 This book is an interdisciplinary work that weaves literary interpretation legal theory and philosophical doctrine about sex and love into a coherent mosaic in the context of two of Shakespeare's plays The Merchant of Venice and Measure for Measure In the process the work advances literary interpretations of the plays including character studies of some of the main protagonists The aim is partly theoretical but mostly practical to demonstrate what we can learn about living a robustly meaningful and significant human life by taking Shakespeare's work seriously from contemporary philosophical and legal vantage points Shakespeare does not reveal a tightly defined moral system that he is trying to urge upon his audience Instead Shakespeare challenges his audience to

struggle with moral complexity as they confront conflicting elements surrounding legal and moral issues presented in his work and within the souls of his characters His issues and their conflicts are also ours Much of Shakespeare s work consists of raising weighty questions inextricably connected to the human condition and inviting his audience to ponder possible answers The philosophical lessons about living our lives meaningfully and significantly that we can derive from Shakespeare are simple yet powerful

The Translatability of the Religious Dimension in Shakespeare from Page to Stage, from West to East Jenny Wong,2018-05-29 This interdisciplinary study traverses the disciplines of translation studies hermeneutics theater studies and sociology Under the power turn or political turn in translation studies the omission and untranslatability of religious material are often seen as the product of censorship or self censorship But the theology of each individual translating agent is often neglected as a contributing factor to such untranslatability This book comprehensively traces the hermeneutical process of the translators as readers and the situational process and semiotics of theater translation Together these factors contribute to an image of translated literature that in turn influences the literature s reception While translation theorists influenced by the current sociological turn view social factors as determining translation activities and strategies this volume argues that the translator s or the dramatist s theology and religious values interact with the socio cultural milieu to carve out a unique drama production Often it is the religious values of the translating agents that determine the product rather than social factors Further the translatability of religious discourse should be understood in a broader sense according to the seven dimensions proposed by Ninian Smart rather than merely focusing on untranslatability as a result of semantic and linguistic differences

Shakespeare and Moral Agency Michael D. Bristol,2009-12-10 Shakespeare and Moral Agency presents a collection of new essays by literary scholars and philosophers considering character and action in Shakespeare s plays as heuristic models for the exploration of some salient problems in the field of moral inquiry Together they offer a unified presentation of an emerging orientation in Shakespeare studies drawing on recent work in ethics philosophy of mind and analytic aesthetics to construct a powerful framework for the critical analysis of Shakespeare s works Contributors suggest new possibilities for the interpretation of Shakespearean drama by engaging with the rich body of contemporary work in the field of moral philosophy offering significant insights for literary criticism for pedagogy and also for theatrical performance

Shakespeare's Binding Language John Kerrigan,2016-03-11 This remarkable innovative book explores the significance in Shakespeare s plays of oaths vows contracts pledges and the other utterances and acts by which characters commit themselves to the truth of things past present and to come In early modern England such binding language was everywhere Oaths of office marriage vows legal bonds and casual everyday profanity gave shape and texture to life The proper use of such language and the extent of its power to bind was argued over by lawyers religious writers and satirists and these debates inform literature and drama Shakespeare s Binding Language gives a freshly researched account of these contexts but it is focused on Shakespeare s

plays What motives should we look for when characters asseverate or promise How far is binding language self persuasive or deceptive When is it allowable to break a vow How do oaths and promises structure an audience s expectations Across the sweep of Shakespeare s career from the early histories to the late romances this book opens new perspectives on key dramatic moments and illuminates language and action Each chapter gives an account of a play or group of plays yet the study builds to a sustained investigation of some of the most important systems institutions and controversies in early modern England and of the wiring of Shakespearean dramaturgy Scholarly but accessible and offering startling insights this is a major contribution to Shakespeare studies by one of the leading figures in the field **Shylock's Children** Derek

Penslar,Anthony W. Lee,2001-07 Shylock s children tells the story of Jewish perceptions of this economic difference and of its effects on modern Jewish identity in Europe *The Soul of Things and Other Poems* A. B. Brown,1882 *Critical*

Perspectives on Literature and Culture in the New World Order Washima Che Dan,Jason Sanjeev Ganesan,Noritah Omar,2012-11-15 The fifteen chapters in this volume explore both new and tested theoretical perspectives on literature and culture at large this multiplicity of discourses is a reflection of the implicit discontent in conforming to the New World Order and a contestation against hierarchical relationships between countries which inform the social cultural and political climates of weaker nations With the political and economic hegemony of stronger nations weaker nations run the risk of being dominated or at the very least having their own national identity and sovereignty steeped in ambivalence in the face of a globalised culture This volume hopes to bring together critical views in relation to the construction of cultural studies in the Western framework the application of literary theory in the readings of vernacular literature contestation of the mainstream scientific methodology of cultural evaluation the role of English literature in Asian cultures the application of postcolonial theory in literature literary ethics in relation to Islamic literature as well as the Islamic and Western conceptions of democracy More than half of the articles in this collection centre on Islam as a guiding principle or as a context through which critical perspectives are made on literature and culture in today s globalised world order This inadvertent foregrounding of Islam reflects a continuing dialogue on and with Islam and its significant impact on existing academic discourses founded upon Western style scholarship **SELF-HELP TO I.C.S.E.
